Explanations of Vote.

Supervisor Hayden explained his vote by saying: "I do not want to by my vote interfere with the adoption of these amendments, but I wanted to make a statement to the effect that I shall vote for the amendments with the idea in mind that I do not want to debar the other amendments passing but I am opposed to No. 10 in principle and shall go out on the highways and byways and place an argument on the ballot against No. 10. With that understanding I will vote for the combined amendments."

Supervisor Harrelson explained his vote by saying: "Before I vote I want to reiterate what I said a few moments ago. I will vote for the list approved by the Board in order to secure their being placed on the ballot reserving the right to scrutinize these different amendments and criticize them. I think some have merit but some are there that should not be there."

Leave of Absence.

The following was presented and read by the Clerk:

San Francisco, Cal.,
September 21, 1926.

Traffic Signals.

Bill No. 7758, Ordinance No. —— (New Series), as follows:

Providing for the selection, purchase, location, operation, installation and control of traffic signals and protecting devices for safety zones, pedestrian paths and other places upon the streets of the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whenever public necessity shall require, the Board of Supervisors is hereby authorized to select and purchase the devices, apparatus, markers or other appliances as in its judgment it shall deem best suited for the establishment of signal devices for the purpose of regulating traffic within the City and County of San Francisco and the establishment, protection and control of safety zones and pedestrian paths on the streets of the City and County of San Francisco.

Section 2. The Board of Supervisors is hereby authorized to substitute in place of the signal devices for the regulation of traffic and the markers for safety zones and pedestrian paths that are now or may hereafter be in use, the signal devices and safety zone and pedestrian path markers that said Board of Supervisors may adopt in accordance with Section 1 of this ordinance, and provide for the maintenance of the same.

Section 3. The Board of Supervisors of the City and County of San Francisco is hereby given exclusive authority to designate the streets and place on the streets within the City and County of San Francisco where signal devices, safety zones and pedestrian path markers shall be installed, and it shall be the duty of the said Board of Supervisors to supply such signal devices and the said safety zone and pedestrian path markers in such quantities as shall be needed.

The Police Department of the City and County of San Francisco is hereby given exclusive control and operation of all such signal devices and safety zones and pedestrian paths, as provided by said Board of Supervisors.

Section 4. It shall be the duty of the Department of Electricity of the City and County of San Francisco to disconnect and remove any existing signal devices and in lieu thereof, to connect and install, at the places designated by said Board of Supervisors, such signal devices as are selected by said Board of Supervisors. All signal devices now or that shall hereafter be installed shall be maintained by said Department of Electricity.

Section 5. This ordinance shall take effect immediately.

Communication.

The following was presented and read by the Clerk:

Miami, Florida,
September 22, 1926.

James Rolph, Jr., Mayor of San Francisco, California:

Realizing that you fair city passed through a calamity even more disastrous than our own, as Acting Mayor of the City, I am sure our citizens will be most deeply appreciative of the tender of aid by the citizenry of San Francisco in our hour of distress.

No foodstuffs or medical supplies are needed and there is a sufficient quantity of building materials available to make rehabilitation of homes and business houses possible at an early date. The chief need at this time is donations of cash to care for the needy and destitute and to aid in the work of providing shelter for those whose homes were destroyed. Up to this afternoon the number of dead in the Miami District numbered ninety-two, with the number of injured persons approximately one thousand. Dona-

tions of cash can be made through R. A. Reeder, Chairman of the Committee on Needy and Destitute, care Daily News Tower, or The American Red Cross, Miami.

Thanking yourself and the citizens of San Francisco for this expression of sympathy and aid, I am glad to acknowledge it in behalf of our people.

(Sgd) JAMES H. GILMAN,
Acting Mayor of Miami.

Approval of Wiley Traffic Signal.

The following minority recommendation of the Traffic and Safety Committee by Supervisor Schmidt was taken up:

Resolution No. ——— (New Series), as follows:

Whereas, various traffic signal devices have been installed at various street intersections for the purpose of demonstrating the relative merits of the different systems, and as a result of such demonstrations it appears to the satisfaction of some of the members of this Board that the signal system manufactured by the City and known as the "Wiley System" is best adapted to meet the requirements of our traffic conditions; therefore,

Resolved, That the said Wiley Traffic Signals be given the approval of this Board, such approval to be effective thirty days from the adoption of this resolution; provided, however, that in the meantime a majority of the members of this Board give their individual endorsement to this declaration after an impartial investigation of the various signal systems installed.

Point of Order.

Supervisor Gallagher raised the point of order that Supervisor Schmidt's resolution was out of order inasmuch as there was no report from the committee.

Point of order *sustained.*

Whereupon, Supervisor Schmidt gave notice of his intention, at the next meeting of the Board, to call up and withdraw from the Committee on Traffic and Public Safety his resolution providing for the approval of the Wiley Traffic Signal and he thereupon requested that the resolution be put on next Monday's calendar and made a Special Order of Business for 3 p. m.

City Engineer Recommends Appropriation of $6,000 for Survey for Hetch Hetchy Roadwork.

October 4, 1926.

The Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

Under Section 9, paragraph (p) of the Raker Bill the City is required to build "a road along the southerly slope of Smith's Peak from Hog Ranch past Harden Lake to a junction with the old Tioga road, in Section 4, Township 1 South, Range 21 East, Mount Diablo base and meridian."

The United States Bureau of Roads has survey parties working in the field for the Yosemite National Park authorities for the location and improvement of the Tioga road beyond this proposed junction, and through the Hon. Stephen T. Mather, Director of National Parks, has made a request on this department that the survey for the location of the road from Mather or Hog Ranch to the junction with the old Tioga road be made at this time so that the project can be studied as a whole.

This survey work can most economically and most advantageously be performed by the United States Bureau of Roads, and the location determined upon by the park authorities will have the approval of the Secretary of the Interior, as required under the Raker Act.

I would therefore recommend that your Board make available the sum of $6,000, which is the estimated cost of making the surveys, to be expended for that purpose by the United States Bureau of Roads, as

requested by the Director of National Parks.

This expenditure will be a proper charge against the Hetch Hetchy Operative Fund, being in the nature of a payment of rental to the United States government for the lands in use in connection with the Hetch Hetchy Project.

It is urgent that this appropriation be made available at the earliest possible date, as, in order to complete the work before the snows would interfere, the surveys must be started almost immediately.

Respectfully,

M. M. O'SHAUGHNESSY,
City Engineer.

Referred to Public Utilities Committee.

Appointment of Advisory Bridge Engineer.

Supervisor Shannon presented:

Resolution No. 26275 (New Series), as follows:

Whereas, it is of vital importance that this Board and the people of San Francisco be in possession of the best expert engineering advice obtainable with respect to the location and construction of the proposed bridge across San Francisco Bay; and

Whereas, the public interest demands that no franchise should be granted for the construction and operation of such a bridge until this expert engineering advice has been obtained; therefore be it

Resolved, That the Board of Supervisors hereby authorizes its Special Bridge Committee to retain the services of three bridge engineers of established reputation, not affiliated with any project seeking a franchise from this Board, to study the problem of bridging the bay and to make such investigations and compile such engineering data and information as may be essential to enable this Board and the people of San Francisco to determine the best type and location of a bridge which will serve the interests of the community.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Colman, Deasy, Gallagher, Havenner, Hayden, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch —16.

Absent — Supervisors Harrelson, Kent—2.

Law and Order Demanded.

Supervisor Colman presented the following letter, which was *referred to the Police and Finance Committee*:

"San Francisco, California,
October 4, 1926.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

For the period of over six months San Francisco has been suffering from a breakdown of law and order. Public opinion and the press, irrespective of their attitude upon the controversies out of which this breakdown has grown, have finally crystallized a determination to stop gang assaults made upon unarmed citizens waylaid when they are alone.

One hundred men and women, whose names are appended, comprising the executive, spiritual and professional leadership of San Francisco, voluntarily waited upon the Mayor and voiced their unanimous demand that he vigorously exercise his authority under the law to bring about the immediate cessation of violence and the determined prosecution of the habitual offenders, offering, if necessary, to supplement the forces at his command with disciplined and courageous men who might be selected by him from lists furnished by organizations whose disinterestedness and competency were beyond criticism.

The Mayor declined this offer upon the ground that it could not be legally accomplished under the laws governing the city, but declared to this committee of citizens that he proposed to utilize every force at his command to stamp out violence. He stated, as did the president of the Police Commission and the Chief of Police, that he required the services of additional police officers, as authorized by the Charter of this City. Also, that this complement of men has already been examined and passed under the customary civil service regulations and that he proposed requesting your body to make the necessary appropriations available at once to finance their activities.

Maintenance of law and order is the first requisite of civilized society, the first duty of officials, and a first charge upon the public treasury. We request that those whose definite task is to enforce the law be provided with the necessary personnel and implements to accomplish it, to the end that San Francisco may regain her self-respect and demonstrate to the outside world that it is still a community in which men and women may safely live and work.

Faithfully yours,

During the discussion on the addition of seventy-five policemen to the police force Supervisor Colman in part spoke as follows:

Supervisor Colman: My object is, and I would like to have this appear in the record, that I respectfully request the chairman of the Police Committee, as soon as he possibly can, to give the matter of this communication his careful consideration, and I respectfully call to his attention the importance of the matter referred to in the communication, and I want to further say I consider it a matter of absolutely the greatest importance, and I would like to have that appear in the record, and I urge again, in concluding, that the chairman of the Police Committee give this matter as early a hearing as he possibly can.

Reception to Carl Larsen, Donor of Lands for City Park in Sunset District.

After the transaction of other business, the following proceedings were had in relation to the resolution of appreciation to Carl Gustave Larsen for his gift of two blocks in the Sunset to the City and County of San Francisco for park and playground purposes.

James Rolph, Jr., Mayor, acted as chairman of the meeting.

Supervisor Gallagher: Mr. Mayor, I have just presented to you and placed in your courteous care, Mr. Larsen, a pioneer citizen of San Francisco, who has, within the last week, permitted us to consummate the acceptance of a gift of two blocks of land in the Sunset District, for the future use, in perpetuity, of the people of the City and County of San Francisco. I think, as chairman of the Committee on Education, Parks and Playgrounds, that I need not try to acquaint the members of the Board, nor the citizens present, with Mr. Larsen's career in San Francisco. It is sufficient to say that most of us have

visited his place on Eddy street and have helped him in the building up of that business, which, today finds him independent, but after many, many years of hard work. Mr. Larsen's gift to the City takes a more significant turn when it is realized that, instead of waiting for the call, or instead of waiting for a monument or a statue to be built to him, or instead of being immortalized or commemorated in statue or in a monument of that fixed kind, he has indicated that, during his lifetime he desires to see his fellow citizens and their children enjoy themselves in a park and on grounds dedicated to recreational purposes and to the enjoyment of our people. His example, of course, is one that every citizen can feel encouraged over and his example will probably be followed by many others at whose hands and from whose generosity the City and its citizens will benefit in the future. But when a citizen who has worked very hard all of his life, who has a reputation in the community for straight forward business dealing and straightforward honesty, not only in his dealings with other mercantile firms but also in respect to the people who are his customers or patrons in his place of business; when, after working very hard as Mr. Larsen has worked, and as most of us know that he has worked, he then presents to the City and County land to the value of $200,000 and only specifies that that land shall be held by us, first by the Board of Supervisors, and then transferring it to the Park Commission, and through them making it possible for all of the people of San Francisco to use it, and that the only reservation practically that there is in this gift to the people is that it shall be held forever for the enjoyment of the citizens of the City and County of San Francisco. And it is for that reason, Mr. Mayor, that your Committee on Education, Parks and Playgrounds felt it appropriate and asked this Board to agree to honor Mr. Larsen by having him as our guest here today—as a guest, if you please, of the people of the City and County of San Francisco, for it is in that spirit and in that capacity that Mr. Larsen becomes our guest for the few moments that he will be with us. I was somewhat amused in my attempt to corner Mr. Larsen in his place of business for the last two days, and when he found out that the Board of Supervisors' machine was to call for him he protested very vigorously and said that the street car would be good enough for him. And when I just told him that he automobile would wait until this ceremony was over and take him anywhere he cared to go, he said that I could dismiss the car and that he would go on the street car back to his place of business. He has been a very hard gentleman to get in a position where we can testify to him our gratitude for what he has done. And we are testifying that gratitude on behalf of the whole people. I would ask Mr. Dunnigan, before Mr. Larsen is introduced, to read the resolution presented by the Committee on Education, Parks and Playgrounds. And I will move the adoption of that resolution and ask that it be acted upon by the Board.

(The Clerk reads the resolution.)

Supervisor Gallagher: I would move the adoption of that resolution by the Board by a rising vote.

The Mayor: Would it not be well to just have a word before we accept this resolution?

Supervisor Gallagher: I think so.

The Mayor: May I just respectfully suggest that. Gentlemen of the Board and my fellow citizens and our distinguished, generous donor, Mr. Carl Gustave Larsen: Before that resolution is placed before you for consideration, may I, as Mayor, say a few words on behalf of the City for this generous gift that is given to the City and its people today by Mr. Carl Gustave Larsen. And I hope that, before it is put to the Board that each and every member of the Board who desires to be heard will express himself on what this means and what the generosity of the donor is doing for a great city. Opposite me here, on my right, sits a citizen of San Francisco who came here in the year 1869 and has been in our midst for 57 years. He was born in a small town near Copenhagen, the capital of Denmark, in the year 1844. His mother died when he was but six months old. He arrived in New York in 1867, and he came out to San Francisco to cast his future and his fortunes in the West. He is now and always has been a bachelor, and he is eighty-two years of age, still eligible for matrimony. (Laughter.) He has been one of those farsighted San Franciscans who looked to the future and looked to the old adage of the old pioneers, "Young man, go West; and westward the course of empire takes it way." This bachelor, now in the prime of life, and full of vigor, looks back upon the fifty-seven years that he has spent in San Francisco. He looked to the sand

dunes; he looked to the days when Mayor McCoppin and the Supervisors in those days were fighting as to whether or not the outside lands would become part of San Francisco. He participated in the great political battles of those days, when it took the energy and the ability of the Supervisors and the Mayor of those times to go to Congress and to have granted to the City of San Francisco what are known as the "Outside Lands." And he has seen all these battles because Mayor McCoppin was Mayor when he was a young man, in 1869. And he saw the barren wastes of sand, with the unceasing wash of the ocean driving those small atoms of sand over the outside land. And he saw Mayor McCoppin, in those historic days, fighting against Supervisors and with Supervisors in order that that 1026 acres of land now known as Golden Gate Park should become the property of the citizens. And the campaign issue in those days was that Mayor McCoppin was a dreamer, that the land would never be valuable, and they made a great political issue out of that campaign.

Mr. Larsen, as a young man, fifty-seven years ago, pledged his faith in the future of San Francisco. He took the earnings, small as they were, being frugal and saving, and invested them in the outside lands, after they were deeded to the City of San Francisco by the United States Government through an act of Congres. And year by year he has made his investment, year by year he has seen the central part of San Francisco grow into a great metropolitan area. He has grown up with the times. He has seen the outside lands in the Sunset District and the Richmond District come right into the heart of San Francisco. He has seen a tunnel completed under Stockton street, another under Twin Peaks. He paid $10,800 alone as his assessment on these two blocks of land for the Twin Peaks tunnel. He is seeing the Sunset tunnel go through. And now in the vigor of life, feeling that San Francisco has been good to him, he comes and makes us a present. A generous gift, a deed without any blemishes on it, to the people of San Francisco, for recreational purposes, of two blocks of land between Vicente and Wawona streets, Nineteenth and Twentieth avenues. And we are here this afternoon, as the executive branch of our City, and the legislative branch, and representing all of its people, to accept this gift from this splendid citizen of ours, who became a citizen of San Francisco, foreswore his allegiance to the crown of Denmark, thus becoming a full-fledged San Franciscan, and now in his eighty-second year he comes and makes us this gift. I look around our City, my colleagues, and I see gifts that have been made to the people of this City. Oh, that men, during their lifetimes, and with their pockets and their bank accounts filled with all the worldly goods, could leave a monmument to their memory as this man is leaving a monument to his today. Riches you cannot take with you. You cannot take your wealth away with you in a paper bag. He who stores up his riches cannot tell who will reap them. This fine, distinguished San Franciscan wants to take some of his well-earned investments and give to the people that helped him to make that which he has. I think of the great monument to General M. H. De Young, the De Young Museum in Golden Gate Park. There is recreation for brain matter, recreation in all the arts and the industries and the sciences—a great gift from Michael Henry De Young to the people of San Francisco. I see out yonder in Lincoln Park a great monument to A. B. Spreckels, a gift during his lifetime, the Legion of Honor Palace, a great museum, second to none in all the world. I see the Ignatz Steinhart Aquarium in Golden Gate Park. I see Stow Lake; I see Huntington Lake; I see Huntington Park up on Nob Hill, and I see, over at the great University of California the great gift given by Mrs. Phoebe A. Hearst, one of the most-beloved women of California, and her distinguished son, William Randolph Hearst, to higher education, located in the university grounds of California.

Gifts like these, my colleagues and my fellow citizens, are gifts that we can be proud of. These are monuments. He who gives during his lifetime is the one who gives something that will remain long after he is gone. He who walks away and takes away his goods is soon forgotten, because all in life is not made up of the almighty dollar, but it is made up of what you can do for humanity while you are living. And today, following in the footsteps of these distinguished San Franciscans whom I have mentioned, others, I hope, will come forward, and give us, during their lifetimes, great gifts to the City of San Francisco, much that we need, parks and playgrounds, a new conservatory in Golden Gate Park, other things that will perpetuate

their memories in the years and years to come, in the life of a great city.

We accept from you today, Mr. Carl Gustave Larsen, this generous gift that you give to our people. Your name will forever be inscribed upon the annals of the City of San Francisco. There were three others: Robinson, Wendell and Fritz Ohlson, who laid aside a sum, $40,000 from Robinson, $20,000 from Wendell and $1,000 from Fritz Ohlson, to the memory of his mother, all to be invested in city and county bonds, the interest of which is given, through the Mayor's office, whoever the Mayor may be, to the women and children who are in destitute circumstances. And you today, with these blocks of playground and recreation field, that, as San Francisco grows are going to become more valuable, are giving health and life and contentment to the people in the years to come. The Board of Supervisors, and I with them, join in paying our profound thanks and gratitude to you for this wonderful gift, and the inspiration that a good citizen has inspired in the people of San Francisco. (Applause.)

I forgot to mention to the members of the Board that a few years ago Mr. Larsen presented to this City six acres of land, bounded between Quintara and Pacheco ("Q" and "P") streets, and Twelfth and Thirteenth avenues.

Supervisor Gallagher: I meant to call attention to the fact that this is the second gift of Mr. Larsen, the former gift being eight acres of land on Golden Gate Heights. At this time, your Honor, if the Board is disposed, I would like to permit a pioneer of the Sunset District to say just a word, if it might be said, respecting the citizenship who are not in the official family, relative to this gift of Mr. Larsen. And I would ask the Board to permit the privilege of the floor to Mr. John Kalish, who desires to speak on this subject matter. (Applause.)

Mr. John Kalish: Mr. Mayor, Carl Larsen, Esq., gentlemen of the Board, ladies and gentlemen: I would be recalcitrant in my trust as a resident of the Sunset District, and as a citizen of San Francisco, were I to let this moment go by unnoticed. Mr. Mayor, you touched, in wonderful words, upon the life of Carl G. Larsen in San Francisco. You touched with beautiful words and praise on the latter days of that gentleman. As for myself, I have been in constant intercourse with Mr. Carl Larsen since the days of 1878 down on Eddy street, and, therefore, an acquaintanceship extending nearly fifty years. It has been my pleasure, more or less every day, to call on Mr. Larsen. The people in the Sunset District echo the sentiments expressed by you in reference to the gratitude that Mr. Larsen has within his breast for the magnificent opportunity the people afforded him to acquire the land out there in the Sunset. And in appreciation of that fact he has bestowed two blocks of that land, from Ulloa to Wawona, the two very best lots of land in all of the Sunset District, upon San Francisco. And we people of the Sunset, Mr. Larsen, mindful and grateful for this act of yours, are your children. We look upon you as the foster father, the pioneer. You always have been right in your desires for progress and for the best that is in the Sunset today. When we called on you for you to give to the City and County of San Francisco that piece of property at Eighteenth avenue and Irving street for a public library, and at that time you were not selling or otherwise disposing of your properties, you gladly said that you would give that to the City and County, and they could make the price. And today that monument stands, at that particular corner, in honor of you. When I called upon you to bestow upon the people of the Ocean Side District that wonderful block of land between Forty-fifth and Forty-sixth avenues and Judah and Kirkham streets for a playground, you said to me, "How do you know that I am not going to give to the City and County of San Francisco a piece of land for the children and for the benefit of the people? Let me take care of that." And as time has rolled by, you did give to the City and County of San Francisco, for the benefit of the people, located, as it is, in this integral part of San Francisco known as the Sunset District, a double amount of land, and we people in the Sunset have an everlasting debt of gratitude to you, and we cherish it, and we expect you to be our guests in the Sunset upon every occasion. I take this opportunity and liberty to speak for all the people in the Sunset. I congratulate you and wish you long life. (Applause.)

Supervisor Gallagher: There are two members of the Board who are in the same line of business as

Mr. Larsen, and who might be expected, when they reach the prime of life, as he has done, having become rich in the same business, I say we might expect from them some gift of this kind. I refer to Supervisors Hayden and Colman who, as I say, might well take the example set by Mr. Larsen, and before they pass out, might also remember us with some gift of this kind. I would like to hear from Mr. Hayden or Mr. Colman, or any other member of the Board.

Supervisor Hayden: Mr. Chairman—it is with a great deal of pride, Mr. Mayor and members of the Board, that I take part in this ceremony and offer congratulations to a colleague of mine in the restaurant business. Mr. Larsen is a member of the San Francisco Restaurant Association, along with Supervisor Colman and hundreds of others in the city, an institution that is striving to serve the people of San Francisco with the very best that money can afford. In fact, Mr. Larsen has reached a point of success in the restaurant business, I think, that very few men in that business ever enjoyed, because the restaurant business is almost a public benefaction because the people of this community are served so well, with the very best goods and at the very modest prices, so that the restaurant people are really giving their goods away for the benefit of the hungry mortals of this community. How Mr. Larsen ever succeeded in acquiring such a competency, and reaching the time of his life where he has an estate that runs up into the sixth figure and maybe the seventh figure, I hope, of course, is something that we in the restaurant business marvel at. And ye are proud of it. Supervisor Colman and myself, of course, when we reach the year that he has reached, of eighty-two, we hope that we will be as successful as he is at this time of his life. But we are proud, just the same, Mr. Mayor, we are proud of this gentleman because the good that we do lives after us. And here is a man that has the opportunity to come here and make this munificent gift to the people of San Francisco, and enjoy the appreciation of the Mayor and Board of Supervisors, and the whole people of San Francisco whom we represent. His case is an extraordinary one, Mr. Mayor. He is one of many. As the Mayor has recounted today many gifts by men of means, why it is really surprising how few there are, when you consider the great wealth of the City of San Francisco. The Mayor has referred to a few of them, but he failed to mention Mr. LeBritton who built the home for the poor out on Lake street, between Seventh and Eighth avenues. Like Mr. Larsen, he lived to see that building a going concern, he lived to see those poor people, in the winter of their lives, enjoying the results of his efforts, and he died with that beautiful institution in existence, after it had housed many thousands of people. And he left an endowment to it so that it can go on for all time.

Now, Mr. Larsen is living today to see the people of San Francisco enjoy his beautiful gift. We might also refer to Mr. Fleishhacker, who gave the Fleishhacker Playfield out here near the Beach. Mr. Fleishhacker has the satisfaction of living to see the children enjoy that wonderful recreation ground prepared for the children of San Francisco. And Mr. Adolph Sutro, a former Mayor of this City. He laid out beautiful Sutro Park, always with the idea that the people of San Francisco would one day be the beneficiaries of that park, and we are now in possession of it, Mr. Mayor, and the people are enjoying it. But there we stop. As you say, there are many men in this City, and women, of means, and we hope that they will emulate the example of Mr. Larsen, and give while they live, so that they can enjoy the satisfaction of giving, so that they can enjoy the appreciation of the people of San Francisco, who are the beneficiaries of their munificence.

And, Mr. Mayor, I just happen to have on my desk a little clipping that I have taken from the paper, written by Mr. Alexander Fall, and the title of the article is "My Creed." And I do not know anything that fits this case so beautifully as this does and I am going to take the liberty of reading it.

"Do not keep the alabaster box of your love and tenderness sealed up until your friends are dead. Fill their lives with sweetness, speak approving, cheering words while their ears can hear them, and while their hearts can be thrilled and made happier by them. The kind things you mean to say when they are gone, say before they go; the flowers you mean to send for their coffins, send to brighten and sweeten their homes before they leave them. If my friends have an alabaster box laid away, full of fragrant perfumes

of sympathy and affection, which they intend to break over my dead body, I would rather they would bring them out in the weary and troubled hours, and open them, that I may be cheered by them while I need them. I would rather have a plain coffin, without a flower, a funeral without a wreath, than a life without the sweetnes of love and sympathy. Let us learn to annoint our friends beforehand for their burial. Post mortem kindness does not cheer the burdened spirit; flowers on the coffin cast no fragrance backward over the weary way."

And how beautifully that applies in this instance! Mr. Larsen has the beauty and the fragrance while he can enjoy them; the sweetness of the music that appeals to his ears, and the love and affection and appreciation of the people of San Francisco for his magnificant gift. (Applause.)

Supervisor McSheehy: It would be impossible for me to let this occasion go by without saying a word. I dare say, of all the members of this Board, perhaps I have known Mr. Larsen longer than any other member. As a very, very small boy, right opposite the Tivoli Cafe, on Eddy street, there was a marble yard, and I lived within one block of that cafe. And adjacent to that marble yard was a residence, and in the yard of that home there were two peach trees, and as a small boy many and many a time I crawled over the fence and helped myself to those peaches. Mr. Larsen and his cafe are right across the street from that place. Mr. Gallagher stated that Mr. Larsen is in the same line of business that Mr. Hayden and Mr. Colman are in, but I claim to be in the same line of endeavor that Mr. Larsen followed as a boy and as a young man until finally he became a cafe owner.

Now, Mr. Larsen is rather a unique individual. You will find Mr. Larsen in that cafe every day about noon time. Mr. Larsen has some employees there, one by the name of Pete—I cannot even tell you his last name—but to my knowletdge that man has been employed there for thirty years, if not more. He is a real landmark there. And as I stated here a week ago, we unfortunates who happen to be in political life always find a kind word and a kind hand for Mr. Larsen and his employees. There have been no apologies necessary, and no favors asked, in reference to posting any one of our cards in Mr. Larsen's cafe.

One week ago, when this wonderful gift was presented to the Board, I could not help but think of what a splendid man Mr. Larsen is. Why, Mr. Larsen has not enjoyed any of the real good things in life that a lot of people have, but Mr. Larsen is now enjoying one of the greatest rewards that can ever come to a human being, today, in giving to San Francisco what he has given to us. It means more to him than it does to us, the recipients of this wonderful gift, because the giver finds greater pleasure in giving than the receiver. And today I sort of envy Mr. Larsen, because I feel that in this room today he is by far the happiest man of all, and he should be happy to think of what he is doing for the people of San Francisco, and what this great gift will mean to the people of San Francisco. And I am glad to think that I am here, one of the boys that took pleasure, if you want to call it that, in taking peaches in the home right across the street from Mr. Larsen's cafe. And then to think that I am here today to share in receiving Mr. Larsen's gift on this auspicious occasion.

Now, members of the Board, I really have not the words at my command to thank Mr. Larsen. The Mayor very, very graciously covered the entire subject matter. And he told of the wonderful gifts that the people of San Francisco have been recipients of, but I do not believe anyone ever gave a gift that meant as much to the giver as this particular gift does to Mr. Larsen, because he has struggled so hard, he has gone on so many years, he has denied himself of so many privileges, and today he gives all, everything, almost, he has to the entire people of San Francisco. And, Mr. Larsen, I thank you. (Applause.)

Supervisor Gallagher: I am ready to move the adoption of the resolution, but before I do so, Mrs. Hubbard, representing the Dahlia Society, desires to present to Mr. Larsen, with the compliments of that society, a magnificent bouquet of dahlias, which are grown, I understand, in great profusion in the Sunset District. Will your Honor permit Mrs. Hubbard to present Mr. Larsen with the dahlias?

(Mrs. Hubbard presents Mr. Larsen with a bouquet of dahlias.)

Mrs. Hubbard: Mr. Mayor, Honorable members of the Board of Supervisors, and fellow citizens: Two years ago I was writing the history of San Francisco for the San Francisco Bulletin, and when I asked who is the man who knew most about the Sunset District, I was

directed to Carl Larsen. I interviewed Carl Larsen and was most delighted at what he had to say. I found that he was indeed the father of the Sunset District, and in his enthusiasm and his trust in the future and in his belief in its great possibilities. Inasmuch as the dahlia is the very bloom of the Sunset District, the district that has made San Francisco the center of the dahlia culture of the world, it may be well to say that, if Carl Larsen is the father of the Sunset District, he is the grandfather of the dahlia culture of San Francisco. And, on behalf of all of his grandchildren, however quiet they may be, I would like to present a few of them to Mr. Larsen. On behalf of the Dahlia Society of California, who, by the way, today are petitioning your Honorable Board to establish the dahlia as the official flower of San Francisco, and surely no more auspicious time could be had for that purpose, I present these dahlias to you, Mr. Larsen. (Applause.)

The Mayor: If this is the appropriate time for the making of gifts to Mr. Larsen, I wish that I had in my hand a magic wand or Aladdin's lamp, or that I had some possible way of making him happy on this occasion, and if I had that magic wand, or if I had that Aladdin's lamp here today, I would ask him to give me the permission, and accept from me a bride that I would choose for him. He is a batchelor, in his eighty-second year. I would choose a bride for him that would give unto him all those tender caresses, all those choice bits of happiness in life, give unto him all those wonderful things that come to married men. I would present him with a bride because I could pick one out, and I know there are thousands and thousands or them available. I have one over here right now. I would present to him someone who would take him for a trip around the world, I would present to him someone who would give those happinesses in life that Mr. McSheehy says he has been lacking; I would give him a real helpmate. one who would grow the dahlias in his backyard for him, one who would make him live another eighty-two years, one who would be a kind, comfortable, loving, devoted, charming, sweet personaltiy. Take him out for a dance once in a while, take him down to our wonderful cafes and hotels, to get some meals outside of the Tivoli Cafe, instead of having some one run up, as Mr. McSheehy says he does, and ask him to give me "Ham and" or "Sunny side up". That is the magic wand that I would swing today, to give him a wife, because I am for the women. I want to tell you a man cannot get along without the women. That is what my gift would be to you today, Mr. Larsen, before we now accept your wonderful gift. You are a batchelor. My gracious! I would rather be a married man for eighty-two years than be a batchelor for eighty-two years. What is the pleasure of the Board?

Supervisor Gallagher: I move the adoption of the resolution.

Supervisor McSheehy: I second the motion.

The Mayor: Call the roll and respond by a standing vote.

(Roll call and standing vote.)

Supervisor Badaracco: Aye.
Supervisor Colman: Aye.
Supervisor Deasy: Aye.
Supervisor Gallagher: Aye.
Supervisor Harrelson: Aye.
Supervisor Havenner: Aye.
Supervisor Hayden: Aye.
Supervisor Marks: Aye.
Supervisor McSheehy: Aye.
Supervisor Powers: Aye.
Supervisor Roncovieri: Aye.
Supervisor Schmidt: Aye.
Supervisor Shannon: Aye.
Supervisor Stanton: Aye.
Supervisor Todd: Aye.
Supervisor Welch: Aye.
Supervisor Bath: Absent.
Supervisor Kent: Absent.

The Mayor: The ayes have it and it is unanimously adopted. So ordered.

Supervisor Gallagher: Mr. Mayor, I would like to move you now that the Clerk of the Board be instructed to have transcribed and placed in suitable book form the remarks of all of those who have spoken their welcome and thanks to Mr. Larsen. And perhaps you might induce Mr. Larsen—I have never been able to do it yet myself and I do not know of anybody else—but perhaps you might induce Mr. Larsen to say a few words. If you can do so you will have performed a miracle.

The Mayor: Now, Mr. Larsen, you have heard from the Supervisors and others what they think of this generous gift that you have given to the City. The Board of Supervisors lives on and lives on. The Board of Supervisors is always in session. They and their successors are the custodians of this gift. Won't you please, unprepared as you are for public speaking, just give us the opportunity of hearing you just say a word, with that fine ozone that you have in your lungs from the Sunset District. Just say a word to the Supervisors and your

fellow citizens who are here. Mr. Carl Gustave Larsen.

Mr. Larsen: Honorable Mayor and Board of Supervisors, ladies and gentlemen: I am a little afraid that what I am going to say will not be as pleasant to you as what you have all been saying to me. You know, I have been in business for a great many years and there are thousands of children who have come into my place and I consider them all my own children, and I love children. But my idea is that the children here do not get a fair show. When I was a boy, I went to school until I was fourteen, and I got a school education—as much as I ever needed. Then I began to make furniture and when I was eighteen years of age I could make my own living. Now, what can any boy in this country do when he is eighteen? He goes to school until he is eighteen, and when he is pretty near ready to get married, as his Honor Mayor Rolph wants me to get married now, the poor boy comes around to me perhaps and asks for a job. I say, "What can you do?" "Are you a waiter or are you a cook?" "Oh, I will do anything," and the poor boy cannot do anything. Who is to blame for it? There is too much schooling here. I do not think that a boy should go to school after he is fourteen. A day or two ago a man down at Modesto went to jail for five days because he would not send his boy to school. I tell you a boy should learn to work, instead of going to all these schools where they learn things that do not do them much good. They should have schools where any boy can learn anything that he would like to learn and be a mechanic. If later on he can do better, well and good. Then he can do it by himself the same as I did.

That is about all I want to say. Just bear this in mind: Here I have a clipping—I take twenty copies of each of the daily papers—and here is a clipping from the Examiner yesterday, as to what Mr. Forbes says about the boys. I will give it to the Mayor or the Board of Education so that anybody can read it over. It is just my sentiments. You know a boy, when he is ready for life now, he has not learned anything. Now I have two nephews working for me. They are both about eighteen years of age. I have one boy working on my ranch. He gets $50 a month and his board and room. The other boy he had to go to school half a day. I asked him the other day, "What you learn?" "Well, I learned arithmetic and language." "What kind of language, do you learn?" "English." A boy who has been here all his lifetime. (Laughter.)

Now, Gentlemen and ladies, that is one reason why I give this land. I give another piece up on Golden Gate Heights which is going to be the finest part of this City, and the reason to make life as easy as possible for the children. I hope they will all enjoy it and I know that there is also going to be there a playground for the older people where they can have some enjoyment too, where we can all go and enjoy ourselves. I thank you all. (Applause.)

(At the close of his remarks Mr. Larsen was presented with a large and beautiful bouquet of dahlias grown in the Sunset District.)

Resolution No. 26218 (New Series), as follows:

Providing for the selection, purchase, location, operation, installation and control of traffic signals and protecting devices for safety zones, pedestrian paths and other places upon the streets of the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whenever public necessity shall require, the Board of Supervisors is hereby authorized to select and purchase the devices, apparatus, markers or other appliances as in its judgment it shall deem best suited for the establishment of signal devices for the purpose of regulating traffic within the City and County of San Francisco, and the establishment, protection and control of safety zones and pedestrian paths on the streets of the City and County of San Francisco.

Section 2. The Board of Supervisors is hereby authorized to substitute in place of the signal devices for the regulation of traffic and the markers for safety zones and pedestrian paths that are now or may hereafter be in use, the signal devices and safety zone and pedestrian path markers that said Board of Supervisors may adopt in accordance with Section 1 of this ordinance, and provide for the maintenance of the same.

Section 3. The Police Department of the City and County of San Francisco is hereby given exclusive authority to designate the streets and places on the streets within the City and County of San Francisco where signal devices, safety zones and pedestrian path markers shall be installed, and it shall be the duty of the Board of Supervisors to supply such signal devices and the said safety zone and pedestrian path markers in such quantities as shall be needed.

The Police Department of the City and County of San Francisco is hereby given exclusive control and operation of all such signal devices and safety zones and pedestrian paths as provided by said Board of Supervisors.

Section 4. It shall be the duty of the Department of Electricity of the City and County of San Francisco to disconnect and remove any existing signal devices and in lieu thereof to connect and install, at the places designated by said Police Department, such signal devices as are selected by said Board of Supervisors. All signal devices now or that shall hereafter be installed shall be maintained by said Department of Electricity.

Resolved, That the sum of $900 be and the same is hereby set aside and appropriated out of School Con-

struction Fund, Bond Issue 1923, and authorized in payment to Helen O'Connor; being payment for lands on the easterly line of Twenty-fourth avenue, commencing 100 feet northerly from the northerly line of Rivera street, running thence northerly along the easterly line of Twenty-fourth avenue 25 feet; thence at a right angle easterly 120 feet; thence at a right angle southerly 25 feet; thence at a right angle westerly 120 feet; as per acceptance of offer by Resolution No. 25732 (New Series); and required for school purposes.

Appropriation, $25,000, for Relief of Sufferers in Florida Disaster.

Also, Resolution No. —— (New Series), as follows:

Whereas, the people on the eastern coast of the State of Florida have been visited by a tropical storm and hurricane which has destroyed their cities and their homes and the said people are at the present time in dire want and distress and have made appeal to the people of the United States for aid in the time of their distress; and

Whereas, the City and County of San Francisco has for the fiscal year 1926-1927 levied a tax pursuant to the provisions of Subdivision 33 of Section 4041 of the Political Code of the State of California, the proceeds of said tax to be used for advertising, exploiting and making known the resources of the City and County of San Francisco and for the purpose of inducing immigration to and increasing the trade and commerce of the said City and County; and

Whereas, in the opinion of this Board of Supervisors by no better means can a knowledge of the wealth and the resources of this City and County of San Francisco be so thoroughly broadcast to all the people of the United States, nor can there be attached to it a more desirable name and reputation than that acquired through broad benevolences, particularly such as caring for the people of cities less fortunate than our own in time of distress; and

Whereas, by heeding the appeal of the people of the State of Florida the City and County of San Francisco will in a small way be making return for the generosity of the people of the United States to San Francisco in its disaster of 1906; now, therefore, be it

Resolved, In the carrying out of this expressed purpose there be and there is hereby appropriated from the Publicity and Advertising Fund the sum of twenty-five thousand dollars for the relief of the sufferers in Florida.

Further Resolved, That the said sum of $25,000 is authorized in payment to Thos. F. Boyle, Auditor of the City and County, for the relief of the said sufferers in Florida.

Extension of Water Mains.

On motion of Supervisor Shannon:

Bill No. 7761, Ordinance No. —— (New Series), as follows:

Providing for extensions of water mains and distribution lines of the municipal waterworks in subdivisions or in districts where a system of feeder lines and laterals must be installed to furnish the water service desired; and a method of enabling the party or parties to be served to participate in the initial cost of such installation

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Extensions of mains will be made by the Board of Public Works only on public streets and avenues where pressure conditions permit and where grades of such streets and avenues have been established by law and brought to grade; provided, that the Board of Public Works has a sufficient water supply developed to take on new or additional services without detriment to those already served, and that the following provisions governing such installations shall apply:

Section 2. The Board of Public Works shall specify sizes, character and location of all pipes and appurtenances for new services and shall perform the work of construction.

It is understood that where extensions are to be made from feeder lines already installed in the district the maximum deposit required from the consumer to cover the cost of the extension will be based on the cost of four-inch cast iron pipe.

In subdivisions or in districts where a system of feeder lines and laterals must be installed to furnish the service desired, the applicant or applicants for such service will be required to deposit the estimated cost of the complete system.

Section 3. If the estimated cost for such pipe extension for new service is not in excess of four times the estimated annual revenue therefrom the Board of Public Works will make such installation at its own expense. The Board of Public Works reserves the right to refuse to make any extension at its own expense if it is not satisfied that it will be put to immediate and permanent use.

Section 4. If the estimated cost of such extension for new service is in excess of four times the estimated annual revenue therefrom the Board of Public Works will make the installation, provided the applicant deposits with the Board of Public Works the estimated amount of such cost in excess of four times the estimated immediate annual revenue, adjustment of any difference between the estimated and actual cost to be made at the completion of the installation. The Board of Public Works will thereafter refund to the applicant, until the amount of the deposit has been returned, four times the amount of revenue collected annually from the permanent new consumers attached to this extension; provided, however, that if additional consumers, other than those contemplated in the original application, are connected to such extension, they shall be required, upon demand by the original depositor, to pay to the Board of Public Works their pro rata of the cost of the extension, proportional refund to be made by the Board of Public Works to the original depositor.

(a) The term "estimated immediate annual revenue" is to apply to houses under construction by the applicant at the time of making the application and to houses already occupied and which will be connected to the new extension.

(b) In any case in which the construction of an extension will, in the opinion of the Board of Public Works, work an undue hardship upon it or its existing consumers, or cause the Board of Public Works to enter undesirable territory, and a satisfactory adjustment cannot be made between the Board of Public Works and the applicant, then the matter shall be referred to the Board of Supervisors for determination.

Section 5. When the extension of mains for new services are made under the above rules the necessary active services and meters will be installed at the expense of the Board of Public Works.

Section 6. If request is made by the applicant, additional services will be installed prior to the erection of houses, provided the full cost thereof is deposited by the applicant, and provided that such services will be put to use within a reasonable period of time. Such payments for services are not to be included in the above refunding schedule, as they will only be refunded as the services are put into active and permanent use.

Section 7. This ordinance shall take effect immediately.

Dahlia Chosen as San Francisco's Flower.

Supervisor Kent presented:

Resolution No. 26244 (New Series), as follows:

Whereas, the dahlia has reached it highest perfection in the gardens in and about San Francisco, and because dahlias originated in San Francisco are grown in gardens all over the world; and

Whereas, the dahlia partakes essentially of the character of our beloved city, in birth, breeding and habit, for it was originally Mexican, carried thence to Spain, to France and England in turn, being changed in the process from a simple daisylike wild flower to a cosmopolitan beauty. It has come back to San Francisco like the sophisticated world traveler it is, to find its favorite home here, where it thrives in the cool summers and the moist air of our fog-swept, sandy gardens by the sea;

Whereas, it is an autumn flower, blooming in its greatest profusion when San Francisco's fiesta days are at their best;

Whereas, it is a robust flower, generous and able to thrive in any reasonable soil, so long a' it is not too dry, and has the primitive strength of our pioneer ancestors, together with the gayety and color that no other city nor flower can hope to equal, going, like our artists and poets, to carry color and beauty into far climes, but blooming best in our own gardens out of doors in our cool even climate;

Whereas, in its versatility, its beauty, its infinite variety of color and form it is the very symbol of San Francisco life and of the spirit of her people; therefore, be it

Resolved, That the dahlia be and it is hereby designated the official flower of San Francisco.

Adopted by the following vote:

Blasting Permit.

On motion of Supervisor Welch:

Resolution No. —— (New Series), as follows:

Resolved, That Eaton & Smith are hereby granted permission, revocable at will of the Board of Supervisors, to explode blasts during the construction of Market street extension, from Hattie street to Short street, provided said permittees shall execute and file a good and sufficient bond in the sum of $2,500, as fixed by the Board of Public Works and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided, also, that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this resolution be violated by the said Eaton & Smith, then the privileges and all the rights ac-

cruing thereunder shall immediately become null and void.

The rights granted under this resolution shall be executed within six months, otherwise said permit becomes null and void.

Intention to Change Grades.

Supervisor Welch presented:

Resolution No. 26257 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets at the points hereinafter specified and at the elevations above city base as hereinafter stated, in accordance with Resolution No. 93561 (Second Series) of the Board of Public Works, adopted September 8, 1926, and written recommendation of said Board filed September 14, 1926, to-wit:

Egbert Avenue.

Ingalls street, 9 feet. (The same being the present official grade.)

300 feet westerly from Ingalls street, 10.50 feet.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Dudley Field Malone Congratulates San Francisco on the One Hundred Fiftieth Anniversary of the Founding of the City.

The following telegram was presented by his Honor the Mayor, read by the Clerk and ordered *filed*:

New York, Oct., 10, 1926.

Hon. James Rolph, Mayor, San Francisco, Cal.

You cannot know the thrill of love and pride I feel away off here in celebrating with you and all us citizens the one hundred and fiftieth anniversary of San Francisco. In all my far-flung travels, north and south, at home and abroad, always deep in my heart is the wish and the hope some day to live in San Francisco with its splendid men and women. No city in the world is more cosmopolitan, no people have more of the fine courage and idealism of those before them. Good luck, prosperity and my deep affection to you all.

(Signed)

DUDLEY FIELD MALONE.

Use of Voting Machines and Paper Ballots Cojointly.

The following was presented and read by the Clerk:

Communication, from John J. O'Toole, City Attorney, advising that aside from the question of legality it would be impractical for the Board of Election Commissioners and the Registrar of Voters to arrange for the use of voting machines and paper ballots concurrently in the same polling place to be used respectively at the option of the voter, and stating that he has been advised that the difficulties of last election will be overcome by arrangements now being made for the ensuing election.

Ordered *filed*.

Amendment to Zoning Ordinance, Chestnut and Steiner Streets.

The following was presented and read by the Clerk:

Communication, from Charles Kendrick, acting chairman, City Planning Commission, advising that no application for a change of classification on the southwest corner of Chestnut and Steiner streets has been received by the Planning Commission, and that the bill to that effect now pending before the Board is in violation of Section 10, Ordinance No. 5464.

Ordered *filed*.

Coast Scenic Highway.

Communication, from H. E. Miller, clerk, Santa Cruz County Board of Supervisors, transmitting copy of resolution adopted by said board endorsing proposed Coast Scenic Highway from Eureka to the southern line of California.

Read and *referred to Streets Committee*.

Mayor's and Supervisors' Salaries Increase Endorsed.

Communication, from the San Francisco Municipal Service Association, transmitting copy of resolution adopted by the association endorsing proposed Charter Amend-

ment No. 32, designed to increase the salaries of the Mayor and Board of Supervisors, and pledging the organization to support the measure by every legitimate means.

Read and *referred to Supervisor McSheehy's Special Committee.*

Approval of Contract, Modesto Irrigation District.

The following was presented, read and ordered *spread in the Journal*:

Modesto, California,
October 5, 1926.

Clerk, Board of Supervisors, City and County of San Francisco, City Hall, San Francisco, California.

Dear Sir:

Inclosed please find copy of a resolution and letter sent to the Board of Public Works of the City and County of San Francisco.

Yours truly,
MODESTO IRRIGATION DISTRICT,
By C. S. ABBOTT, Secretary.

October 5, 1926.

Mr. Timothy Reardon, President Board of Public Works, City and County of San Francisco, City Hall, San Francisco, Calif.

Dear Sir:

I am inclosing herewith a certified copy of the action of the Board of Directors of this District in approving the power contract between this District and the City and authorizing it to be signed by its President and Secretary.

Mr. Garrison has suggested Tuesday, October 12th, 1926, as the date for the President and Secretary of the District to go to San Francisco and sign the contract, however, if this date is not agreeable to your Board kindly fix a date and notify us.

Yours truly,
MODESTO IRRIGATION DISTRICT,
By C. S. ABBOTT, Secretary.

Incl.

c/c to Clerk, Board of Supervisors, City and County of San Francisco.

Modesto, California,
October 4, 1926.

To the Honorable Board of Directors of the Modesto Irrigation District.

Gentlemen:

I hereby move the acceptance of the San Francisco power contract, as passed by the Board of Supervisors of San Francisco at their meeting as of September 20th, 1926. This motion also to authorize the signing of said contract by the President and Secretary of our Board.

(Signed) H. H. STURGILL,
Director.

I, C. S. Abbott, Secretary of the Board of Directors of the Modesto Irrigation District, do hereby certify the foregoing to be a full, true and correct copy of a resolution adopted by the Board of Directors of said District, October 4th, 1926.

C. S. ABBOTT,
Secretary.

State Building Trades Council Protests Faulty Conitruction, Edison School Building.

The following was presented and read by the Clerk:

Communication, from the State Building Trades Council, complaining of the alleged faulty concrete construction in the new Edison School building, submitting photographic exhibits thereof and requesting an investigation and report.

Referred to the Public Buildings and Lands Committee.

Upper Noe Valley Playground.

Supervisor Welch presented:

Communication, from Upper Noe Valley Improvement Club, requesting that provision be made for a suitable playground at Noe, Diamond, Twenty-seventh and Twenty-eighth streets.

Referred to the Education, Parks and Playgrounds Committee.

Death of Thos. Keating, Manager of St. Francis Hotel.

Supervisor Shannon called attention to the passing of Thos. Keating, for many years connected with the management of the St. Francis Hotel. He spoke feelingly of the uniform courtesy and kindness that had endeared Mr. Keating to thousands of friends in San Francisco and surrounding cities. Indeed, he said, Mr. Keating was an international character who had won high praise from world travelers who had occasion to know of him and of his engaging qualities in their recurring visits to San Francisco.

Supervisor Shannon therefor moved that it be the sense of the Board of Supervisors that when the Board adjourns it does so out of respect to the memory of Thos. Keating.

Supervisor Gallagher suggested that the sentiments of the Board he put in the form of a resolution and sent to the family of the deceased.

Supervisors Colman and *Deasy* seconded the remarks of Supervisor Shannon with respect to the sterling character of Thos. Keating.

Whereupon, the motion made was *unanimously adopted by a rising vote.*

Telegram, Bridge Hearing.

The following was presented, read by the Clerk and *referred to Special Bridge Committee*:

War Department Telegram.
Washington, October 5, 1926.
J. S. Dunnigan, Clerk Board of Supervisors, San Francisco, Cal.
General Jadwin absent. Will bring your telegram of October 4th to his notice on his return about fourteenth.

DEAKYNE,
Acting Chief of Engineers.

Appropriation, $25,000, for Relief of Sufferers in Florida Disaster.

Resolution No. 26278 (New Series), as follows:

Whereas, the people on the eastern coast of the State of Florida have been visited by a tropical storm and hurricane which has destroyed their cities and their homes and the said people are at the present time in dire want and distress and have made appeal to the people of the United States for aid in the time of their distress; and

Whereas, the City and County of San Francisco has for the fiscal year 1926-1927 levied a tax pursuant to the provisions of Subdivision 33 of Section 4041 of the Political Code of the State of California, the proceeds of said tax to be used for advertising, exploiting and making known the resources of the City and County of San Francisco and for the purpose of inducing immigration to and increasing the trade and commerce of the said City and County; and

Whereas, in the opinion of this Board of Supervisors by no better means can a knowledge of the wealth and the resources of this City and County of San Francisco be so thoroughly broadcast to all the people of the United States, nor can there be attached to it a more desirable name and reputation than that acquired through broad benevolences, particularly such as caring for the people of cities less fortunate than our own in time of distress; and

Whereas, by heeding the appeal of the people of the State of Florida the City and County of San Francisco will in a small way be making return for the generosity of the people of the United States to San Francisco in its disaster of 1906; now, therefore, be it

Resolved, In the carrying out of this expressed purpose there be and there is hereby appropriated from the Publicity and Advertising Fund the sum of twenty-five thousand dollars for the relief of the sufferers in Florida.

Further Resolved, That the said sum of $25,000 is authorized in payment to Thos. F. Boyle, Auditor of the City and County, for the relief of the said sufferers in Florida.

Extension of Water Mains.

Bill No. 7761, Ordinance No. 7274 (New Series), as follows:
Providing for extensions of water mains and distribution lines of the municipal waterworks in subdivisions or in districts where a system of feeder lines and laterals must be installed to furnish the water service desired; and a method of enabling the party or parties to be served to participate in the initial cost of such installation
Be it ordained by the People of

the City and County of San Francisco as follows:

Section 1. Extensions of mains will be made by the Board of Public Works only on public streets and avenues where pressure conditions permit and where grades of such streets and avenues have been established by law and brought to grade; provided, that the Board of Public Works has a sufficient water supply developed to take on new or additional services without detriment to those already served, and that the following provisions governing such installations shall apply:

Section 2. The Board of Public Works shall specify sizes, character and location of all pipes and appurtenances for new services and shall perform the work of construction.

It is understood that where extensions are to be made from feeder lines already installed in the district the maximum deposit required from the consumer to cover the cost of the extension will be based on the cost of four-inch cast iron pipe.

In subdivisions or in districts where a system of feeder lines and laterals must be installed to furnish the service desired, the applicant or applicants for such service will be required to deposit the estimated cost of the complete system.

Section 3. If the estimated cost for such pipe extension for new service is not in excess of four times the estimated annual revenue therefrom the Board of Public Works will make such installation at its own expense. The Board of Public Works reserves the right to refuse to make any extension at its own expense if it is not satisfied that it will be put to immediate and permanent use.

Section 4. If the estimated cost of such extension for new service is in excess of four times the estimated annual revenue therefrom the Board of Public Works will make the installation, provided the applicant deposits with the Board of Public Works the estimated amount of such cost in excess of four times the estimated immediate annual revenue, adjustment of any difference between the estimated and actual cost to be made at the completion of the installation. The Board of Public Works will thereafter refund to the applicant, until the amount of the deposit has been returned, four times the amount of revenue collected annually from the permanent new consumers attached to this extension; provided, however, that if additional consumers, other than those contemplated in the original application, are connected to such extension, they shall be required, upon demand by the original depositor, to pay to the Board of Public Works their pro rata of the cost of the extension, proportional refund to be made by the Board of Public Works to the original depositor.

(a) The term "estimated immediate annual revenue" is to apply to houses under construction by the applicant at the time of making the application and to houses already occupied and which will be connected to the new extension.

(b) In any case in which the construction of an extension will, in the opinion of the Board of Public Works, work an undue hardship upon it or its existing consumers, or cause the Board of Public Works to enter undesirable territory, and a satisfactory adjustment cannot be made between the Board of Public Works and the applicant, then the matter shall be referred to the Board of Supervisors for determination.

Section 5. When the extension of mains for new services are made under the above rules the necessary active services and meters will be installed at the expense of the Board of Public Works.

Section 6. If request is made by the applicant, additional services will be installed prior to the erection of houses, provided the full cost thereof is deposited by the applicant, and provided that such services will be put to use within a reasonable period of time. Such payments for services are not to be included in the above refunding schedule, as they will only be refunded as the services are put into active and permanent use.

Section 7. This ordinance shall take effect immediately.

Ayes—Supervisors Badaracco, Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd, Welch—17.

Amending Zoning Ordinance, Chestnut and Steiner Streets.

Bill No. ——, Ordinance No. —— (New Series), as follows:

Amending Ordinance No. 5464 (New Series), entitled "Regulating and establishing the location of trades, industries and the location of buildings for specific uses and establishing the boundaries for said purposes and providing penalties for the violation of its provisions."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 5464 (New Series), the title of which is above recited, is hereby amended as follows:

That Section 2 of the Use of Property Zone Map, constituting a part of said ordinance, be changed by placing the southwest corner of Chestnut and Steiner streets, for a distance of 206 feet 3 inches on Chestnut street and 137 feet 6 inches on Steiner street, in the Commercial District instead of in the Second Residential District.

Privilege of the Floor.

Lucius Solomons, attorney at law, was granted the privilege of the floor. He declared that he represented every improvement club in Golden Gate Valley and spoke on behalf of the residents of that district and the abutting property owners, and thereupon entered an emphatic protest against the passage of the bill on legal grounds.

Motions.

Supervisor Colman moved reference to the City Planning Commission.

Supervisor Badaracco moved as an amendment rereference to the City Planning Committee.

Supervisor Stanton moved as an amendment to the amendment that the City Attorney's opinion be obtained as to whether or not the Board of Supervisors is acting legally in the premises.

Supervisor Roncovieri moved that

the City Attorney be requested to advise as to whether or not the City Planning Commission has the legal right of its own initiative to recommend a reclassification of any area without giving a hearing to the property owners.

Supervisor Marks suggested that the City Attorney be asked whether or not the City Planning Commission has a right to deny application without hearing.

Supervisor Havenner requested that the City Attorney be asked to advise whether or not this Board can authorize rezoning of any specific piece of property without first having held a hearing in committee of the owners of the particular piece of property and consulting particular property owners and adjacent property owners interested.

Supervisor Stanton's motion with suggestions offered was *adopted* and *referred to City Attorney.*

Investigation of Hog Ranches.

The following matter was *laid over one week and made a Special Order of Business for 3 p. m.*:

Resolution No. ——— (New Series), as follows:

Whereas, it has been called to the attention of the Board of Supervisors that conditions within and surrounding certain slaughterhouses and so-called "hog ranches" in the district commonly called Butchertown, are of such a nature as to require instant investigation and action to safeguard public welfare; and

Whereas, it is of pressing importance to the people of San Francisco that the slaughterhouses and so-called "hog ranches" in this City be conducted in such manner, and the territory surrounding the same be safeguarded and protected to such extent that the men, women and children of this municipality shall be secure in the proper enjoyment of their dwelling places and their health and comfort fully subserved; and

Whereas, the maintenance of conditions which may be deleterious to public health and welfare, if found upon investigation to exist, calls urgently for the intervention of public officials in the enforcement of existing laws and for legislative action if more adequate laws be necessary; now, therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, That the Board of Health be and the same is hereby called upon to make an immediate

and a thorough investigation of the manner of conduct and the health conditions existing in the district commonly known as Butchertown and in the so-called "hog ranches" and to report to the Board of Supervisors without delay the details and results of such investigation, the adequacy or inadequacy of existing legislation respecting supervision, regulation and other necessary health precautions, and the recommendations of said Board of Health, respecting necessary legislative action, if any be required. And be it

Further Resolved, That the assistance and cooperation of all persons, firms and corporations conducting establishments in said district is requested and solicited to the end that such investigation may be thorough and complete, and the results thereof mutually advantageous to the people of San Francisco and the conduct of legitimate industry.

Supervisor Gallagher requested that the Clerk send notices to the Health Officer and the Butchers' Union of the foregoing matter.

Amending License Tax Ordinance.

On motion of Supervisor Schmidt:

Bill No. 7772, Ordinance No. —— (New Series), as follows:

Amending Section 36 of Ordinance No. 5132 (New Series), imposing license taxes.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 36 of Ordinance No. 5132 (New Series), is hereby amended so as to read as follows:

Section 36. Every person, firm or corporation maintaining or conducting any public roller or ice skating rink shall pay therefor a license of ten (10) dollars per day or forty (40) dollars per quarter.

Every person, firm or corporation maintaining or conducting any revolving wheel, chute, toboggan slide or other mechanical contrivance where a fee or sum of money is charged to carry any person thereon, whose total receipts amount to fifteen hundred (1500) dollars or more per quarter shall pay a license of one hundred (100) dollars per quarter. If such total receipts are less than fifteen hundred (1500) dollars per quarter such person, firm or corporation shall pay a license of forty (40) dollars per quarter.

Every person, firm or corporation maintaining or conducting any merry-go-round or swing where a fee or sum of money is charged to carry any person thereon shall pay a license fee of twenty (20) dollars per quarter.

Every person, firm or corporation maintaining or conducting any museum, panarama or cyclorama where an admission fee is charged, or phonograph parlor, or any collection of machines operated for the entertainment or amusement of the public shall pay a license of fifty (50) dollars per quarter.

The Tax Collector shall not issue

a license to any person, firm or corporation to conduct a public roller or ice skating rink, revolving wheel, chutes, tobaggan slide, museum, kinetoscope and phonograph parlor, moving picture exhibition, panorama, cyclorama or any mechanical contrivance used to carry passengers, under the provisions of this section, unless the applicant therefor shall have first obtained from the Board of Police Commissioners a permit to conduct such public roller or ice skating rink, revolving wheel, chutes, toboggan slide, museum, kinetoscope and phonograph parlor, panomara, cyclorama or mechanical contrivance; such permits shall be issued annuallv and may be revoked at any time by the Board of Police Commissioners, and upon the revocation of such permit such license issued thereon shall immediately terminate and expire.

The Board of Police Commissioners shall not issue any permit and the Tax Collector shall not issue any license to any person, firm or corporation to conduct a public roller or ice skating rink, revolving wheel, chutes, toboggan slide, museum, kinetoscope and phonograph parlor, moving picture exhibition, panorama or cyclorama, or any mechanical contrivance used to carry passengers, within a distance of two hundred (200) feet from the front line of any church or school, or within one hundred (100) feet of the property line on the sides or rear of any church, school lot, or children's playground; provided, however, that this restriction shall not apply to buildings already erected or in course of erection, and especially designed to be used for any of the above purposes.

Amending Building Law Relative to Theaters.

On motion of Supervisor Powers:

Bill No. 7773, Ordinance No. —— (New Series), as follows:

Amending Paragraphs Nos. 5, 6 and 7 in Section 175 of Ordinance No. 1008 (New Series), known as the "Building Law," relating to fire protection in theatres.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Paragraphs Nos. 5, 6 and 7 in Section 175 of Ordinance No. 1008 (New Series), known as the "Building Law," are hereby amended to read as follows:

In Section 175:

(Fifth Paragraph.) A proper and sufficient quantity of one and one-half inch cotton, rubber-lined hose, not less than 100 feet, fitted with the regulation couplings of the Fire Department, and with regulation Fire Department shut-off nozzles attached thereto, and with hose spanners at each outlet, shall always be kept attached to each hose attachment, as the Chief Engineer of the Fire Department may direct.

(Sixth Paragraph.) There shall also be kept in readiness for immediate use on the stage at least two casks of water, and two buckets to each cask. The casks and buckets shall be painted red.

(Seventh Paragraph.) There shall also be provided hand-pumps or other portable fire extinguishing apparatus, and at least four axes, and also two 25-foot hooks, two 15-foot hooks and two 10-foot hooks on each tier or floor of the stage.

Section 2. This ordinance shall take effect immediately.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Badaracco, Colman, Deasy, Gallagher, Harrelson, Hayden, Havenner, Kent, Marks, McSheehy, Powers, Schmidt, Stanton, Todd, Welch—15.

Absent—Supervisors Bath, Roncovieri, Shannon—3.

Supervisor Roncovieri excused on account of illness.

Quorum present.

His Honor Mayor Rolph presiding.

APPROVAL OF JOURNALS.

The Journals of Proceedings of the meetings of July 6 and 9, 1926, were considered read and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Rezoning of Chestnut Street.

Communication, from Marina District Improvement Club, endorsing proposed legislation for the rezoning of the south side of Chestnut street for a distance of 206 feet 3 inches on Chestnut street and 137 feet 6 inches on Steiner street, and placing same in the Commercial District instead of the Second Residential District.

Subject matter *over four weeks.*

Carpenters' Protest Against Discriminatory Use of Spur Track Privileges.

Communication, from Bay Counties District Council of Carpenters, calling attention to alleged fact that certain people operating spur tracks in San Francisco are discriminating against some 30,000 citizens represented by the Bay Counties Council in the matter of handling building material.

Referred to Streets and Commercial Development Committee.

Communication, from Building Trades Council, endorsing resolutions adopted by the Bay Counties District Council of Carpenters, advising that resolutions relative to the carpenters' protest against discriminatory use of spur track privileges in the matter of hauling building materials to the detriment of the Carpenters' Unions, and stating that said resolutions have received the approval of the Building Trades Council of San Francisco and urging that the Board of Supervisors grant relief prayed for.

Referred to Streets and Commercial Development Committee.

Communication, from the San Francisco Labor Council, transmitting resolution presented in said organization in behalf of the Building Trades Council of Carpenters relative to discriminatory use of spur track privileges to the detriment of organized labor, and stating that said resolutions were endorsed by unanimous vote, and urging upon the Board of Supervisors their earnest consideration of same and favorable action thereon.

Referred to Streets and Commercial Development Committee.

Special Session of Legislature—Boulder Dam.

Supervisor Havenner presented:

Resolution No. ——— (New Series), as follows:

Whereas, the people of California have recently been surprised and mystified by the action of their outgoing Governor in calling a special session of the State Legislature for the ostensible purpose of taking immediate action upon the proposal to dam the waters of the Colorado River; and

Whereas, this proposed project is now pending before the Congress of the United States, and no request for such hasty action by the State Legislature has been made by any representative of California in the Congress, nor have the people of Southern California, who are most directly interested in the development of the Colorado River project,

made any appeal to the Governor, either direct or indirect, for such hasty action; and

Whereas, United States Senator Hiram W. Johnson and Representative Phil D. Swing, co-authors of the so-called Boulder Canyon Bill, now pending before Congress, for the development of the Colorado River project, have publicly announced that the action proposed by the Governor would be premature and might adversely affect the primary objects and ultimate success of the project; and

Whereas, the leaders of the movement in Southern California for the development of this project have acquiesced in the views expressed by Senator Johnson and Congressman Swing, and have indicated a belief that the real purpose of the Governor in calling this special session of the Legislature is to defeat the purposes of the Boulder Canyon Bill; and

Whereas, the ultimate completion of this project is of vital importance to the entire State of California because it proposes providing irrigation for hundreds of thousands of acres of land now barren, and cheap electricity for thousands of citizens of many communities in the southern section of the State; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco deplore the action of the Governor in calling this special session of the Legislature just prior to his departure from office as an unnecessary expense upon the taxpayers of California and a palpable political move to discredit and adversely affect the great constructive project now under consideration by Congress; and be it

Further Resolved, That we, the Board of Supervisors, urge the members of the Legislature representing San Francisco to exercise the utmost caution in casting their votes upon any proposal which may be submitted by our defeated Governor to the special session of the Legislature, to the end that nothing may be done which will embarrass the authors of the Bouldar Canyon Bill in Congress or endanger the ultimate success of that measure; and be it

Further Resolved, That copies of this resolution be sent to his Excellency, the Governor, to his Excellency, the Lieutenant-Governor, to United States Senator Hiram W. Johnson and Representative Phil D. Swing, and to each Senator and Assemblyman representing San Francisco in the State Legislature.

As other members of the Board thought the matter of such great importance that it should be carefully studied before being acted upon, and Supervisor Colman particularly stressed the fact that in his opinion the Board, as representing the people of San Francisco, had no right to criticize the Governor, the resolution was *referred to the Public Utilities Committee.*

Motion.

Supervisor Havenner moved suspension of the rules and adoption of the resolution.

Motion to suspend rules *refused passage* by the following vote:

Ayes — Supervisors Badaracco, Deasy, Havenner, Kent, Marks, McSheehy, Powers, Schmidt, Stanton, Todd, Welch—11.

Noes—Supervisors Colman, Gallagher, Harrelson, Hayden—4.

Absent—Supervisors Bath, Roncovieri, Shannon—3.

Referred.

Whereupon, on motion of Supervisor Havenner, the foregoing resolution was ordered *referred to the Public Utilities Committee.*

Request for Seventy-five Additional Police Officers.

Communication, from Theodore J. Roche, president of the Police Commission, stating that as a result of mature reflection the Police Commission has reached the conclusion that it is essential that the uniformed force of the Police Department be augmented, and requesting the Board of Supervisors to make an appropriation which will enable it to appoint approximately 75 additional patrolmen.

Referred to the Police and Finance Committees jointly.

Proposed New Charter.

Communication, from the Grand Jury, advising that at a meeting of the Grand Jury held on October 14, 1926, a resolution was adopted to the effect that the present City Charter has been outgrown, and suggesting that the Mayor and the Board of Supervisors take immediate steps for the drawing up and adoption of a new Charter.

Referred to the Judiciary Committee.

Constitutional Amendment No. 8, State Highways.

Communication, from Automobile Club of Southern California, calling attention to the merits of Constitutional Amendment No. 8 and requesting the support of the Board of Supervisors in having it favorably voted upon in this section of the State.

Ordered *filed.*

Letter of Thanks, Dahlia Society.

Communication, from the Dahlia Society of California, extending its thanks to the members of the Board of Supervisors for the adoption of the resolution of the Dahlia Society making the dahlia the offical flower of San Francisco.

Read and ordered *filed*.

Lighting Geary Street.

Communication, from the Geary Street Merchants' Association, inviting attendance at a meeting of said association to be held on October 19, 1926, at 8:30 p. m., in the Knights of Columbus Hall, Eighteenth avenue and Geary street, in the matter of proposed consideration of the improvement of street lighting on Geary street.

Referred to the Lighting Committee.

Geary Street Lighting.

Ralph Hogan was granted the privilege of the floor. He declared that he represented the Geary Street Merchants' Association, who had made a request of the Board that the additional lighting of Geary street, now being paid for by the merchants and property owners, be taken over and paid for by the City.

The representative of the association stated that the association has been paying for the lights for the past three years; that their contract expires on November 1 and unless the City will pay for the lights, Geary street, in the Park-Presidio District, will be in darkness.

Supervisor Stanton stated that the Lighting Committee has for some time been considering a uniform system of lighting for the City; that the City Attorney is to draft a suitable ordinance which will be presented to the Board soon. There will probably be two propositions, he said, presented for consideration, one of which would provide for an equal distribution of lights and the other would give the business districts super-lighting, the difference to be paid for by the property owners. When the matter is ready for presentation, he said, the improvement clubs and any other interested parties will have an opportunity to be heard.

In the meantime, Supervisor Stanton said, the additional lighting of Geary street will be taken care of by the Committee.

Motion.

Supervisor Gallagher moved that the Lighting Committee give Geary street merchants a hearing and report in two weeks.

Amendment.

Supervisor Stanton, seconded by Supervisor Schmidt, moved as an amendment that the Committee report as soon as possible.

Amendment *accepted.*

Federal Reapportionment Plan.

Communication, from Federal Plan Reapportionment Committee, requesting the assistance of the Board of Supervisors in its campaign for adoption of the Federal plan of reapportionment. Said measure is No. 28 on the November ballot.

Referred to the Judiciary Committee.

Mayor's and Supervisors' Salary Increase Endorsed.

Communication, from Mission Street Merchants' Association, advising that at its meeting held on October 12th the proposed Charter amendment increasing the salaries of the Mayor and the Board of Supervisors were discussed and favorably acted upon.

Read and ordered *filed.* Copies to the press.

PRESENTATION OF PROPOSALS.

Counterpanes, Sheets and Pillow Cases for Relief Home.

Sealed proposals were received by the Board of Supervisors and opened at the hour of 3 p. m. this day for furnishing counterpanes, sheets and pillow cases for the Relief Home and *referred to Supplies Committee.*

Printing Proposal Blanks.

Sealed proposals were received by the Board of Supervisors and opened at the hour of 3 p. m. this day for furnishing printing proposal blanks that may be ordered from time to time during the term commencing at date and ending June 30, 1927, and *referred to Supplies Committee.*

Queen Marie of Rumania.

Mayor Rolph announced that Queen Marie had been invited to be present in San Francisco on Armistice Day and would probably be here from November 6th to 11th.

He was authorized to appoint a committee of citizens to arrange for appropriate reception and entertainment of the queen.

Wiley Signals.

Supervisor Schmidt gave notice that at the meeting of the Board on Monday next he would recall from the Traffic Committee the resolution which he introduced which would adopt the Wiley traffic signal as the type of signal to be installed by the City.

Investigation of Conditions at Butchertown and Hog Ranches.

The following matter, heretofore presented by Supervisor Marks, laid over one week, and thereafter referred to the Health Committee, and returned by said Committee with favorable consideration, was *laid over and made a Special Order of Business for* 3:30 *p. m. Monday, October* 25, 1926.

Resolution No. —— (New Series), as follows:

Whereas, it has been called to the attention of the Board of Supervisors that conditions within and surrounding certain slaughterhouses and so-called "hog ranches" in the district commonly called Butchertown, are of such a nature as to require instant investigation and action to safeguard public welfare; and

Whereas, it is of pressing importance to the people of San Francisco that the slaughterhouses and so-called "hog ranches" in this city be conducted in such manner, and the territory surrounding the same be safeguarded and protected to such extent, that the men, women and children of this municipality shall be secure in the proper enjoyment of their dwelling places and their health and comfort fully subserved; and

Whereas, the maintenance of conditions which may be deleterious to public health and welfare, if found upon investigation to exist, calls urgently for the intervention of public officials in the enforcement of existing laws and for legislative action if more adequate laws be necessary; now, therefore, be it

Resolved by the Board of Supervisors of the City and County of San Francisco, That the Board of Health be and the same is hereby called upon to make an immediate and a thorough investigation of the manner of conduct and the health conditions existing in the district commonly known as Butchertown and in the so-called "hog ranches" and to report to the Board of Supervisors without delay the details and results of such investigation, the adequacy or inadequacy of existing legislation respecting supervision, regulation and other necessary health precautions, and the recommendations of said Board of Health, respecting necessary legislative action, if any be required; and be it

Further Resolved, That the assistance and cooperation of all persons, firms and corporations, conducting establishments in said district, is requested and solicited to the end that such investigation may be thorough and complete, and the results thereof mutually advantageous to the people of San Francisco and the conduct of legitimate industry.

Clerk was directed to notify the Health officer and other interested parties of the hearing on above matter.

Completion of State Highway System.

Resolution No. 26328 (New Series), as follows:

Whereas, completion of the State Highway system is vital to the continued development and prosperity of every section of California; and

Whereas, State funds for new highway construction are exhausted while the State Highway system stands less than half completed with many districts and communities suffering from lack of proper traffic arteries; and

Whereas, there are two propositions on the November ballot dealing with highway financing; one of these being Initiative Measure No. 4, the one-cent gasoline tax, an equitable "pay-as-you-go" plan, insuring the completion of the highway system, and the other being Initiative Measure No. 8, an inadequate sectional scheme linking a legislative appropriation with an arbitrary division of the State into highway districts and an unfair sectional allocation of funds; and

Whereas, confusion is likely to be created in the minds of the voters due to the appearance of two highway financing measures on the ballot and the designation of Proposition No. 8 as "State Highways"; and

Whereas, the decision of the electorate on these measures will affect the progress of California, its commerce, agriculture, tourist attractions and reputation as a good roads state for years to come; and

Whereas, No. 8, initiated by certain selfish Los Angeles interests, mandates the Legislature to appropriate $5,000,000 annually for twelve years from the State Treasury without providing a source of revenue, which would mean an increase in the present State taxes or the levying of a State ad valorem tax against all property in the State; and

Whereas, Initiative Measure No. 4 would leave undisturbed the present highly satisfactory method of administering highway affairs while No. 8 would deprive the Legislature and the California Highway Commission of their proper functions by writing into the State Constitution complicated and untried methods of classifying roads, dividing funds and administering highway affairs that are arbitrary, sectional and extremely dangerous and which could not be changed to meet unforeseen conditions without another vote of the people; and

Whereas, No. 8, after adding four roads of approximately 100 miles in length, would "freeze" the State Highway system into its present form, making it almost prohibitive to add new roads irrespective of future traffic needs and unforeseen requirements; and

Whereas, No. 8 would prevent continued expenditure of maintenance and reconstruction funds in accordance with the physical needs of our highways and traffic requirements; and

Whereas, No. 8 is extremely dangerous and un-American in that it destroys State unity through creation of two highway and voting districts—a "Northern" and a "Southern" California; and

Whereas, the most competent estimates obtainable show that the amount of money appropriated by No. 8 would be less than one-half the amount required to complete the highway system in 12 years, while No. 4, the one-cent gasoline tax, would provide ample funds to complete the system on an adequate basis within 12 years; and

Whereas, the gasoline tax is in reality an investment, returning to the motorist dividends many times greater by reducing car operating expenses; and

Whereas, No. 8 goes even so far as to provide that in the event the gasoline tax carries, the funds raised thereby, or any funds made available for new construction, shall be expended according to the unfair sectional provisions of Proposition No. 8; and

Whereas, these matters were given careful consideration at the convention of the County Supervisors' Association of California, held in San Diego last March and the vote was unanimous to support the one-cent gasoline tax proposition, which is now on the ballot in the form of Initiative Measure No. 4. Therefore, be it

Resolved, That the Board of Su-

pervisors of San Francisco County, in regular session on this 18th day of October, 1926, does hereby urge the electorate of this county to unanimously vote *no* on Initiative Measure No. 8, to the end that this proposition will be so overwhelmingly defeated that such an unfair and dangerous scheme shall not again be placed before the voters of the State for adoption; and be it

Further Resolved, That the electorate be urged to vote *yes* on Initiative Measure No. 4, in order that California's State Highway development may continue under sound financial principles and on a proper and adequate basis; and be it

Further Resolved, That the Clerk of this Board be instructed to forward copies of this resolution to the newspapers of this county and to the Good Roads-Gas Tax Campaign Committee at 150 Van Ness avenue, San Francisco, California, and at Room 424 Subway-Terminal Building, 417 South Hill street, Los Angeles, California.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Stanton, Todd, Welch—15.

Absent—Supervisors Bath, Roncovieri, Shannon—3.

Roads in Presidio.

Supervisor Welch presented:

Resolution No. 26329 (New Series), as follows:

Whereas, the streets and roads within the Government Military Reservation, known as The Presidio, are in a deporable condition and in contrast to those of the City connecting therewith and excite unfavorable comment from the visitors who travel over them; therefore,

Resolved, That the attention of the governmental authorities having jurisdiction over the reservation be called to this matter with a request for cooperation with City officials for the improvement of these highways; also,

Resolved, That the City Engineer be requested to take up this matter with the Commanding Officer of The Presidio and secure an estimate of the cost of improving the said highways to meet public requirements.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Colman. Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Stanton, Todd, Welch—15.

Absent—Supervisors Bath, Roncovieri, Shannon—3.

Proposed Charter Amendment No. 36 Opposed.

Whereupon, on motion of Supervisor Hayden, seconded by Supervisor Badaracco, the following resolution was *adopted*:

Resolution No. 26330 (New Series), as follows:

Whereas, proposed amendment to the Charter to be designated No. 36 on the ballot, as approved by the Board of Supervisors, was unobjectionable and did not adversely affect the Civil Service standing of any employees of the City now protected by the Civil Service provisions of the Charter; but

Whereas, in the transmittal of said proposed amendment from the Clerk of the Supervisors to the Registrar of Voters, several errors crept in, which would jeopardize the Civil Service standing of approximately 375 employees of the City; and

Whereas, the Board of Supervisors is opposed to any break-down in the Civil Service system of San Francisco; now, therefore, it is hereby

Resolved, That the voters of San Francisco be and they hereby are advised to vote *no* on said proposed Amendment 36.

Ayes — Supervisors Badaracco, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Stanton, Todd, Welch—15.

Absent—Supervisors Bath, Roncovieri, Shannon—3.

Privilege of the Floor.

Grover O'Connor, representing Civil Service employees, asked that the Board go on record against proposed Charter Amendment blanketing into civil service certain employees of the Playground Commission on the ground that through error in proposed amendment 300 employees of the School Department and others heretofore under civil service would be deprived of their civil service standing.

Miss Dempsey, representing the employees of the School Department was also heard in opposition to the proposed amendment.

Passed for Printing.

The following resolution was *passed for printing*:

Mayor Recommends Additional Police.

Mayor's Office, San Francisco,
October 25, 1926.

Honorable Board of Supervisors,
City and County of San Francisco, City Hall, San Francisco.

Gentlemen:

The lawlessness that has appeared in San Francisco demands the immediate enlargement of its police force.

San Francisco owes every citizen protection of life, limb and property. This the citizens of San Francisco are not receiving.

Based upon an estimated population of 700,000 people (less than San Francisco actually has), the charter authorizes the appointment of 215 additional police officers. The addition of 75 police officers now demanded by the Police Department, coupled with an enlarged motor service that will enable policemen to properly patrol extensive territory, will effectively carry out the municipality's duty to its citizens.

I am asking for these additional

police officers for the general protection of the whole community and the enforcement of law and order.

It is my duty as Mayor to see that the Police Department leaves nothing undone to wipe out the criminal conditions now prevailing. This I shall do. But to make my order effective the Police Department must be forthwith enlarged. It must be made sufficient in order to be efficient.

The present criminal conditions are a disgrace to San Francisco. You have it within your power to relieve these shocking conditions and at the same time remove the resultant stigma from the fair name of our City, by adding to the power of the police this necessary number of men.

With this augmented force I can assure you that the Police Department will be able to suppress lawlessness and protect the lives and rights of all our people.

Yours very respectfully,
(Signed)
JAMES ROLPH, JR.,
Mayor.

Referred to Finance and Police Committee Jointly Meeting October 29, 1926, 2 p. m.

Mr. Piggott, Head of Melbourne Detective Bureau, Visits San Francisco.

The Mayor introduced Mr. Piggott, head of the detective bureau of Melbourne, Australia, who is making a tour of the larger cities of the United States, and en route to Scotland Yard, to make a study of methods of taking care of the criminal situation.

Mr. Piggott said: "In our continent the burning question today is crime. I know by the methods your police force has that they are endeavoring to do the best they can and to be clean. I feel sure that you have the right material in the Police Department and that you have the public back of them."

Report of Health Officer on Conditions in Butchertown.

Supervisor Hayden presented the following, which was ordered *spread in the Journal*:

City and County of San Francisco,
Department of Public Health.
September 20, 1926.

To the Board of Health.

Gentlemen: The recent agitation concerning the insanitary conditions in and about the Butchers' Reservation that has resulted from hearings held by the Health Committee of the Board of Supervisors and of the Board of Supervisors as a body concerning the disposal of garbage of San Francisco, are matters that have long occupied the attention of your Honorable Board and did, so far as our records go, as far back as 1908. At different times since that period up to date consideration has been given the various questions involved, prominent among which were:

1. The abatement of violation of the law in the matter of feeding and raising of hogs in the Butchers' Reservation.
2. The providing of proper sewerage and drainage for abattoirs.
3. The pollution of the shore line of this reservation.

Following the adoption of the meat ordinance in 1910 the matter of sanitation of the abattoirs received consideration and all plants engaged in the slaughter of food animals were brought up to a standard to comply with the provisions of this meat ordinance and were issued abattoir permits and specific numbers to be used in the branding of animals killed in the respective plants.

There is no question in the whole controversy concerning their sanitary status or the fitness for use for the purposes intended. All food animals slaughtered are under the strict supervision of the Meat Inspection Division of your Board and all food products stamped and passed by our inspectors are fit and wholesome for public consumption.

On many occasions, however, there have been complaints concerning the dumping of wastage, consisting of waste waters and the contents of stomachs and intestines of slaughtered animals, into the waters of the Bay, and on various occasions recommendations have been made to establish sewers in order to relieve this condition. With the paving and sewering of Evans avenue a considerable relief was afforded to the district, but there still remain a number of plants, including soap works, abattoirs, reduction plants and fertilizer works, which, by reason of a lack of sewer facilities, cannot drain into the sewer, but must allow their wastage to enter the Bay, and for this there can be no relief until certain streets are filled in, brought to grade and main sewers established, making it possible for these plants to have side-sewer connections.

The chief nuisance, however, in my judgment at this time exists in the so-called hog-raising plants, which are being maintained in violation of Ordinance 1410, of which the following is a list:

1288 Davidson street,
301 Lane street,
300 Lane street,
1106 Davidson street,
1290 Evans avenue,
1202 and 1206 Evans avenue,
Northwest corner of Custer avenue and Mendell street,
Davidson street near Custer avenue,
Davidson street in rear of 1320 Evans avenue,
842 Davidson street,
812 Davidson street,
800 Davidson street.

All of these plants are maintained in violation of the Building Laws and all other laws of hygiene and sanitation in our present code. Refuse, swill and animal matter not consumed by hogs on the premises, together with manure discharges and other wastage, are indiscriminately dumped on the shore lands of the Bay, creating a foul-smelling and noisome nuisance in addition to establishing an ideal harbor for the breeding, feeding and propagating of rats.

The subject has been so thoroughly investigated and studies by the various members of the Board that further description of the insanitary conditions is unnecessary. The remedy to be applied must have in mind not only the abatement of the obvious violations of the law and the nuisances that exist, but must give consideration to the permanent reconstruction of the entire area so that development may progress with other sections of the Potrero District and not be retarded by the polluted mud flats exposed on low tide that would remain even if the hog-raising establishments were removed and new sewers placed in streets so that they would afford drainage for existing plants.

It is, therefore, recommended that the plan under consideration by the State Harbor Commission be hastened to an early completion, which is to have a bulkhead from the outlet of the channel along what would be Arthur avenue, if extended, to where it would intersect Custer avenue. This would be along a line of deep water. All lands within that bulkhead should then be filled in with silt and sand pumped from the Bay. The City should extend its streets, beginning with Third, to Custer avenue to meet this shore line bulkhead and such lands as might remain unfilled the City should require the owners to properly fill in.

With the City and State cooperating in such a plan a wonderful commercial district would be created in which abattoirs and other industries permitted in the heavy commercial zone could be carried on without detriment to other industries.

Pending, however, such a solution of the problem, would earnestly recommend to your Honorable Board:

1. That all hog-raising establishments in the district be condemned and ordered vacated and that all buildings in the district that do not comply with the building laws be ordered demolished and surface area cleared of all refuse and debris.

2. That the present needs of the existing plans without sewer connections might be relieved by a recommendation to the Board of Supervisors to grade and sewer Davidson street for its entire length. This would make it possible for the abattoirs, soap works and various fertilizer and reduction plants to connect to the street sewer and avoid dumping the wastage into the waters and shore line of the Bay.

By the accomplishment of these two recommendations one of our greatest rat harbors would be eradicated and the bringing about of better sanitary conditions would be possible until such time as this entire area could be properly filled in and treated in the manner previously referred to.

Respectfully submitted,

WM. C. HASSLER,
Health Officer.

October 25, 1926—Filed by Supervisor Hayden, with request to spread in Journal.

September 16, 1926.

The following cases set for hearing in condemnation proceedings were called:

Jennings street, Custer avenue, Ingalls street and Davidson avenue.
300 Lane street, corner Davidson avenue.
301 Lane street, corner Davidson avenue.
Mendell street near Custer avenue.
Northwest corner Custer avenue and Mendell street.
Davidson avenue in rear of 1520 Evans avenue.
800 Davidson avenue.
842 Davidson avenue.
1106 Davidson street, corner of Lane street.
1288 Davidson avenue.
1202-6 Evans avenue.
1290 Evans avenue.
812 Davidson street.

Edward F. Moran, attorney, stated that he was representing all of the defendants in the cases above enumerated. He had received a copy

of a complaint of the health officer in one of these cases only a day or two ago. Most of the men whom he represents do not understand what must be done, and he has not had an opportunity to discuss the matter with some of them.

Mr. Moran requested that all of these hearings be postponed for a reasonable time until he has had an opportunity to communicate with his clients and to figure out what they would do if this Board takes action before they could make arrangements for transferring the hogs to other quarters. Many of the defendants have contracts with restaurants, hotels, and the like for removal of swill that run until January 2, 1927, and if they do not fulfill these contracts they are likely to be subjected to heavy damages.

These hog ranches have been in the vicinity for many years and there does not seem to be any imminent menace to public health by continuing them for a short time. These defendants have their entire fortunes invested in this enterprise and should be given a fair opportunity to get adjusted to new conditions that no doubt will be imposed.

At this point President Klimm asked Mr. Moran if he was willing to waive the reading of the complaints in these cases, and Mr. Moran replied in the affirmative and said that everything required by ordinance in the way of procedure had been followed in these cases.

Mr. Barendt requested to be informed as to what Mr. Moran proposes to do in the interim, provided the extension of time requested by him until January 2, 1927, be granted, stating that he was in favor of a continuance but some program of work should be carried out in the meantime so that when the expiration of such time is reached, the nuisance will have been fully abated.

Mr. Barendt further stated he was not in favor of simply postponing the matter and letting it drop entirely in the meantime urging some progressive plan of procedure to be followed, and this could be accomplished by getting together with Mr. Moran and agreeing upon some method of procedure which will eradicate the existing insanitary conditions.

Mr. Moran assured the board that he would be pleased to cooperate with the health officer and the board as the representative of these various defendants.

President Klimm suggested that a roll call of the defendants represented by Mr. Moran be taken, but the latter stated that he would submit a written list of those he represents which can be checked against the names now listed in these cases. This arrangement was deemed satisfactory to all concerned.

J. B. Coryell of Menlo Park, California, property owner in the district under discussion, stated to the Board that he was a property owner in the district affected and was the mouthpiece of other property owners in the district. He admitted that it would not be quite fair to take summary action against the hog ranches and order the vacation of their premises immediately, but urged that a definite understanding be reached that would result in the complete elimination of the existing nuisances by the second of January, 1927.

Mr. Moran stated that while he is aware of the fact that the State Legislature of 1868 had set aside the butchers' reservation for a specific purpose, that he realized that the offending hog ranches are only allowed to be maintained under sufferance in so far as raising hogs is concerned.

Mr. Arnstein stated that there seems to be no doubt but that we should have to grant a reasonable time to Mr. Moran in order to consult with his clients and familiarize himself with conditions, but did think after a fairly reasonable time had been given for this purpose that some progress should be made toward clearing up the entire district by January 3, 1927.

Mr. Barendt then stated that in his opinion there is one point on which the board is unanimous and that is that the hog ranch nuisance must be abated, that the one particular issue that is to be stressed is that these people are raising hogs. The butchers' reservation was never intended for raising cattle, sheep or hogs. It was simply to be a place where cattle should be loaded, unloaded and held preliminary for slaughter. Therefore, this problem should be considered immediately with the idea that the whole matter become one of progressive action so when January 3, 1927, arrives the City will be relieved of the conditions complained of.

Mr. Barendt offered the following motion:

That a period of time, which will expire January 3, 1927, be granted the various defendants named in the several complaints to vacate all of the premises now occupied by them as hog ranches. This continuance being granted with the understanding that all parties concerned

will immediately proceed to make arrangements to comply with the requirements of the Board so that all of the nuisances mentioned shall be completely abated by said January 3, 1927, and to this end Mr. Moran, as the representative of these people, is to confer with the health officer so that this plan may be carried into effect within the next three and a half months.

Duly seconded.

The health officer stated that in his opinion the request for delay of time would be properly in order and that all parties concerned should understand the terms of these proceedings.

Mr. Barendt, addressing all of the lessees and owners present, impressed upon them the necessity of fixing in their minds that they must be out of the various plants or ranches by January 3, 1927.

President Klimm stated also to the same group that this board is determined that hog raising in San Francisco shall be discontinued and the setting of the date, January 3, 1927, did not mean that they would be given until that time to consider the matter, but they should proceed at once to adjust themselves to the conditions imposed.

President called for a vote on motion as put by Mr. Barendt and all members voted affirmatively. Same declared duly carried.

Report of Airport Committee.

The following was presented, read and *referred to the Committee of the Whole*:

San Francisco,
October 25, 1926.

To the Board of Supervisors, City and County of San Francisco.

Gentlemen:

Your joint committee appointed to consider the matter of securing a municipal airport for this City has to report that we have held numerous hearings at which several proposed sites were brought to our attention as suitable for this purpose.

We have had reports from the Chamber of Commerce and other civic bodies setting forth the requisites for a proper landing place for air craft and have listened to statements of those qualified to express an opinion on this subject. We have also obtained certain options and estimates of cost and maps showing the various locations in detail.

At a meeting of the committee held this morning the following action was taken:

That the committee express its preference for site No. Two, located at South San Francisco, and described in the proposition of the South San Francisco Chamber of Commerce and the South San Francisco Land and Improvement Company; that the Finance Committee of this Board be recommended to arrange for its purchase.

On the above motion the vote was:

Supervisors Welch, Gallagher and Shannon—Aye.

Supervisor Todd—No.

And Supervisors Kent and Havenner excused from voting for the reason that they are members of the Finance Committee.

Respectfully submitted,

RICHARD J. WELCH.
WARREN SHANNON.
ANDREW J. GALLAGHER,
Chairman.

Statement of Supervisors Hayden, Colman and Harrelson on Proposed Charter Amendment No. 37.

The following was presented by Supervisor Hayden and ordered *spread in the Journal*:

Vote "no" on Amendment 37. Keep the Police, Fire, Civil Service and School Departments out of petty politics.

Charter Amendment No. 37 is a bald and tricky attempt to give to the Board of Supervisors powers which do not belong to the Board and which the framers of the Charter of the City and County of San Francisco never intended that the Supervisors should have. If adopted, it will throw all administrative departments of the City Government into the political arena and make them the object of attack, through the Board of Supervisors, of every group of citizens who can influence six votes on the Board, because six Supervisors can bring any appointive official to trial on any charge they may desire to make.

The amendment provides that all the Mayor's appointments to Commissions must have the ratification of the Board of Supervisors. This would take away from the Mayor his authority, but would not reduce, one iota, his great responsibility to the people of San Francisco.

The amendment would create a condition of dual authority as between the Mayor, who is, under the Charter, responsible for the operation and conduct of the several departments controlled by the Boards and Commissions appointed by him, and the Board of Supervisors. Not only could the Supervisors penalize departments, through appropriations, but they could, in addition, place all the Boards and Commissions in a position where each of their acts must be considered in the light of its possible reaction politically on the Board of Supervisors.

Under Charter Amendment No. 37 the Supervisors could remove every member of the Mayor's office staff or even refuse to confirm the appointment by the Mayor of his own private secretary.

The citizens elect a Mayor and give him comprehensive powers of generally supervising the conduct of affairs in the various municipal departments, to the end that his administration may be properly and effectively conducted. If any department fails in performing its functions properly, the Mayor has the full responsibility. And if the Mayor fails to supervise properly the various departments, the people can, through the recall, remove the Mayor himself.

This procedure has been in effect for twenty-six (26) years and at no time has it proved unsatisfactory except to some group unable to secure their selfish ends—frequently ill-advised or illegitimate—through the pressure which they have attempted to bring to bear on appointed municipal officials.

It is now proposed by Charter Amendment No. 37 to alter this condition and to revert to a plan of municipal organization that has been universally condemned and which has proven a failure wherever it has been tried.

Should this amendment become operative, municipal departments, such as the Police, Fire, Health, School and, above all, Civil Service departments, would immediately become footballs whose every act would necessarily have to be determined by whether or not it would be possible for those urging a particular line of action to secure six members of the Board of Supervisors who will be willing to drag into a public trial the members of some commission whose acts had not met with the approbation of some particular group.

Should this situation prevail and members of Commissions be subjected to political whims and political scheming, it would be practically impossible to secure the acceptance of appointive office by any decent citizen.

The experience of the undersigned on the Board of Supervisors has demonstrated to us time and time again that it is a comparatively simple matter for any group who may pretend to have political influence to secure the sympathetic ear of at least six Supervisors—all that are required under Amendment 37 to bring any appointive official of the City to trial.

If the Mayor, whoever he might be in the future, is to be held responsible for the acts of those officials whom he appoints, this responsibility cannot and must not be divided. Charter Amendment No. 37 means chaos in our City Government, it means a return to the old "spoils system", it means a lowering of efficiency and the advent of a type of political wire-pulling that will work against this City's best interests.

We are confident that the voters of this City do not wish to see the Police, Fire and Health Departments, and the Board of Education, now among the most efficient in the United States, made subservient to politics. We are sure that the voters do not wish to cripple the Civil Service Commission, which has staunchly stood between municipal employees and their arbitrary removal from employment.

If you, the voters, desire to see maintained the high standard of achievement which these and the other departments of the City Government have always stood for, and if you want to see San Francisco go ahead with its present high development, vote "NO" on Charter Amendment No. 37—the most reactionary and dangerous amendment that has been submitted to the people in a quarter of a century.

Vote "NO" on Amendment 37.

Keep our municipal departments clean and kill the spoils system which this amendment attempts to establish.

Kindly note facsimile of Amendment 37 on paper ballots and voting machines.

Amending License Tax Ordinance.

Bill No. 7772, Ordinance No. 7285 (New Series), as follows:

Amending Section 36 of Ordinance No. 5132 (New Series), imposing license taxes.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 36 of Ordinance No. 5132 (New Series), is hereby amended so as to read as follows:

Section 36. Every person, firm or corporation maintaining or conducting any public roller or ice skating rink shall pay therefor a license of ten (10) dollars per day or forty (40) dollars per quarter.

Every person, firm or corporation maintaining or conducting any revolving wheel, chute, toboggan slide or other mechanical contrivance where a fee or sum of money is charged to carry any person thereon, whose total receipts amount to fifteen hundred (1500) dollars or more per quarter shall pay a license of one hundred (100) dollars per quarter. If such total receipts are less than fifteen hundred (1500) dollars per quarter such person, firm or corporation shall pay a license of forty (40) dollars per quarter.

Every person, firm or corporation maintaining or conducting any merry-go-round or swing where a fee or sum of money is charged to carry any person thereon shall pay a license fee of twenty (20) dollars per quarter.

Every person, firm or corporation maintaining or conducting any museum, panarama or cyclorama where an admission fee is charged, or phonograph parlor, or any collection of machines operated for the entertainment or amusement of the public shall pay a license of fifty (50) dollars per quarter.

The Tax Collector shall not issue a license to any person, firm or corporation to conduct a public roller or ice skating rink, revolving wheel, chutes, tobaggan slide, museum, kinetoscope and phonograph parlor, moving picture exhibition, panorama, cyclorama or any mechanical contrivance used to carry passengers, under the provisions of this section, unless the applicant therefor shall have first obtained from the Board of Police Commissioners a permit to conduct such public roller or ice skating rink, revolving wheel, chutes, toboggan slide, museum, kinetoscope and phonograph parlor, panomara, cyclorama or mechanical contrivance; such permits shall be issued annually and may be revoked at any time by the Board of Police Commissioners, and upon the revocation of such permit such license issued thereon shall immediately terminate and expire.

The Board of Police Commissioners shall not issue any permit and the Tax Collector shall not issue any license to any person, firm or corporation to conduct a public roller or ice skating rink, revolving wheel, chutes, toboggan slide, museum, kinetoscope and phonograph parlor, moving picture exhibition, panorama or cyclorama, or any mechanical contrivance used to carry passengers, within a distance of two hundred (200) feet from the front line of any church or school, or within one hundred (100) feet of the property line on the sides or rear of any church, school lot, or children's playground; provided, however, that this restriction shall not apply to buildings already erected or in course of erection, and especially designed to be used for any of the above purposes.

Investigation of Conditions in Butchertown.

Supervisor Marks presented:

Resolution No. 26352 (New Series), as follows:

Whereas, it has been called to the attention of the Board of Supervisors that conditions in the district surrounding the so-called "hog ranches" are of such a nature as to require instant investigation and action to safeguard public welfare; and

Whereas, it is of pressing importance to the people of San Francisco that the "hog ranches" in this City be conducted in such manner, and the territory surrounding the same be safeguarded and protected to such extent that the men, women and children of this municipality shall be secure in the proper enjoyment of their dwelling places and their health and comfort fully subserved; and

Whereas, the maintenance of conditions which may be deleterious to public health and welfare, if found upon investigation to exist, calls urgently for the intervention of public officials in the enforcement of existing laws and for legislative action if more adequate laws be necessary; now, therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, That the Board of Health be and the same is hereby called upon to make an immediate and a thorough investigation of the manner of conduct and the health conditions in the district surrounding and in the so-called "hog ranches" and to report to the Board of Supervisors without delay the details and results of such investigation, the adequacy or inadequacy of existing legislation respecting supervision, regulation and other necessary health precautions, and the recommendations of said Board of Health respecting necessary legislative action, if any be required; and be it

Further Resolved, That the assistance and cooperation of all persons, firms and corporations conducting establishments in said district is requested and solicited to the end that such investigation may be thorough and complete, and the results

thereof mutually advantageous to the people of San Francisco and the conduct of legitimate industry.

Amending Traffic Ordinance Relative to Arterial Streets.

On motion of Supervisor Todd:

Bill No. 7785, Ordinance No. —— (New Series), as follows:

Amending Section 18-A of Ordinance No. 1857 (New Series), regulating moving traffic of the public streets, relating to arterial streets.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 18-A of Ordinance No. 1857 (New Series) is hereby amended so as to read as follows:

Section 18-A. (a) An arterial street is hereby defined to be a main street connecting a central business district of the City with its environs, over which there is a large volume of moving traffic and which, by reason of its location, invites an unusual number of vehicles to use its facilities.

(b) Fell street between Market and Baker street and Fulton street between Van Ness avenue and Stanyan street, Bush and Pine streets between Divisadero street and Presidio avenue, Geary street between Presidio and Forty-third avenues, Mission street between the Embarcadero and the County line, Valencia street between Market and Mission streets, Nineteenth avenue from Lincoln way to Sloat boulevard, Twenty-fourth avenue from Geary street to Fulton street, Twenty-fourth street from Dolores street to Hoffman avenue, Post street between Mason street and Presidio avenue, and Lombard street between Van Ness avenue and Lyon street, are hereby declared to be arterial streets as defined in paragraph (a).

(c) Fell street between Baker street and Stanyan street, Bay street between Van Ness avenue and Laguna street, and Francisco street between Van Ness avenue and Laguna street are hereby declared to be open public boulevards.

(d) No heavy traffic shall be allowed to pass upon and along a street declared to be an open public boulevard, and the words "heavy traffic" herein used shall be held to include all trucks and all wagons and other vehicles employed in carrying goods, merchandise, hay, coal, lumber, building material, sand, manure, oil or other articles of commerce, but shall not be held to include vehicles carrying goods for retail delivery to persons residing upon said boulevard. All vehicles shall be permitted to travel upon said boulevard for a distance of less than one block when carrying goods to be delivered at a point within the block so traveled.

(e) No permit shall be issued for the moving of any houses upon and along a street declared to be an open public boulevard except as may be necessary to cross same at intersections.

(f) It shall be unlawful for any driver or operator of any vehicle or motorman of any street car to cross an arterial street or a street declared to be an open public boulevard from an intersecting street unless such vehicle or street car shall have been brought to a full stop before entering the intersection of such arterial street or open public boulevard unless otherwise directed by a police officer or by any signal device showing or indicating "Stop or Go" or any other device or sign that shall be authorized installed and put in use and operation by the Police Department of said City and County.

The following resolution, heretofore presented by Supervisor Havenner and recommended by Public Utilities Committee, was *laid over one week*:

Resolution No. ——— (New Series), as follows:

Resolved, That the Board of Supervisors of the City and County of San Francisco deplores the action of the Governor in calling a special session of the Legislature just prior to his departure from office as an unnecessary expense upon the taxpayers of California, and a palpable political move to discredit and adversely affect the great constructive project now under consideration by Congress, relative to the proposal to dam the waters of the Colorado River.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Unfavorable Advertising.

Supervisor Kent presented:

Resolution No. 26363 (New Series), as follows:

Whereas, it has come to our attention that considerable propaganda has been broadcast to the detriment of San Francisco relative to the recent earthquakes; therefore, be it

Resolved, That the Publicity and Welfare Committee be directed to meet and draft advertising literature concerning San Francisco as to its true physical condition, together with an estimate of cost to spread this information, both items to be reported back to this Board with dispatch for consideration.

Adopted by the following vote:

Ayes—Supervisors Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Shannon, Stanton, Todd, Welch—16.

Absent—Supervisors Badaracco, Roncovieri—2.

Letter of Sympathy to Captain Henry Gleason.

Supervisor Hayden moved that a letter be sent Captain Henry Gleason expressing the sympathy of the Board of Supervisors during his present illness and with the hope that he will soon recover and again be on the job directing the traffic of San Francisco.

Carried.

Section 2. This ordinance to take effect immediately.

Music Contracts.

Supervisor Havenner presented:

Resolution No. 26366 (New Series), as follows:

Resolved, That the Board of Supervisors upon the recommendation of the Auditorium Committee authorizes his Honor the Mayor to enter into contracts with the following named persons and associations

for musical entertainments to be held in the Auditorium as hereinafter set forth:

1. With the Musical Association of San Francisco for the services of the San Francisco Symphony Orchestra for the performance of Handel's Oratorio, "The Messiah", on such date during the month of December, 1926, as may hereafter be agreed upon between the said Musical Association of San Francisco and the Auditorium Committee of the Board of Supervisors, the said Musical Association of San Francisco to be paid for said production the sum of three thousand one hundred and twenty-five ($3,125) dollars.

2. With the Musical Association of San Francisco for a series of five concerts to be given by the San Francisco Symphony Orchestra under the direction of Alfred Hertz, on the following dates, to-wit: November 16, 1926; December 3, 1926; January 25, 1927; February 15, 1927, and March 8, 1927; the said Musical Association of San Francisco to be paid the sum of two thousand ($2,000) dollars for each of said concerts.

3. With Cecelia Hansen, or her representative, to appear as a soloist at one of the said concerts to be given pursuant to the provisions of paragraph two hereof, and that said Cecelia Hansen, or her representative, be paid the sum of eight hundred ($800) dollars for her services as such soloist at said concert.

4. With Florence Anstral, or her representative, to appear as a soloist at one of the said concerts to be given pursuant to the provisions of paragraph two hereof, and that said Florence Anstral, or her representative, be paid the sum of one thousand ($1,000) dollars for her services as such soloist at said concert.

5. With Alfred Cortot, or his representative, to appear as a soloist at one of the said concerts to be given pursuant to the provisions of paragraph two hereof, and that said Alfred Cortot, or his representative, be paid the sum of twelve hundred and fifty ($1,250) dollars for his services as such soloist at said concert.

6. With Guy Maier and Lee Pattison, or their representatives, to appear as soloists at one of the concerts to be given pursuant to the provisions of paragraph two hereof, and that said Guy Maier and Lee Pattison, or their representatives, be paid the sum of twelve hundred ($1,200) dollars for their services as soloists at said concert.

7. With Yehudi Menuhin, or his representative, to appear as a soloist at one of the said concerts to be given pursuant to the provisions of paragraph two hereof, and that said Yehudi Menuhin, or his representative, be paid the sum of twelve hundred and fifty-one ($1,251) dollars for his services as such soloist at said concert.

That the said sums be paid said association and said individuals upon the conclusion of the respective concert performances. Be it

Further Resolved, That the Mayor of the City and County of San Francisco be and he is hereby authorized, empowered and directed to execute for and on behalf of the City and County the necessary contracts with said association and individuals above named for the respective concerts and performances.

Adopted by the following vote:

Ayes—Supervisors Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Shannon, Stanton, Todd, Welch—16.

Absent—Supervisors Badaracco, Roncovieri—2.

Morning Sessions.

Supervisor Bath presented:

Resolution No. 26367 (New Series), as follows:

Whereas, the calendar of the Board of Supervisors is frequently so extensive that the people interested in various legislation are unable to present their views until late in the evening, frequently extending into the early hours of the morning; and

Whereas, it is impossible to complete the large amount of business coming before the Board at a seasonable hour; therefore, be it

Resolved, That beginning on Monday, October 25, 1926, the hour of meeting of the Board of Supervisors be changed from 2 p. m. to 10 a. m. of each Monday.

Adopted by the following vote:

Ayes—Supervisors Bath, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Shannon, Stanton, Todd, Welch—16.

Absent—Supervisors Badaracco, Roncovieri—2.

The Journal of Proceedings of the previous meeting was laid over until next meeting for approval.

ROLL CALL FOR PETITIONS FROM MEMBERS.

Appointment of Lewis F. Byington Supervisor, Vice Richard J. Welch, Congressman-Elect, Resigned.

"San Francisco, Cal.,
November 1, 1926.

Hon. Board of Supervisors, City Hall, San Francisco.

Gentlemen:

At the Mayor's direction, I am enclosing herewith copy of the resignation of the Honorable Richard J. Welch from the Board of Supervisors of the City and County of San Francisco, effective October 31, 1926, and copy of the Mayor's acceptance of the resignation.

Very sincerely yours,
WM. F. BENEDICT,
Assistant Secretary to the Mayor."

"City and County of San Francisco.
October 26, 1926.

Board of Supervisors, Clerk's Office, Room 235, City Hall.

Hon. James Rolph, Jr., City Hall, San Francisco, Calif.

My dear Mayor:

Having been elected as a Representative in Congress from the Fifth Congressional District, I hereby respectfully tender my resignation as a member of the San Francisco Board of Supervisors, the same to take effect October 31, 1926.

Yours respectfully,
(Signed) RICHARD J. WELCH."

"Mayor's Office,
San Francisco.
October 27, 1926.

Hon Richard J. Welch, 978 Guerrero street, San Francisco.

Dear Supervisor Welch:

It is with a feeling of regret that I accept your resignation from the Board of Supervisors, to take effect October 31, 1926. I am sorry that the City is to lose your valued services as a member of the Board of Supervisors, although, at the same time, I am happy that the City will gain through your broader services as Representative of the Fifth Congressional District in the United States Congress.

It has been a great pleasure for me to associate with you for so many years in an official capacity, and I want to congratulate you upon the splendid constructive work that you have done for San Francisco's betterment, not only during your tenure of office as Supervisor, but also prior to that, during your many years in the California State Senate.

Your promotion of the Skyline boulevard and of many other highway and public utility projects has made for you a record of which you may justly be proud, and I hope that in Washington, in a larger field, you may be even more successful as a legislator than you have been either in the State Senate or in the Board of Supervisors.

With kindest personal regards and with every good wish for your future welfare, believe me

Very sincerely yours.
JAMES ROLPH, JR.,
Mayor."

"The City and County of San Francisco, State of California.

To all to whom these presents

shall come: Greeting: Reposing special confidence in the fidelity and ability of

LEWIS F. BYINGTON

I do, by these presents, by virtue of the authority vested in me by the Charter of the City and County of San Francisco, appoint him a member of the Board of Supervisors in and for the City and County of San Francisco, he to hold said office for the term ending the first Monday after the first Sunday of January, 1928, from and after the 1st day of November, 1926, vice Richard J. Welch, resigned.

In testimony whereof, I have signed my name and have caused the seal of my office to be amxed hereto this 1st day of November, 1926.

JAMES ROLPH, JR.,
Mayor.

Attest: EDWARD RAINEY, Executive Secretary to the Mayor."

Thereupon, the roll was called and the following members noted present:

Ayes—Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Shannon, Stanton, Todd.—17.

Absent—Supervisor Roncovieri.—1.

Whereupon, the chair declared Supervisor Byington duly inducted into the office of Supervisor of the City and County of San Francisco.

The Mayor: Now, Gentlemen of the Board, and my fellow citizens: You have heard of the resignation of Supervisor Welch, whom you elected with a very large vote three years ago to serve you as a Supervisor. You have elevated him to the position of Congressman from the Fifth District, where he will probably and undoubtedly remain for a great many years. His vacancy left it to the Mayor to fill. I looked all over this city and endeavored to find a man who would be helpful in advancing the progress of San Francisco, and I prevailed upon the Honorable Lewis F. Byington, whom you all know and whom all our citizens know, to serve. He was a Supervisor under James B. Phelan in 1901, and he was elected your District Attorney for three successive terms. He has been a very difficult man to get to reenter public life, and it was only by pressure, and only by urging him to serve with you and serve with me and serve our fellow-citizens that he has consented to act in the vacancy caused by the resignation of Supervisor Richard J. Welch. I hope, Mr. Byington, your term of office here will be pleasing. I thank you for accepting the appointment. I am sure all your colleagues will be gratified to know that you will serve with them, and you add dignity, knowledge, ability and all the attributes that are necessary to fill the office of a dignified Supervisor of the City and County of San Francisco.

I would like to appoint a committee, consisting of Mr. McSheehy, Mr. Hayden and Mr. Harrelson to escort Mr. Byington to his seat, left vacant by the resignation of Supervisor Welch.

(Supervisor Byington is escorted to his seat by the committee named, amid great applause.)

Supervisor Hayden: Before the Board formally welcomes Mr. Byington, or Supervisor Byington, there are a number of citizens in the room who would like to have the opportunity of expressing their appreciation of your appointment, Mr. Mayor. And at this time I would like to ask for the privilege of the floor for Mr. Daniel A. Ryan.

Mr. Daniel A. Ryan: Mr. Mayor and gentlemen of the Board of Supervisors, ladies and gentlemen of San Francisco: With some of Lew Byington's associates, with thousands of his friends, with the whole people of San Francisco, we rejoice today at the induction into office of a Supervisor of San Francisco of our dear friend, Lew Byington. Mr. Mayor, for such appointment you are to be congratulated, and the the people of San Francisco, and lastly, and I say it designedly, Lewis F. Byington. The people of San Francisco will have the benefit of a man who, for many years, has served the city in all its civic strife and all its civic needs, and all its civic accomplishments. No man ever loved San Francisco more than Lew Byington. Whenever an old landmark was found and some memento went to mark the place, the eloquent tongue of Lewis F. Byington brought back the sentiments of early days and once more enlivened the hearts of the people of San Francisco. Whenever some civic affair occurred in San Francisco Lew Byington was to the forefront. Whenever a delegation was sent into any other State or any other Nation, Lew Byington was its spokesman, bespeaking San Francisco, its aspiration, its loves and its desires. No matter who came to these shores, Lew Byington was in the forefront. And now that you have him among the members of

your Board, Mr. Mayor, and without detracting at all from your magnetic personality, bring on your queen or anyone else visiting San Francisco. (Laughter and applause.) I say that knowingly because, notwithstanding all his other accomplishments, Lew Byington remained devoted wholly to San Francisco. Neither wife nor child divided his time from his native city. So we congratulate you, gentlemen of the Board, we congratulate you, Mr. Mayor. And, bespeaking particularly and immediately for his brothers and the Native Sons and the Native Daughters of the Golden West, success go with you, Lew Byington, continue on, and may you, for years, continue to serve the city you love so well. (Applause.)

Supervisor Hayden: If there are any other citizens who wish to address the Board, under these circumstances, I think it would be now opportune to extend the invitation to them.

The Mayor: The Supervisors have invited any who desire to say a few words at this time to do so.

Mr. Joseph Cumings: I want to say something too. Of course, Mr. Ryan is Past President of the Native Sons, but I want to say that, in 1895, the first year I went to the Grand Parlor, I was one of the guard that got together and determined that the best man we could ever have for a Grand President of the Native Sons was Lew Byington, and in my Parlor of the Native Sons we organized the fight and put him over then and made him the Grand President of the Native Sons. Afterwards we were proud to elect him a Supervisor and then District Attorney. And I want to tell you, last year, Mr. President, when the Downtown Association took its trip to Mexico, wherever we went, we put Mr. Byington in the forefront to represent you, sir, to represent the people of San Francisco. We had him address the President of the Republic of Mexico, in your name, and felt proud to think that a man like Mr. Byington was the man who was representing the City of San Francisco on that trip of the Downtown Association in Mexico. I have known him for many years and I know there is no man in the City of San Francisco with a higher sense of honor, honesty and integrity than Mr. Byington. And, Mr. Mayor, I am very happy, on behalf of the Downtown Association, and I think I can say on behalf of the business interests of San Francisco, to congratulate you on the appointment you have made of Mr. Byington. (Applause.)

Supervisor Hayaen: Mr. Mayor, if there are no other citizens, I suppose it is now a matter for the Board.

The Chairman: Is there any lady who wants to speak? Mr. Byington is a bachelor.

Mr. Angelo J. Rossi: Mr. Mayor and members of the Board: I did not come here today with any intention of saying anything. I came here to indicate, by my presence, my appreciation of the splendid judgment that the Mayor has used in the appointment of Lewis F. Byington. It has been my privilege and extreme pleasure to have known Mr. Byington for the past thirty years. I know of no one who has been a more loyal Californian than Lewis F. Byington. I know of his love of the City. I know of his love for the State. I know of his love for the country. He is what I would term a one thousand per cent, red-blooded American. I know what his ideals are; I know that he stands for good government. I know that he stands for a better and a greater and a bigger San Francisco. And, Mr. Mayor, I too want to join with Mr. Ryan in saying that you are to be commended for selecting a man such as Mr. Byington, to fill the vacancy caused by the resignation of Supervisor Welch. You could look the city over and select no one that would meet with greater approval than the selection of Supervisor Byington. And I am more than happy and pleased that he is a member of this Board. And were I a member of the Board here today nothing would give me greater pleasure than to have the privilege to extend to him a welcome, and to have the honor of sitting with him as one member of the legislative Board of Supervisors. Mr. Byington, I also want to speak on behalf of the Downtown Association as one of its past presidents. We want you to know that the Downtown Association stands ready, at all times, to cooperate with you and other members of this Board, for anything that is for the good and welfare of San Francisco. Anything that you may advocate means a greater and a bigger and a better San Francisco. I want to express to you my sincere congratulations, and I want you to know that I fully realize, as well as every other San Franciscan does, that you have every qualification to fill the office of Supervisor, and far more than that, that you have every qualification, in my opinion, to fill

any office within the gift of the people. (Applause.)

Supervisor Hayden: Mr. Chairman, I understand a former deputy of Mr. Byington, many years ago when Mr. Byington was the District Attorney of this City, who was at that time a young man and a very able deputy in the District Attorney's office, and he is here today, Mr. James Hanley. I would request, on behalf of the Board, that he come forward.

Mr. James M. Hanley: Mr. Mayor and Mr. Byington and members of the Board and ladies and gentlemen: With a great deal of pleasure yesterday we read in the paper that the Mayor had seen fit to appoint a new Supervisor in the place of Richard Welch, in the person of Lewis F. Byington. Like Mr. Rossi, who just took his seat, I have known Mr. Byington for some thirty odd years. It was my extreme pleasure to be one of his deputies for a period of six years while he was District Attorney from 1900 until the end of 1905. And I want to say to you, members of the Board, and to the Mayor in particular, that you have no more careful man upon this Board with reference to detail, because no man who has been in the District Attorney's office from the time of 1900, the going in of the new Charter, until the present time—and that is not criticizing any District Attorney who has succeeded him—has lived up to the strong ideals and to the careful attention of Lewis F. Byington while he was in office. We had to toe the mark during the six years that we were there under him, but we all grew to love him. And I want to say to the members of the Board that every succeeding year in the twenty-six, no matter where or what part of the State they may be in, the old guard of Lewis F. Byington, numbering now only a few—we have lost in death a great many, men of eminence who were with him during those six years—during all the twenty-six years, we have gathered together. Poor old Charlie Weller, one of our members, was always at the head of the table when he was alive. So every year, we once again sit around the table, tell the old stories, tell the old tales, one upon the other, and we love him as you will love him when you know him, and we congratulate you, Mr. Mayor, and members of the Board, in the selection of Lewis F. Byington. Good luck to you, Lewis.

Supervisor Hayden: There is still another friend here of Mr. Byington's, Harry I. Mulcrevy, our County Clerk. I see him in the audience.

Mr. Harry I. Mulcrevy: Mr. Mayor, gentlemen of the Board, and my fellow citizens: As a friend of Richard Welch, I rejoice with him in the great honor he has obtained, by being elected as the Congressional Representative from the Fifth District, but as a citizen of this City, I join with the Mayor in my regrets that we lose his valuable services as a member of this Board. But we are compensated, to a great degree, in the wisdom of the Mayor in selecting, to fill the vacancy, such a person as Lewis F. Byington. Like Mr. Rossi, I have known Mr. Byington for over thirty years, and those who know him best love him most, And you gentlemen of the Board will find in him an educated and cultured gentleman, and the people of this City will get the services of a trained public official, a learned lawyer and a man who can and will devote his best energies to the progress of our City and the welfare of our people. I congratulate the Mayor and the Board upon this new member. I congratulate the people that he was available, and I wish for my friend, Lewis Byington, that he may enjoy continued good health, so that he might continue in the good work for the progress of our beloved City and the welfare of our people.

Supervisor Hayden: Mr. Mayor, it is well that the ladies should be heard today, notwithstanding the fact that Mr. Byington has been declared by Mr. Ryan and by you to be a bachelor, still he is a champion of the ladies and the ladies are his champions. I would like to ask Mrs. Calhan to be given the privilege of the floor.

Mrs. Calhan: Your Honor the Mayor and members of the Board of Supervisors and neighbors and friends: The fact that Mr. Byington is a bachelor does not tempt me because I have been safely married for twenty years, but, nevertheless, on behalf of the women, I would like to congratulate the members of the Board on this appointment. I might say that the people of San Francisco did not need to worry as to whom the Mayor would appoint, for I have observed that his appointees are always good. Ira Coburn was a wonderful addition to the Board of Education. We could not have a better member sitting in that Board than Ira Coburn. If Supervisor Harrelson had happened to go to the Board of Public Works he would have been a great credit to that Board, as he is also to the present Board of Supervisors. And so I feel the Mayor has chosen wisely and well when he has chosen

Mr. Byington to represent the people of San Francisco, and I know that he will represent the City of San Francisco. True, we are losing Supervisor Welch, and we felt that he was our particular representative in his district, from which he has been elected to Congress. But we feel that Mr. Byington will ably fill that vacancy, and, therefore, Mr. Mayor, we thank you for this appointment. (Applause.)

Supervisor Hayden: Mr. Mayor, I do not know whether there are any other citizens who wish to be heard. I think, Mr. Mayor, that the Board is now in possession of Mr. Byington, as an associate and colleague. I think it is incumbent upon us now, Mr. Mayor, to welcome him into the family. Before I refer to Mr. Byington's appointment, I want to say that, after an association of eleven years with former Supervisor Welch, who has been promoted to the very important position of a member of Congress, that I feel that the eleven years of service rendered by Supervisor Welch was a service constructive and patriotic, and one that will forever leave its mark on the progress and on the records of this Board of Supervisors. In the elevation of former Supervisor Welch, we are losing a very valuable man here in this Board of Supervisors. But Congress is also the gainer because we know that, with Congressman Welch at his post in Washington, knowing the many needs of San Francisco, from the standpoint of our harbor, from the standpoint of our Hetch Hetchy project, and all those matters that will be necessary to watch in the House of Representatives, we know that we will, at all times, be ably represented by ex-Supervisor Richard J. Welch, and we are proud of his promotion to the Halls of Congress.

But, by reason of this elevation of Supervisor Welch, there naturally was left a vacancy in this Board, and his Honor, the Mayor, under the Charter, had the opportunity to fill that vacancy. How well he filled that vacancy you can hear all over the City and County of San Francisco. You have heard his appointment commended from the time it was announced in the paper Saturday night. It has been the consensus of opinion, universally agreed on, that it is the most wonderful selection that the Mayor could have made to fill the vacancy left by the promotion of former Supervisor Welch. The people of San Francisco seemed to be of one mind that the Mayor, in all his career, has never made a better selection than he has made today in the appointment of Lewis F. Byington. And I, personally, Mr. Mayor, want to thank you for the selection that you have made in giving us, as one of our colleagues, the Honorable Lewis F. Byington, who will work with us now as a member of this Board. It is like trying to paint the lily, Mr. Mayor, to add further compliments to the many that have already been bestowed upon Mr. Byington. Like the first speakers, I have known him through all these years. I have known him for thirty years myself. I consider Mr. Byington one of my most intimate acquaintances. I know of his public career. The people of San Francisco know of his public career and the wonderful record that he has made in that capacity. He indeed comes here as a tried and a competent public official, who has seen service. He is no amateur, Mr. Mayor, in the matter of public service. He comes here with all the attributes that are necessary to make a good public official. And in the selection of Mr. Byington, Mr. Mayor, you are giving us a man that I think will help to be a sort of a stabilizer here in the affairs of this Board of Supervisors because, from his experience in matters of legislation, he will be in a position, with his advice and his counsel, and his knowledge of law and his knowledge of legislation, with that training, he will be in a position I say to be a valuable adjunct to the membership of this Board of Supervisors.

So, Mr. Byington, I want to congratulate you, as a colleague on this Board of Supervisors. I know when I bespeak, as I do, a welcome, I bespeak the welcome of the whole Board of Supervisors. I know that they appreciate your ability as I do, and I know that, while you fill that chair, that there never will be an act of yours on any matter coming before the Supervisors but what will be for the best interests of the people of San Francisco. Mr. Byington, I am looking forward, with a great deal of pleasure, to my association with you as a member of the Board of Supervisors, as I can look back, for many years, to my personal association and friend ship with you as a man. And I am going to say, Mr. Byington, that it is one of the proudest moments of my public career now that I have been given this opportunity by the Mayor to sit side by side with my dearest of friends and my colleague, Lewis F. Byington. (Applause.)

Supervisor Gallagher: Mr. Mayor: Mr. Byington has heard all of the good things that could be said about a man in an afternoon, but in the long list of appointees that it has been your pleasure to make, I do not think you have made a more popular selection. Mr. Hayden well recites that it is the view of the people of the city, as we hear the reaction and the reflection on the appointment, that it is a very happy choice. Mr. Byington brings a big mentality to this Board. He brings a very broad vision to it, and he brings a clarity of opinion that has characterized every act of his life. I am sure that, if I were asked to bet on the name of a Supervisor, though he be new in the office, who might be calculated as being the one who might not lose his temper, I would select Mr. Byington now that he sits among us. I would not bet a great deal, it is true, Mr. Byington, as I know things around here, but, at the same time, I am satisfied that your appointment will help us materially. An ex-deputy city attorney sits among us. Now a former district attorney is with us. And we have another member of the legal fraternity added to the Board. I am sure that the City Attorney of the City and County of San Francisco may be expected, or can expect that he may spend a good deal more of his Monday afternoons in his office than he has needed to spend heretofore. Mr. Byington, you have helped every cause, you have helped men. Was there a candidate who deserved to be helped, who was a half decent good fellow in the city, in the sense that we understand that word, Mr. Byington gave his advice and his time to his cause. Was there a cause that needed help in a large way, Lewis Byington very rarely, if ever, refused to help that cause. Mr. McSheehy, perhaps unconsciously today, as I say, mindful of your past career in the big things that San Francisco has had to do, has practically said to you in his resolution, if it is adopted, that you can remap the whole town. If you do not like the way the town is built, you are Chairman, to be appointed by Mr. McSheehy, of the City Planning Committee, and you can change the whole topography of San Francisco. It is characteristic, of course, of this Board of Supervisors that a man must win his spurs before he comes in, or shortly after he gets here. And, of course, it was not surprising to us, that, before you took your seat, you had to literally fight for it, that is, we had to help you get it, if only for a short while. But, Mr. Mayor, the appointment of Mr. Byington is a popular appointment, and when I say "popular appointment" I mean it in the sense that a great many people are glad that Mr. Byington consented to sit among us. Despite all these little controversies that occur in this Board, some friendships are formed here, and they last, and they last for a long, long time, and this is a friendship renewed officially. I am sure that while you may sometimes feel that you are placed in what is known sometimes as the minority of the Board—I trust not—that still you will make new friendships as a member of this Board, and I think they will be as lasting as some that you have made before. Your colleagues of the Native Sons of the Golden West, your brother and sister members of that fraternity, I am sure, must rejoice that you have consented to come on this Board. It is no disrespect to the men who sit here to say that for every mentality of your kind that comes here they must be glad. You take the place of a member of this Board, former Supervisor Welch, who dealt in the big things. Say what you will in reference to the policy that Mr. Welch pursued as a member of this Board, it must be said for him that his eye was cast always on projects calculated to make this a bigger and a better place to live in. And I was hoping that, perhaps, you might be willing to carry on where he had left off. But I am satisfied, Mr. Mayor, that in whatever position or committee Mr. Byington may be placed on this Board, he will reflect credit upon you for having appointed him, and I am sure that the people of San Francisco will be benefited by his taking his seat here today. I express the wish now for myself, and I am sure I express it for all of the members of this Board, that, regardless of those little perplexing problems that sometimes cost men their tempers and their patience, and that are a part of the work of this Board, and the fact that we cannot all agree on the manner in which this should be done, I am expressing, I believe, the feeling of the average member of this Board when I say that we are glad to see you seated among us, we are glad to know that you consented to be a part of us. And I am satisfied, I repeat, that, regardless of these things that will take place, and sometimes wearing on the patience, that, before the end of your term you will have made a very firm friend of every member of this Board, and you will have rewarded the Mayor's appointment by secur-

ing the expressed approval, as well as people can express it, of the people of San Francisco, that Lewis F. Byington has made a very good Supervisor. (Applause.)

Supervisor Shannon: Mr. Mayor and members of the Board and ladies and gentlemen: It is a very great pleasure for me to be able to greet an old friend and colleague on the Board of Supervisors today. I noticed, in mentioning the length of their friendship for Mr. Byington, most of his friends went back only thirty years. I do not know whether there was a meeting previous to this one whereat it was agreed upon, among the friends of this very eligible bachelor, that they should limit their term of acquaintanceship to thirty years, but if there was a meeting I was not invited, and it is my pleasure to announce that I have known Mr. Byington well and favorably for over thirty-five years. When I first knew Mr. Byington, he was a black-headed youth, with plenty of hair. I met him at Hinzman's Dancing Academy on Polk street, between Pine and California streets, tripping the light fantastic and enjoying himself in a nice way, as he has always enjoyed himself during all of his career. I want to call Mr. Byington's attention to one thing, and that is that he will find a different condition here than he found in 1901. In those days the Board of Supervisors had their weekly meeting and possibly one other meeting a week. If the condition continues as it has been for the past couple of years, I think we will have to hold meetings on Saturdays, because we now meet here every day of the week. And, as you are a bachelor, Mr. Byington, it might be well if you have no particular place of abode to get a cot and move here to the City Hall where you will be always easy of access, because most of us now spend five days and many nights here in these chambers. For the past four and a half months we have been meeting on Tuesday, Wednesday and Thursday, from 10 o'clock until 6 o'clock, listening to the bridge applicants present their projects to the Board. We meet here, as the citizens of San Francisco know, and many of them think only, on Monday afternoon. With other committee meetings on Friday we have had a full quota of meetings. However, I know you are a man that has accomplished much in the past, you are a man of great capacity, and little things like daily meetings, taking six or eight hours, will not disturb your equilibrium very much. I congratulate the Mayor on your appointment, I congratulate Mr. Byington on his acceptance of the appointment, and I sincerely trust that you will meet with every success that your fondest hopes anticipate. (Applause.)

Supervisor Colman: I think the moral of that part of Supervisor Shannon's remarks referring to the duties of a Supervisor is to vote yes on Amendment 32. Mr. Mayor, I want to add a brief word of congratulation to you for your appointment of Mr. Byington. His ability and his integrity have been proven beyond the question of any doubt. I, too, am an appointee of yours, like also the two preceding speakers, Supervisor Gallagher and Supervisor Shannon. So Supervisor Byington is the fourth. I know that Mr. Byington comes here with a way of voting and talking that will be perfectly independent. He will always say just exactly what he thinks, and he will always vote that way. I consider it a great honor to serve on the same Board with him. (Applause.)

Supervisor Powers: Mr. Mayor and members of the Board and fellow citizens: Like the previous speakers I want to say a brief word of praise to you, your Honor, for your wonderful selection. I claim that the Board of Supervisors are very fortunate to have the assistance of a man with the ability of Lewis F. Byington, sitting here with us. We have lost a very good Supervisor, one who is so recognized by every citizen of San Francisco as is shown by the vote in the Fifth Congressional District a short time ago, where he received, for the office of Congressman, five votes to his opponents' one. I refer, of course, to Congressman Welch; and in your appointment today, the citizens of San Francisco are very fortunate to have a man like Lewis F. Byington as one of their representatives. It is only five months ago that I was in a convention with Lewis F. Byington, and I insisted that he become a candidate for Governor of the State of California. (Applause.) There are a few of us live Democrats left in the State of California. And I know that he will go out from here and on to higher honors, the same as the former Supervisor whose seat he now occupies. I thank you. (Applause.)

Supervisor McSheehy: Your Honor and fellow-citizens: I am not an appointee of the Mayor; I am what you might term a volunteer, and not a drafted man. But there seems to be something in this office of Supervisor, whether a man

is a volunteer or a drafted man, that there is some attraction about it, so that he remains here just as long as the people allow him to remain. Now, Lewis F. Byington has never tasted defeat. He was elected to the office of Supervisor and then elected to the office of District Attorney. Both of the offices that he occupied he filled with great credit to his city and to himself. And I want to say to Lewis F. Byington today that I have known him for a great many years. I particularly associated with him in the work of the Native Sons. I have served on many committees with him. And I have found him a man who has the characteristic of carefully going into details, and I know that he will go into the details pertaining to the office of Supervisor. And I want to congratulate your Honor, and I want to say this: that I never was more surprised in my life than I was when I heard that you had appointed Lewis F. Byington. (Laughter.) I never dreamt for one moment that you would have the vision to select a man of his type. You have made a real ten-strike, and I feel that the people of San Francisco are to be congratulated, because we have in him a man of extraordinary ability, a man who could devote his time, if he wishes, for twenty-four hours a day, almost, to this office, and, as has been well said by Supervisor Shannon, he will find that he will have to devote a great deal of his time to the office of Supervisor. And I feel that he will, and, your Honor, I want to congratulate you on this great big constructive work that you have done here today in giving us a man like Lewis F. Byington.

Supervisor Deasy: Mr. Mayor, as one member of this Board, I wish to congratulate you upon your appointment of my old friend Lewis F. Byington. In appointing him you have appointed a man that is fearless and honest, and I want to congratulate you, Mr. Lewis F. Byington, on the appointment, and to thank you again, Mr. Mayor, for the appointment. (Applause.)

The Clerk: Mr. Mayor, I have a message from Supervisor Roncovieri, who is ill, and his message might properly come in here.

The Mayor: Read it, Mr. Clerk.

The Clerk (reading): "Although illness prevents my presence at the meeting of the Board today, still I respectfully ask the privilege of expressing something of the joy it has given me to learn that the Honorable Lewis F. Byington, whom I have the honor to call friend, has accepted the office of Supervisor made vacant by the resignation of Congressman Welch.

"The people of San Francisco are to be congratulated that a man of such sterling character, altruism and exalted ideals, of such ability and experience in public affairs, is willing to give unstintingly of his talents and learning to the service of his fellow-citizens.

"Mr. Byington knows and understands the City's problems and I know that he will enrich our debates and contribute much to the solution of our problems by the honest and sound judgment for which he is noted.

"My compliments and all good wishes to you, my dear Mr. Byington.

"To Congressman Welch, who has been a tower of strength in the councils of the Board for constructive and progressive legislation, and who leaves us today, I wish godspeed and success in the larger field of usefulness to which he has been called in the Nation's forum.

"San Francisco, Cal., Nov. 1. 1926."

The Mayor: Supervisor Byington, you must be delighted at the encomiums of good will and words of commendation that you have received from your former Supervisors and fellow-citizens today. Knowing your modesty and your desire not to speak any oftener than you find it necessary to speak, I think we would all like to trespass upon you, even though it be your maiden speech with this Board, for just a few words, so that you may be seen again by your colleagues and by your fellow-citizens and everybody present here. (Applause.)

Supervisor Byington: Mr. Mayor and friends: Of course, a man would be lacking in all spirit of humanity if he did not love to hear the kind words of friends. And I have been moved by those who have come here today to say a kind word for me. It really is an inspiration to good deeds to know that you find a safe and lasting refuge in the hearts of your friends. I want to thank you, Mr. Mayor, for the honor that you have conferred upon me in calling me back to service for this city. I wanted to thank every one of the friends who spoke here today, and I hope that I will not establish a bad precedent as a new Supervisor in making a long speech. I took this position with no other object in the world than the object of doing something for the City and County of San Francisco. Somebody said that in the olden days, when I was a member of the Board, I think it was Supervisor Shannon, that we adjourned within a couple

of hours and only met once a week. I rather regret that we cannot do that in these days, meet here once a week, perform our duties expeditiously and then retire to our homes. While it is always pleasant to stand with a majority on a proposition that concerns the welfare of the City, the man who is acting independently never fears to stand with the minority. And I never have been afraid to stand on my honest convictions, even though I stood alone. I hope that, when I retire from this position—and I do not expect to be here long—that everybody can say he always did his duty by the City, no matter what the results may be. If I can retire in a year or two with the conviction that I have never, by my vote, respected anything but the honest spirit of the citizenship of San Francisco, I will retire gracefully to the obscurity from which, you may say, I have come. I hope to retire with the good will of every citizen of San Francisco, but if I have to offend some in doing my duty I will nevertheless be glad to retire, knowing that I have performed my duty honestly, as I saw it. (Applause.)

The Clerk: I would like to revert back to the presentation of credentials. I have here the County Clerk's certificate that Lewis F. Byington has taken the constitutional oath required, and also the Recorder's receipt that the official bond has been duly recorded, as approved by the Mayor.

"State of California, City and County of San Francisco—ss.

I, Lewis F. Byington, do solemnly swear that I will support the Constitution of the United States of America and the Constitution of the State of California, and that I will faithfully discharge the duties of member of the Board of Supervisors in and for the City and County of San Francisco, according to the best of my ability.

LEWIS F. BYINGTON.

Subscribed and sworn to before me this 1st day of November, 1926.

(Seal) H. I. MULCREVY,
County Clerk of San Francisco and ex-officio Clerk of the Superior Court thereof."

Supervisor Marks: I move you that the proceedings of the Board, up to this present moment, be transcribed by the reporter and bound by the Clerk and presented to Mr. Byington.

Supervisor Hayden: I second that. That refers to the proceedings concerning Mr. Byington?

Supervisor Marks: Yes, certainly.

The Mayor: It has been moved and seconded that all the proceedings of the Board, from the time of the notification to the Board of Mr. Byington's appointment, and the resignation of former Supervisor Welch, be properly engrossed and presented, in book form, to Supervisor Byington. All in favor will please say aye. (Ayes.)

The Mayor: The ayes have it and it is so ordered.

Committee Chairmanship Change.

The following report was presented and *adopted*:

San Francisco, October 30, 1926.

Honorable Board of Supervisors,
City and County of San Francisco.

Gentlemen: The Committee of Committees, which was appointed by your Honorable Board on reorganization, recommends that Supervisor Milton Marks be transferred from the Chairmanship of the City Planning Committee to the Chairmanship of the Streets and Commercial Development Committee.

Respectfully submitted,
COMMITTEE OF COMMITTEES.

Supervisor Byington to Take Seat Vacated by Supervisor Welch.

Supervisor Hayden presented:

Resolution No. —— (New Series), as follows:

Resolved, That this Board of Supervisors does hereby assign to Supervisor Lewis F. Byington the chair occupied by his predecessor, former Supervisor Richard J. Welch.

Referred to Committee on Committees on motion of Supervisor McSheehy.

Supervisor Marks' Statement for the Record.

Supervisor Marks: I am rather reluctant, Mr. Chairman, to speak on a subject which affects me, but I cannot refrain from making these comments, especially in view of the fact of the statements made by Supervisors Colman and Hayden. And, apparently, Supervisors Colman and Hayden, who are quite eager at all times to laud the Mayor for his exercise of judgment, did not hear what the Mayor said to this Board at the time that Mr. Byington was presented to the Board of Supervisors, because he reserved for himself the right, not only to fill the office of Supervisor, but to fill the vacancy upon the chairmanship of the committee, something which Supervisors Colman and Hayden approved of, and that vacancy would have been filled by one practicing the same profession as I am. Now, Supervisor Colman and Supervisor Hayden, the filling of a vacancy by the Mayor,

with a man who stands high in the legal profession, that is Supervisor Byington, and the exercise, by the Mayor, of the right to fill the vacancy of the Street Committee with a lawyer meets with your approval.

Supervisor Hayden: We have not recommended it.

Supervisor Marks: And that is fitting a square peg to a square hole, but when the appointment comes from what is denominated "the majority group on this Board", to fill that vacancy with one who practices the same profession, that is trying to fit a round peg in a square hole, according to Supervisor Colman. Now, Mr. Chairman, at the time that the comments were made on the part of members of the Board with respect to Supervisor Byington, I mentally seconded every favorable comment that was made concerning it, because I take it, as a younger man at the bar, not as long at the bar as Supervisor Byington, that there is no man who stands higher than does he in the legal profession in San Francisco. His entire career, both private and public, does not possess a single blot or blemish, and I welcome him, as do the other members of the Board, regardless of a majority group and a minority group in politics, I welcome him as a member of the Board, and I am satisfied that he will give conspicuous service to San Francisco.

Now, gentlemen of the Board, I have been chairman of the City Planning Committee for ten months. As chairman of that committee, and with the very earnest and sincere assistance of Supervisor Kent and Supervisor Deasy, we have tried, on that committee, to solve problems presented to us, great in number and great in importance, and, in the majority of cases, the recommendation of the City Planning Committee has met with the approval of this Board, in many cases by unanimous vote. I think that we have done a good job, at least we have endeavored to do it. Recently I expressed a desire to be relieved of the responsibility of the chairmanship of that committee. I did so, frankly Mr. Chairman, because I have not, as yet, been sufficiently long in public office to develop the hide of rhinoceros—that may come in time—and I have felt a peculiar sensitiveness about some of the criticism leveled at the City Planning Committee, and it has been because of a desire to be relieved of that responsibility that I expressed a preference to the committee on reorganization, that I be transferred to some other committee. It is not my selection particularly, Mr. Chairman and gentlemen of the Board, that I be assigned to the Streets Committee. I do not recognize that committee as a technical committee, which involves the surveys and actual construction of streets. That is done, as I understand, by the Board of Public Works, and in certain cases, by private contractors. The work of the Streets Committe, as I understand it, and as I have learned here on the Board, has been such work as would be performed by a City Planning Committee, in a sense, the determination of the location of streets, the preparatory expenditure of money as to certain locations and general supervision over construction, in the sense that a legislative body does supervise construction. Mr. Chairman, if it be the will of this Board that I be assigned to the chairmanship of the Streets Committee, I shall endeavor to give service to that committee. I do receive that assignment, if it be the will of this Board, with some of the pleasure taken away from it, by reason of the comments of Supervisor Colman in particular. I close with just this comment, Mr. Chairman, and I do it as charitably as possible: Supervisor Colman has asked me not to be offended at his remarks, he has asked me not to be offended at the suggestion made by him, that the selection of this Board would be an unfit selection, that it would be the selection of a round peg in a square hole. But, Mr. Chairman, and I say this rather hesitantly, but I cannot refrain from saying it, I have reached the point, after ten months of service upon this Board, when I have gotten beyond the point when I can be offended at anything that is said by Supervisor Colman.

Report of Joint Committee on Police and Finance Relative to Appointment of 75 Additional Police Officers.

The following was presented, read by the Clerk and ordered *spread in the Journal*:

San Francisco, October 30, 1926.

The Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen: A joint committee, consisting of the members of the Police and Finance Committees, was appointed by your Honorable Body one week ago to consider a letter from his Honor the Mayor, which stated that a condition of lawlessness existed in San Francisco and suggested a permanent increase of 75 officers in the Police Department,

together with an enlarged motor service to meet this condition.

Your Joint Committee met in special session on October 29th to discuss the Mayor's letter. The hearing lasted three hours. Testimony was taken from officers of the Police Department and from various interested citizens. The representatives of the Police Department submitted voluminous data with respect to the present organization of the department, the various kinds of duty to which its members have been assigned during recent months, and statistical tables showing the number of crimes of various classifications which have been reported to the San Francisco Police during the last six years and the number of arrests made for these various offenses. This data is so extensive that time will be required to make a proper study and analysis of it.

Honorable Theodore J. Roche, President of the Police Commission, expressed the opinion that the San Francisco Police Department was one of the most efficient departments in the United States and testified that the number of crimes committed in this City and County, in proportion to the population, is relatively low in comparison with other cities of similar size. The statistical table of crimes reported to the Police Department indicates that, notwithstanding the rapid growth of our city, the number of crimes of major classification has not, in most instances, increased during the last six-year period, and in some cases has shown a marked decrease.

The President of the Police Commission and the Chief of Police both asserted that desperate criminals show a marked tendency to avoid San Francisco and that in those instances when they have appeared here they have usually been apprehended promptly. Commissioner Roche stated that the request of the Police Department for additional men was not influenced by the recent demand of the so-called "Committee of One Hundred" for additional police protection in connection with an industrial dispute now in progress in San Francisco, and that the Police Department's recommendation had nothing to do with the report of the Citizens' Committee. Both the President of the Commission and the Chief of Police asserted that their request for an increased force was based merely upon the normal requirements of a growing city.

A number of citizens appeared before your Joint Committee in protest against any emergency increase of the police force at this time. They contended that no emergency exists which justifies an annual expenditure of $180,000 of the taxpayers' money for additional police officers, and cited the testimony of the Police Commissioner and the Chief of Police as proof that the present force is efficient and adequate to cope with any condition of lawlessness which has recently occurred or may at present exist in this City and County.

Your Committee was informed by certain of these citizens that the industrial dispute now in progress in our community, which has been held responsible by certain groups of citizens for recent outbreaks of violence, was caused and is being prolonged by a denial of the right of collective bargaining, which has been endorsed by every recent President of the United States as a fundamental American right. The denial of this right was attributed by these citizens to an organization known as the Industrial Association of San Francisco, which is a party to the present industrial dispute. It was also testified to your Committee that an economic boycott, by which citizens of San Francisco are refused the right to purchase building materials and conduct building operations unless they agree to certain stipulations limiting their right to employ labor, is a contributory factor in the continuation of this industrial dispute.

Your Joint Committee is unqualifiedly opposed to violence of any character and it is equally opposed to any denial of the fundamental rights of American citizens which may incite misguided individuals to commit violence in protest against such denial of rights.

After hearing the testimony of officials of the Police Department and the various citizens who attended the hearing your Joint Committee feels that a very thorough study should be made of the testimony submitted and the statistical data presented by the Police Department. We recognize that San Francisco is a growing city and that law and order must be preserved, but it is our sworn duty to conserve the public funds and we believe that our final recommendation to your Honorable Board should be based upon a thorough understanding of the immediate needs of the community and a sound consideration of economy and efficiency. In view of the fact that the officials of the Police Department did not support the Mayor's contention that there is any present state of lawlessness exist-

ing in San Francisco which necessitates an immediate enlargement of the force, we desire to devote further time to a study of the evidence presented.

Respectfully submitted,

FRANCK R. HAVENNER,
MILO F. KENT,
CHAS. F. TODD.
WALTER J. SCHMIDT,
JAS. B. McSHEEHY,
Chairman,
Joint Committee—Police and Finance.

Read and ordered filed.

Statement by Supervisor Alfred Roncovieri.

The following was ordered *printed in the record*:

Charter Amendment No. 35 provides:

Firstly, the selection and appointment of teachers by the Board of Education under a Civil Service competitive merit system;

Secondly, the correction of the existing defects in the Charter with respect to school funds.

First:

Amendment No. 35 provides for the selection and appointment of teachers to the elementary schools of the City and County by the Board of Education. This amendment places in our organic law, the Charter, the identical Civil Service system of selecting and appointing teachers that has existed since 1902, but only as a regulation of the Board of Education. This clean system should be perpetuated, for it has completely eliminated the baneful influences that prevailed in the selection of teachers previous to its adoption as a rule of the Board, in 1902.

This Civil Service method of selecting teachers for our children has eliminated all personal, political, fraternal or religious influences. For 25 years teachers have been selected by this open, free-for-all, honest merit system and they have been absolutely free from obligation to any person for their positions. The system has received the unqualified approval of educators of national renown. It has been copied by Los Angeles and other cities. It has stood the test of time and of many administrations, and it should now be made a permanent feature of the administration of the School Department of San Francisco, for the best interests of the children for whom only the teachers are selected and appointed.

All of the teachers appointed to the elementary schools of the City and County since 1902 have been selected *solely* by means of the existing Civil Service rule of the Board of Education. This rule could have been abolished by any of the school administrations of the past 25 years, but its integrity has been continuously maintained inviolate. The rule is still in force and effect at the present time. It should be made permanent by placing it in the Charter. This Civil Service system has been endorsed by the San Francisco Teachers' Association on important occasions.

Second:

Amendment No. 35 also contains amendments to those sections of the Charter which impose stringent financial limitations. The existing sections relating to the finances of the School Department (Sections 1 and 2 of Chapter 5, Article 7, and Subdivision 9 of Section 1, Chapter 3 of Article 7), are exceedingly dangerous, not alone to the general maintenance and conduct of the department, but also to the salaries of the teachers and all other employees of the department. These sections, as they exist, were written into the Charter in 1898. They may have been good enough in 1898 when the Charter was adopted, when the salaries of teachers ran from a minimum of $50 per month to $83.33 per month and educational activities were exceedingly limited; but the limitations of 1898 are, in 1926, absurdly ridiculous and out of date. These old Charter limitations on school expenditures, if enforced by court injunction, would constitute a strangle-hold upon the many activities of our modern School Department, as well as upon the salaries now being paid to teachers and other employees.

The per capita increased cost of education in 1926 over 1898 is due to three main causes:

Increase in salaries of teachers and other employees;

Increase in number of teachers due to reduction of average number of pupils to each teacher; and

Added educational activities, some of which were entirely unknown in 1898, but which are absolutely necessary in a modern school system.

If any citizen should appeal to the courts for the enforcement of the existing financial sections of the Charter, and obtain judgment, the result would be a reduction in the total amount appropriated to the School Department by more than two-thirds, and likewise the aggregate of all salaries now being paid would have to be reduced by more than two-thirds. Such a situation would bring about chaos, yet a judge would have no discretion but to interpret the law as he

finds it. Modern educational conditions demand that these obsolete financial provisions of the Charter be amended, and that the finances of the School Department be placed under the more liberal State laws, as they apply to every other county in the State. This is exactly what Amendment No. 35 will do, and no more. It is unbelievable that the people of San Francisco will knowingly permit the continued existence of antiquated Charter provisions which might, if invoked by any taxpayer, bring about an educational calamity.

The proposed Amendment No. 35 relates only to Civil Service and to finances, and is the same as Amendment No. 25 proposed by the Teachers' Association of San Francisco in 1920. It is well known that the political fight against Amendment No. 25 centered around the election of the Superintendent of Schools, and the excellent features of Amendment No. 25 as to school finances and Civil Service were lost sight of.

Public officials began to violate the Charter limitations on school finances after 1906, and have done so increasingly every year since then. The Charter provisions that are being violated are Subdivision 9 of Section 1 of Chapter 4 of Article 7, and also Sections 1 and 2 of Chapter 5 of Article 7 of the Charter.

No one can tell when some citizen taxpayer may go to the courts and demand that the expenses of education be maintained within the maximum amount fixed by the Charter. The fact that the Charter provisions have been violated for years would be no excuse for continuing such violation; and the courts, having no alternative but to determine the validity of the law, would be forced (no doubt with regret) to render judgment in favor of the citizen taxpayer.

A very real peril is ever menacing the present welfare and future development of our schools, unless the situation is faced fully and frankly and proposed Amendment No. 35 is adopted. This proposed amendment gives every true friend of our public schools the opportunity to place them under our more liberal State laws in so far as school finances are concerned, exactly as are the public schools of every other county, and city and county, in the State of California.

The purpose of these amendments is to legalize the appropriations and expenditures for school purposes as they are actualy being made.

This amendment provides for the budgeting of a definite amount for the protection of the salaries of teachers and other employees, viz.: That the total amount paid for all salaries by the end of any year shall be the minimum that must be set aside for salaries for the next ensuing year, and none of this salary fund shall be used for any other purpose until all salaries have been paid.

Amendment No. 35 is the same as Amendment No. 25 of 1920.

In the argument published by the Teachers' Association of San Francisco when Amendment No. 25 was proposed to the people in 1920, the teachers published the following:

"The Teachers' Association of San Francisco, numbering nearly 2,000 members, offers Amendment No. 25 as a safe, sane and progressive measure providing for greater efficiency and economy in the public school system. It is the result of years of constructive effort on the part of our own expert educators, the teachers, whose intimate and first-hand knowledge, gained through service, qualifies them, above all others, to speak of the needs of the schools.

"Amendment No. 25 guarantees the funds necessary to do the big things for the children of San Francisco which have been denied them for many years for lack of money. It makes provisions which members of the Board of Supervisors declare to be the most progressive and constructive suggested for many years in connection with the financing of the School Department.

"Amendment No. 25 permanently provides for kindergartens. Note—Kindergartens are not a compulsory part of the State school system, and must be supported wholly by the City and County.

"Amendment No. 25 permanently establishes the Civil Service merit system of appointment of teachers. Several years' trial has proved this system to be the greatest safeguard against political interference in the appointment of teachers in our schools. Make it permanent!

"Amendment No. 25 creates a teachers' salary fund. Efficiency in the schools and the requirements of present-day education make this imperative. It means fewer children in a class.

"Amendment No. 25 strengthens the School Department."

THE TEACHERS' ASSOCIATION OF SAN FRANCISCO.
MRS. MARJORIE STUART, President.
MISS FRANCES A. MOONEY, Secretary.

Permissive tax rates which may be levied upon the City and County of San Francisco by the Board of Supervisors for the support of public schools:

For the support of kindergartens, 15 cents.

Section 1616, Political Code, provides that a tax not to exceed 15 cents may be levied for the support of kindergartens in addition to any other school tax.

Note: Kindergartens are not compulsory under State law.

For the support of elementary schools, no maximum limit.

Section 1818, Political Code, provides that a tax must be levied sufficient to produce a minimum aggregate amount, which amount is found by multiplying the total number of elementary pupils in average daily attendance by $30.

No Maximum Limit: The maximum rate was 50 cents some years ago, but this limit was removed by the Legislature.

For erecting and repairing elementary school buildings and purchasing sites for same, 15 cents.

Section 1838, Political Code, provides that a tax not to exceed 15 cents may be levied for repairs and new construction of elementary school buildings and buying sites for the same, in addition to any other school tax.

For the support of high schools, no maximum limit.

Section 1764, Political Code, provides that a tax *must* be levied sufficient to produce a minimum aggregate amount, which amount is found by multiplying the total number of high school pupils in average daily attendance by $60.

No maximum limit.

For erecting and repairing high school buildings and purchasing sites for same, 75 cents.

Section 1755, Political Code, provides that a tax not to exceed 75 cents may be levied for repairs and new construction of high school buildings and buying sites for same, in addition to any other school tax.

Section 1839, Political Code, provides a maximum tax rate upon any school district for building and maintenance of $1.

The above is corroborated by telegram from State Superintendent of Public Instruction, as follows:

"Sacramento, October 15, 1926.
"Alfred Roncovieri:

"For kindergarten see Section 1616. Places maximum at 15 cents. For elementary see Section 1818, which fixes the minimum amount to be raised. There is no maximum rate for elementary schools. For high schools see Section 1764, which fixes the minimum to be raised. There is no maximum rate for county high school fund. Part-time schools are a part of the high school system, hence no special rate fixed for such schools. Section 1839 fixes maximum rate for district building tax and maintenance for elementary schools at a total of $1. Sections 1755, 1756 and 1757 establish rates for high school district taxes.

Geo. W. Goethals Explains Bridge Application Connection.

The following was presented and read by the Clerk:

George W. Goethals
Consulting Engineer
40 Wall Street
New York
October 23, 1926.

The Mayor and
Board of Supervisors,
San Francisco, California.

Gentlemen:

Mr. Fred C. Ehman calls my attention to testimony given in the hearings for a franchise to bridge San Francisco Bay in which my name is linked with competing parties.

This apparent confusion is due to the fact that Mr. Ehman was seeking to secure for me the engineering work of design and construction, and, since I was unable to go to the Coast at the time, secured the services of Colonel Otwell, well known to me, for the preliminary work.

I was approached by a party from San Francisco, who on learning from me that I was not interested in the bridge matter, stated that the issue of a franchise was being considered; that there were two opposite factions, headed by Strauss and Dr. Lindenthal, that if I would join and cooperate with the latter, Dr. Lindenthal would secure it. I had not heard from Mr. Ehman's efforts in my behalf; consequently, I was not at that time interested. The statement as to the limited competition was accepted as 100 per cent correct; hence Mr. Ehman could not be involved. I know Dr. Lindenthal favorably and stated that I would gladly become associated with him in any enterprise provided Dr. Lindenthal so desired, as I had no wish to inject myself into a situation unless by so doing I could be of assistance and service.

It subsequently developed that there are a dozen or more applicants, one of which, if the franchise is secured, will turn the engineering and construction work over to me to handle.

I trust this clarifies the situation.

Very truly yours,
(Sgd.) GEO. W. GOETHALS.

Report of Committee on Education, Parks and Playgrounds on Purchase of Trocadero Property.

Supervisor Gallagher presented:

San Francisco,
November 1, 1926.

To the Board of Supervisors, City and County of San Francisco.

Gentlemen: Your Committee on Education, Parks and Playgrounds begs leave to report as follows:

It has had under consideration for some time past the proposal that the City purchase the old Trocadero property, located at the northwest corner of Nineteenth avenue and Sloat boulevard, for park and recreational purposes. Members of the Committee have visited the location and were very favorably impressed with its natural advantages. It is located in a natural bowl or canyon, sheltered from wind and fog, and would be an

ideal place for concerts, pageants and plays. It would rival in attractiveness the outdoor bowl located at Hollywood and would prove a great attraction and benefit to San Francisco. The grounds are already beautifully laid out and planted with rare shrubbery and flowers, and there is an abundant supply of water for irrigation of the gardens and for artificial lakes.

The property can be secured at a reasonable price and arrangements can be made for annual payments spread over a term of years.

Your Committee has therefore recommended to the Finance Committee that provision be made in the new budget for the acquisition of this property while the same may be secured at a reasonable price, as land values in this neighborhood are constantly increasing.

And the Committee further recommends that a copy of this report be submitted to the Park Commission and the Playground Commission with a request for a recommendation thereon.

Respectfully submitted,

ANDREW J. GALLAGHER,
W. P. STANTON,
Committee on Education, Parks and Playgrounds.

Read and ordered filed.

SPECIAL ORDERS—2:30 P. M.

Special Legislative Session Condemned, Boulder Dam.

The following resolution heretofore presented by Supervisor Havenner and laid over from a previous meeting was taken up:

Resolution No. 26382 (New Series), as follows:

Whereas, the people of California have recently been surprised and mystified by the action of their outgoing Governor in calling a special session of the State Legislature for the ostensible purpose of taking immediate action upon the proposal to dam the waters of the Colorado River; and

Whereas, this proposed project is now pending before the Congress of the United States, and no request for such hasty action by the State Legislature has been made by any representative of California in the Congress, nor have the people of Southern California, who are most directly interested in the development of the Colorado River project, made any appeal to the Governor, either direct or indirect, for such hasty action; and

Whereas, United States Senator Hiram W. Johnson and Representative Phil D. Swing, co-authors of the so-called Boulder Canyon Bill, now pending before Congress, for the development of the Colorado River project, have publicly announced that the action proposed by the Governor would be premature and might adversely affect the primary objects and ultimate success of the project; and

Whereas, the leaders of the movement in Southern California for the development of this porject have acquiesced in the views expressed by Senator Johnson and Congressman Swing, and have indicated a belief that the real purpose of the Governor in calling this special session of the Legislature is to defeat the purposes of the Boulder Canyon Bill; and

Whereas, the ultimate completion of this project is of vital importance to the entire State of California because it proposes providing irrigation for hundreds of thousands of acres of land now barren, and cheap electricity for thousands of citizens of many communities in the southern section of the State; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco deplore the action of the Governor in calling this special session of the Legislature just prior to his departure from office as an unnecessary expense upon the taxpayers of California and a palpable poltical move to discredit and adversely affect the great constructive project now under consideration by Congress; and be it

Further Resolved, That we, the Board of Supervisors, urge the members of the Legislature representing San Francisco to exercise the utmost caution in casting their votes upon any proposal which may be submitted by our defeated Governor to the special session of the Legislature, to the end that nothing may be done which will embarrass the authors of the Boulder Canyon Bill in Congress or endanger the ultimate success of that measure; and be it

Further Resolved, That copies of this resolution be sent to his Excellency the Governor, to his Excellency, the Lieutenant-Governor, to United States Senator Hiram W. Johnson and Representative Phil D. Swing, and to each Senator and Assemblyman representing San Francisco in the State Legislature.

Point of Order.

Supervisor Byington raised the point of order that it was not within the power or scope of the Board of Supervisors to pass the foregoing resolution.

Chair ruled point of order not well taken.

Whereupon, the roll was called and the resolution was *adopted* by the following vote:

Ayes — Supervisors Badaracco, Deasy, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Shannon, Stanton, Todd.—12.

Noes—Supervisors Bath, Byington, Colman, Gallagher, Harrelson. —5.

Absent — Supervisor Roncovieri —1.

Notice of Reconsideration.

Whereupon, *Supervisor Hayden* changed his vote from *no* to *aye* and gave notice that he would move for reconsideration at next meeting.

Special Message of Governor Friend Wm. Richardson Regarding Colorado River Compact to the Legislature of the State of California in Extraordinary Session, October 22, 1926.

The following was presented by Supervisor Gallagher and ordered *printed in the record* and copies sent to members:

Message of the Governor.

To the Senate and Assembly of the State of California:

You have been called to meet in extraordinary session today for the sole purpose of ratifying the Colorado River compact. I have taken this action after long and serious study and after consultation with representatives of other States interested in conserving the water of this great river and putting it to beneficial use. There is need for immediate action upon Colorado River legislation now pending before Congress, and ratification of the compact will make it possible for prompt action by that body when it meets in December. It is imperative that Congress should take speedy action and that the development of the Colorado River should begin as soon as possible. To delay action is to jeopardize the whole Colorado River plan and continue the flood menace to the Imperial Valley.

The Colorado River compact was signed at Santa Fe, New Mexico, on November 24, 1922, at a conference of the States interested, called in pursuance to an Act of Congress approved August 19, 1921. There were present at this conference Secretary of Commerce Herbert Hoover, representing the federal government, and representatives from the States of Arizona, California, Colorado, Nevada, New Mexico, Utah and Wyoming. California was represented at that conference by the late W. F. McClure, State Engineer, and the late R. T. McKisick, Deputy Attorney-General.

This compact was ratified unconditionally by the California legislature in 1923, and was also ratified by the States of Colorado, Nevada, New Mexico, Utah and Wyoming. Arizona declined to ratify.

A compact approved by six States was then suggested, so that legislation might be enacted enabling the federal government to erect without delay structures in the Colorado River designed to protect Imperial and Palo Verde valleys from the great danger of flood, to secure an adequate and regulated supply of water for Imperial and other valleys, to provide additional water for Arizona lands, to provide additional water for the cities of southern California, and to develop hydroelectric power. The six-State compact was unconditionally ratified by the legislatures of Colorado, Nevada, New Mexico, Utah and Wyoming. The California legislature at its 1925 session made reservations and limitations which proved unacceptable to the other five states and resulted in blocking action at the last session of Congress. The action of the California legislature was in effect a nullification rather than a ratification. This action was taken against my advice and despite the protests of the governors of the five ratifying States, of Secretary of State Herbert Hoover, of California's two representatives at the original Santa Fe conference, and of others possessing intimate knowledge of the situation.

At the short session of Congress beginning in December there will be a rush to obtain favorable action on numerous proposals and the way should be cleared so that the Colorado River program and Senate Bill 3331, known as the Swing-Johnson bill, may obtain early consideration and passage. This measure contains a provision requiring the approval by six of the seven signatory States "without condition, save that of such six-State approval, and until the President by public proclamation shall have so declared." The bill further makes the approval of the compact by the United States "effective when at least six of the signatory States, including the State of California, shall have approved or may hereafter approve said compact as aforesaid and shall consent to said waiver."

It is to be noted that the quoted language of the bill is not that of the California Senator or Congressman who are credited with its authorship, but it was written into the measure by representatives of the Departments of the Interior and Commerce in an effort to save it from defeat, because of the reservations imposed by the 1925 session of the California legislature. But even such provision is not acceptable to the other five states that have in good faith unconditionally ratified the compact, as shown by expressions I have received and which are attached hereto.

In my proclamation calling this session, I included the text of a joint resolution which I earnestly ask that you approve. This resolution is the same as that already adopted by the states of Colorado, Nevada, New Mexico, Utah and Wyoming, and conforms to the requirements of the revised Swing-Johnson bill. The adoption by your body of this resolution substantially in the form presented will put California squarely on record as favoring the Boulder Dam and Colorado River development. The reasons advanced by the 1925 legislature for the reservations then made have been shown to be fallacious. Congress has failed and refused to act

in view of the action of the 1925 California legislature.

It is my earnest wish that some agreement may soon be reached between Arizona and the other interested states that will enable Arizona to join with the others in proceeding without further delay with this constructive undertaking.

In calling this session I have had but one purpose and that is the ratification of the six-state Colorado river compact. As I am retiring from the office of Governor, after four years of public service, no one can honestly say that I have any political motives in connection with this matter. In fact the only motives I have are the good of the state and my desire to aid in the great Colorado River project. For the past four years I have been a consistent friend and advocate of Colorado River development. At the 1923 session of the legislature I helped to secure the passage and ratification of the Colorado River compact. At the 1925 session I did what I could to prevent the reservations being put into the compact resolution which blocked congressional action at the last session.

During the past four years I have had frequent conferences with federal officials, with governors and representatives of other states, with the Attorney-General, with former State Engineer McClure and State Engineer Bailey in regard to the Colorado River matter. I have made several visits to the river and know first-hand of conditions there. My work in behalf of Colorado River development has been done unostentatiously and unheralded and with a desire solely to help the people of California.

At the meeting of the National Editorial Association in San Diego last summer I called the attention of that body to the great importance of harnessing the water of the Colorado River, and to the fact that to permit the water to flow unused into the gulf was as wasteful as though every oil well in California would be allowed to empty its output into the ocean. The National Editorial Association, upon my suggestion, adopted a resolution approving the Colorado River project, and since the session many newspapers throughout the United States, which were before uninterested, have come to the help of California in settling this problem. This powerful help will be unavailing if California fails to ratify the compact.

I hope the members of the California Legislature will consider this matter on its merits, free from any political or partisan motives. There is a vital need for immediate action in order to protect the lives and property of the people of Imperial Valley. Last summer a few inches further rise in the flood would have sent the water pouring down through New River and into the Salton Sea. Many southern California cities in a few years will need the water from this great river which is now going to waste. The electric energy now going to waste should be conserved and utilized for the benefit of the people. I am now and have been a consistent friend of Colorado River development, of the Boulder Dam, of the Swing-Johnson bill as revised and rewritten, and of a canal on California soil.

I hope the members of the Legislature, regardless of their political or factional alignment, will get together to help in this great beneficial project.

I have attached hereto expressions from the Governors of other States, and other persons.

Respectfully submitted,
FRIEND WM. RICHARDSON,
Governor.

Statement of Governor Morley of Colorado.

Governor Morley of Colorado, in a communication to Governor Richardson, says:

"Replying to your request for an expression of opinion of the consequences of continued refusal by California Legislature to ratify the Colorado River compact without reservations, we believe such refusal will destroy the good will and spirit of cooperation heretofore existing between the seven Colorado River States and will be construed as evidencing a desire by California to gain unfair advantage of and as an unfriendly act toward the other interested States.

"Permit me to direct your attention to the following: That the Colorado River compact was suggested, negotiated and concluded in response to pleas for relief of the Imperial Valley and other lower river territory and in order to open the way to early construction, flood control and other works necessary to afford that relief; that California, Colorado and four other states promptly and unconditionally ratified the compact in 1923; that Arizona took no action, asking time for further consideration of her problems and her relations with California and Nevada; that delay did not relieve the menace to the Imperial Valley, and, in 1925, the four upper basin states and Nevada offered to relieve the situation by

enactment of special legislation to make the compact effective between the six states, including California, which had theretofore unconditionally ratified it; that, over your earnest remonstrance, the California legislature not only refused to accept this offer, which would have made the compact immediately effective and opened the way to cooperative effort for flood relief, but offended the people of the other five ratifying states by repealing the California ratifying act of 1923 and by adopting a new resolution conditionally agreeing to make the compact effective only when the other states (which furnish the water) should have yielded to the coercion of California and should have provided for a monopolistic reservoir of capacity and location dictated by California; that thereafter California representatives in Congress pushed for consideration pending bills to authorize construction of flood control works, under agreement with representatives of the upper states that the bill, if passed, should never become effective until the California legislature had rectified the wrong to the other states by repealing the 1925 resolution and passing a new act ratifying the compact without condition save that of six-state approval, and that you are only requesting the legislature of your state to now rectify its wrong to the other states and for California not to await action at some future legislative session as promised by your representatives in Congress.

"We who entertain the most cordial relations with the people of California and who have taken every opportunity to assist in the solution of their pressing problems, asking only that we first be afforded that protection (by compact) which is our just due as a state of origin of the river, believe that the legislature of your state will gladly accept the opportunity to rectify the wrong to the other states and to pave the way to early cooperative action for necessary control of our great river.

"I would be remiss did I fail to say that our people will never be fully satisfied with other than the complete protection afforded by a ratification of the compact by all seven of the states. This, we believe, to be essential to the final and successful solution of Colorado River problems by both the states and our federal government. Permit me to urge that due consideration be given the claims of Arizona and that every effort be made to early conclude a just and satisfactory arrangement between the states of Arizona, California and Nevada to the end that there be that accord between the seven Colorado River states essential both to protection of their respective inherent rights as states and to the successful solution of the great problems now confronting both California and Arizona."

Statement of Governor Hannett of New Mexico.

Governor Hannett of New Mexico, in a communication to Governer Richardson, says:

"In my judgment if California refuses to ratify six-state compact on Colorado River it will result in ultimate failure of compact as other upper states feel that California is now playing into the hands of Arizona by their attitude."

Statement of Governor Dern of Utah.

Governor Dern of Utah, in a communication to Governor Richardson, says:

"Utah would regard unconditional ratification of the six-state Colorado River pact by the legislature of California as a friendly act and I hope it will be accomplished. After careful consideration my conclusion is that when the California legislature ratifies the six-state pact earnest efforts should be made by California, Arizona and Nevada to reach an agreement concerning the division of the waters allotted to the lower basin in which Utah also has a considerable interest, thus paving the way for ratification of the seven-state pact which all are agreed is essential to complete protection of all the states. In the absence of California's ratification we must in self-protection continue to oppose any development whatsoever in the lower basin."

Statement of Governor Ross of Wyoming.

Governor Ross of Wyoming, in a communication to Governor Richardson, says:

"Should California now ratify the Colorado River compact without reservations, thus putting it into effect among the six states, it would afford Wyoming a large measure of protection and I sincerely hope that your state may see its way clear to take such action at an early date. If California and Arizona persist in refusing to ratify the compact, Wyoming, in self defense, must continue to object to development in the lower basin states based on appropriations of water from the Colorado River which would not be controlled by the terms of the com-

pact until the rights of this state are protected by act of Congress or otherwise safeguarded. It would seem to me to be the part of wisdom, if it can be done, for the lower states to reach an agreement among themselves whereby the objections to the compact by both Arizona and California would be removed and the compact ratified by all seven states, thus giving to all the states the fullest measure of protection and permitting development on the river to go forward unimpeded."

Statement of Delph E. Carpenter, Commissioner of Colorado.

Delph E. Carpenter, who was the commissioner representing Colorado at the Santa Fe conference when the Colorado River compact was agreed upon, says:

"The question put squarely before the California legislature by Governor Richardson's message is whether or not the State of California will accept the offer of five of the other ratifying states to make the Colorado River compact effective between the six states which originally ratified it, without awaiting action by Arizona and without prejudice to her rights.

"The 1923 sessions of the legislatures of California, Colorado, Nevada, New Mexico, Utah and Wyoming unconditionally ratified the Colorado River compact, in conformity with article XI, which requires approval by the legislature of each of the signatory states and Congress before the compact shall become effective. Arizona took no action, awaiting further information respecting her own problems. The delay thus foretold postponed ratification for two years or longer.

"But in the meantime, the flood menace to the Imperial Valley, California, and other districts became more imminent. This, with other causes, prompted the suggestion that the Colorado River compact be made immediately effective between the six states which had ratified, without prejudice to Arizona. This could be accomplished by reciprocal legislation by the six states providing for waiver of the requirements of article XI of the compact. The 1925 session of the Colorado legislature passed such an act, and similar acts were passed by the legislatures of Nevada, New Mexico, Utah and Wyoming.

"But California failed to concur with the other States. While her legislature passed a resolution to make the compact ultimately effective between six or more ratifying States, it contained a provision that the resolution should not become effective until after a reservoir of 20,000,000 acre-feet capacity, at or below Boulder Canyon on the Colorado River, had been authorized for construction by the United States.

"In other words, California refused to accept the offer of the other States to make the compact immediately effective, while awaiting the action of Arizona, in order that California might be protected against destructive floods, and, by resolution of her legislature, in effect, replied that she questioned the good faith of the other States and demanded the authorization of the construction of a monopolistic reservoir for her special benefit, with funds from the treasury of the United States before she would give the other States protection of their rights to the use of the water of the river, by approving the compact.

"The 1925 California resolution also provided for the repeal of the 1923 action of the California legislature unconditionally ratifying the compact.

"In conformity with the resolution, California representatives in Congress pressed for consideration a bill to provide for construction, with federal funds, of the Boulder Canyon Dam (on the Arizona-Nevada boundary) and the all-American Canal, and congressional approval of the Colorado River compact. This is the act referred to by Governor Richardson.

"Realizing the danger of enactment by Congress of some measure for flood control on the lower Colorado River, out of simple caution, representatives of the upper-basin States proposed, discussed and agreed upon certain amendments to the bill pending before Congress, including a provision that the congressional act should not become effective until California had unconditionally approved the compact and had repealed her coercive act of 1925. This bill is still under consideration before a committee of the House of Representatives, but was favorably reported by the Senate Committee on Irrigation and will be upon the calendar for consideration at the next session of Congress.

"Many of those desiring to make early provision for the protection of the lower Colorado River believe that there is small likelihood of Congress passing any bill for this purpose until the Colorado River compact has been unconditionally approved, especially in view of the demands of Arizona for a reasonable understanding with California

prior to the Arizona ratification of the compact and prior to any action by Congress which might interfere with Arizona interests. It is the evident desire of Governor Richardson that obstacles be removed at once by the repeal of the 1925 California resolution and substitution of an act similar to the act passed by the other five States, which originally ratified the compact. If the California legislature takes this action at the special session and Congress promptly ratifies the compact, there is better chance for favorable consideration of the pending measure for the construction of flood control.

"Justification was sought for the coercive features of the California resolution of 1925 by excuses of desire to protect present existing rights in the lower Colorado River. Such, however, are not valid, as article VIII of the compact provides that present perfected rights in the lower basin shall remain unimpaired until 'storage capacity of 5,000,000 acre-feet shall have been provided on the main Colorado River within and for the benefit of the lower basin.' In other words, construction of reservoir of that minimum capacity is a condition precedent to the final protection of the upper basin against adverse claims from present users in the lower basin and unconditional approval of the compact by the California Legislature would include this protective clause.

"The coercive features of the 1925 California resolution, coupled with the evident intent to question the good faith of the other States by the Legislature of the very State which will derive the greatest benefit from works constructed in harmony with the compact, did not come with good grace. The other six States are entitled to protection of present and future development by a compact concluded and ratified by all seven States and by Congress as a preliminary to any major construction on the river. In other words, there should be an agreement respecting the title of the property before the building is placed upon it. The attitude of California demanding that the building be guaranteed before she enters into a discussion of the settlement of title and that the funds for the building be withdrawn from the national treasury, is hardly in keeping with the spirit of interstate comity displayed by the other Colorado River States, which furnish the water California desires to use, and, were it not for the imminent danger to innocent people in the Imperial Valley and elsewhere, the whole matter would be left in abeyance until all questions of present and future title to the use of the waters of the river had been settled and determined by the seven-State compact, and such subsidiary compacts as are contemplated by that compact."

Proclamation Convening the Legislature in Extraordinary Session.

Whereas, An extraordinary occasion has arisen and now exists requiring that the Legislature of the State of California be convened; now, therefore

I, Friend Wm. Richardson, Governor of the State of California, by virtue of the power and authority vested in me by section 9 of article V of the Constitution of the State of California, do hereby convene the Legislature of the State of California to meet and assemble in extraordinary session at the State Capitol at Sacramento, California, on Friday, the twenty-second day of October, 1926, at the hour of 10 o'clock a. m., for the following purpose, and none other:

To adopt the following joint resolution of the Senate and Assembly relative to approving the Colorado River compact:

Whereas, The Legislatures of the States of California, Colorado, Nevada, New Mexico, Utah and Wyoming heretofore have approved the Colorado River compact signed by the commissioners of the said States and the State of Arizona and approved by Herbert Hoover as the representative of the United States of America, at Santa Fe, New Mexico, November 24, 1922 (chapter 17 of Concurrent and Joint Resolutions, Statutes of California, 1923), and notice of the approval by the Legislature of each of said approving States has been given by the Governor to the Governors of the other signatory States and to the President of the United States as required by article XI of said compact; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the provisions of the first paragraph of article XI of the Colorado River compact, making said compact effective when it shall have been approved by the Legislature of each of the signatory States, are hereby waived and said compact shall become binding and obligatory upon the State of California and upon the other signatory States which have ratified, or may here-

after ratify it, whenever at least six of the signatory States shall have consented thereto and the Congress of the United States shall have given its consent and approval; provided, however, that this act shall be of no force and effect until a similar act or resolution shall have been passed or adopted by the Legislatures of the States of Wyoming, Colorado, Nevada, New Mexico and Utah, and the President of the United States by public proclamation shall have so declared; and be it further

Resolved, That Assembly Joint Resolution No. 15 passed by the Legislature of 1925 (chapter 33, Concurrent and Joint Resolutions, Statutes of 1925), and any and all other acts or resolutions inconsistent herewith be and they are hereby repealed and rescinded; and be it further

Resolved, That this act shall take effect and be in force from and after its passage.

In witness whereof I have hereunto set my hand and caused to be affixed thereto the Great Seal of the State of California at Sacramento this fourteenth day of October, 1926.

(Great Seal of the State of California.)

FRIEND WM. RICHARDSON,
Governor of California.

Attest:

FRANK C. JORDAN,
Secretary of State.
By FRANK H. CORY,
Deputy.

October 25, 1926—*Clerk to furnish members of Board with copy of Governor's message.*

Closing a Portion of Walbridge Street.

Supervisor Badaracco presented:

Resolution No. 26383 (New Series), as follows:

Closing and abandoning a portion of Walbridge street as hereinafter described.

Whereas, this Board has, by Resolution No. 26189 (New Series), declared its intention to close and abandon a portion of Walbridge street, hereinafter more particularly described; and

Whereas, proper notice of said resolution and of said proposed closing and abandoning of a portion of Walbridge street was duly given by the Board of Public Works of said City and County of San Francisco by publication and posting in the manner provided in the Charter of the City and County of San Francisco; and

Whereas, more than ten days have elapsed after the expiration of the publication of said notice, and no objections to the closing and abandonment of said portion of Walbridge street were made or delivered to the Clerk of this Board within said period of ten days, or at all; and

Whereas, it is the opinion of this Board that the public interests and convenience will be conserved by the closing and abandonment of said portion of Walbridge street; and

Whereas, in and by said Resolution No. 26189 (New Series) this Board did declare that the damages, costs and expenses of closing said portion of Walbridge street is nominal and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses thereof, the Board of Supervisors hereby declares and determines that the whole damage, cost and expense of closing said portion of said street shall be paid out of the revenues of the City and County of San Francisco; now, therefore, be it

Resolved, That the said closing and abandonment of a portion of said Walbridge street be and the same is hereby ordered and that the said portion of said Walbridge street be and the same is hereby closed and abandoned as a public street.

The said portion of Walbridge street hereinabove referred to is more particularly bounded and described as follows, to-wit:

Beginning at the point of intersection of the northerly line of Walbridge street, in San Francisco County, with the southerly boundary of the City and County of San Francisco, and running thence westerly along the northerly line of Walbridge street 1008.972 feet; thence easterly on a curve to the left of 1102.246-foot radius, tangent to a line deflected 171 deg. 32 min. 16 sec. to the left from the preceding course, central angle 8 deg. 27 min. 44 sec, a distance of 162.795 feet to a point distant 12 feet at right angles southerly from the northerly line of Walbridge street; thence easterly, tangent to the preceding curve, parallel with the northerly line of Walbridge street and distant 12 feet at right angles southerly therefrom, a distance of 813.027 feet to the southerly boundary of the City and County of San Francisco; thence deflecting 19 deg. 34 min. 40 sec. to the left and running easterly along said southerly boundary 35.812 feet to the point of beginning.

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works and that the Board of Public Works be instructed to proceed thereafter as required by law and the Charter of the City and County of San Francisco; and the Clerk of this Board is hereby directed to advertise this resolution in The Bulletin, as required by law.

Adopted by the following vote:

Ayes— Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Shannon, Stanton, Todd—17.

Absent—Supervisor Roncovieri —1.

Establishing Grades, Thor Avenue.

On motion of Supervisor Badaracco:

Bill No. 7789, Ordinance No. —— (New Series), as follows:

Establishing grades on Thor avenue between Chenery and Surrey streets.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The grades on Thor avenue between Chenery and Surrey streets are hereby established at points hereinafter named and at heights above city base as hereinafter stated in accordance with the recommendation of the Board of Public Works filed October 19, 1926.

Closing and Abandoning a Portion of Oneida Street.

Supervisor Badaracco presented: Resolution No. 26391 (New Series), as follows:

Whereas, this Board has, by Resolution No. 26192 (New Series), declared its intention to close and abandon a portion of Oneida street, hereinafter more particularly described; and

Whereas, proper notice of said resolution and of said proposed closing and abandoning of a portion of Oneida street was duly given by the Board of Public Works of said City and County of San Francisco by publication and posting in the manner provided in the Charter of the City and County of San Francisco; and

Whereas, more than ten days have elapsed after the expiration of the publication of said notice, and no objections to the closing and abandonment of said portion of Oneida street were made or delivered to the Clerk of this Board within said period of ten days, or at all; and

Whereas, it is the opinion of this Board that the public interests and convenience will be conserved by the closing and abandonment of said portion of Oneida street; and

Whereas, in and by said Resolution No. 26192 (New Series), this Board did declare that the damages, costs and expenses of closing said portion of Oneida street is nominal and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses thereof, the Board of Supervisors hereby declares and determines that the whole damage, cost and expense of closing said portion of said street shall be paid out of the revenues of the City and County of San Francisco; now, therefore, be it

Resolved, That the said closing and abandonment of said portion of Oneida street be and the same is hereby ordered and that the said portion of said Oneida street be and the same is hereby closed and abandoned as a public street. The said portion of Oneida street hereinabove referred to is more particularly described as follows, to-wit:

All of that portion of Oneida street between Otsego avenue and Cayuga street.

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works and that the Board of Public Works be instructed to proceed thereafter as required by law and the Charter of the City and County of San Francisco; and the Clerk of this Board is hereby directed to advertise this resolution in The Bulletin, as required by law.

Presidio Officers and Men Thanked for Cooperation, San Francisco Sesqui-Centenial Celebration.

Supervisor Hayden presented:

Resolution No. 26401 (New Series), as follows:

Whereas, in the recent celebration of the historic event of the Sesqui-Centennial of the founding of San Francisco, a principal feature was the military and naval parade; and Major General James H. McRae, the Commanding General Ninth Corps Area, his chief of staff, Colonel A. V. P. Anderson, and the other officers and men under his command at the Presidio of San Francisco rendered to the City signal service and great aid by making the parade a market success, which would not otherwise have been possible; and this splendid aid and service was prompted by the whole-hearted spirit of cooperation on the part of these officers, which characterizes the sentiment and feeling constantly manifested by the United States Army, and furnishes an example of its peace-time service in our civic affairs and in the public interests of the citizens of San Francisco; and

Whereas, special mention should be made of the efficient assistance rendered by Colonel Frank C. Bolles as colonel commanding the 30th U. S. Infantry and as chairman of the day, and also of Major Robert W. Blaine, the special representative of Major General McRae, and especially to be remarked also is the splendid showing made by Colonel Bolles' command, which was in keeping with its high standards and merited our civic pride in the name "San Francisco's Own"; and

Whereas, with a sense of gratitude for this service it is highly fitting that official recognition should be given by our City government of the assistance rendered; now, therefore, be it

Resolved, That the Mayor and the Board of Supervisors of the City and County of San Francisco, in meeting assembled, do hereby record and express our sincere appreciation to Major General James H. McRae, Commanding General

Ninth Corps Area, his headquarters and the officers and men under his command at the Presidio of San Francisco, particularly those above mentioned, for their service, aid and hearty cooperation to which was due the success of the military and naval parade, which was an essential feature in making the celebration of the Sesqui-Centennial of the founding of our City a great benefit and credit to San Francisco; and be it

Further Resolved, That a copy of this resolution be transmitted to Major General McRae, the other officers above mentioned, and to the War Department at Washington, D. C.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Shannon, Stanton, Todd—17.

Navy Thanked for Cooperation, San Francisco Sesqui-Centennial Celebration.

Supervisor Hayden presented:

Resolution No. 26402 (New Series), as follows:

Whereas, in the recent celebration of the historic event of the Sesqui-Centennial of the founding of San Francisco a principal feature was the military and naval parade; and Rear Admiral Thomas Washington, the Commandant Twelfth Naval District, his chief of staff, Captain S. V. Graham, and the other officers and men under his command in the vicinity of San Francisco rendered to the City signal service and great aid by making the parade a marked success, which would not otherwise have been possible; and this splendid aid and service was prompted by the whole-hearted spirit of cooperation on the part of these officers which characterizes the sentiment and feeling manifested by the United States Navy and furnishes an example of its peace-time service in our civic affairs and in the public interests of the citizens of San Francisco; and

Whereas, special mention should be made of the efficient assistance rendered by Commander Edward J. Foy, the special representative of Rear Admiral Washington, and especially to be remarked also is the splendid showing made by the bluejacket detachment which was in keeping with the high standards of the Navy; and

Whereas, with a sense of gratitude for this service it is highly fitting that official recognition should be given by our City government of the assistance rendered; now, therefore, be it

Resolved, That the Mayor and the Board of Supervisors of the City and County of San Francisco, in meeting assembled, do hereby record and express our sincere appreciation to Rear Admiral Thomas Washington, the Commandant Twelfth Naval District, his headquarters and the officers and men under his command in the vicinity of San Francisco, particularly the officer above mentioned, for their service, aid and hearty cooperation to which was due the success of the military and naval parade, which was an essential feature in making the celebration of the Sesqui-Centennial of the founding of our City a great benefit and credit to San Francisco; and be it

Marine Corps Officers and Men Thanked for Cooperation, San Francisco Sesqui-Centennial.

Supervisor Hayden presented:

Resolution No. 26403 (New Series), as follows:

Whereas, in the recent celebration of the historic event of the Sesqui-Centennial of the founding of San Francisco a principal feature was the military and naval parade; and Major General Wendell C. Neville, the Commanding General of the Department of the Pacific, United States Marine Corps, his chief of staff, Colonel D. P. Hall, and the other officers and men under his command in the vicinity of San Francisco rendered to the City signal service and great aid by making the parade a marked success, which would not otherwise have been possible; and this splendid aid and service was prompted by the whole-hearted spirit of cooperation on the part of these officers which characterizes the sentiment and feeling manifested by the United States Marine Corps and furnishes an example of its peace-time service in our civic affairs and in the public interests of the citizens of San Francisco; and

Whereas, special mention should be made of the efficient assistance rendered by Captain P. C. Geyer, Jr., the special representative of Major General Neville, and especially to be remarked, also, is the splendid showing made by the Marine Corps detachment, which was in keeping with the high standards of the Marine Corps; and

Whereas, with a sense of gratitude for this service it is highly fitting that official recognition should be given by our City government of the assistance rendered; now, therefore, be it

Resolved, That the Mayor and the Board of Supervisors of the City and County of San Francisco, in meeting assembled, do hereby record and express our sincere appreciation to Major General Neville, the Commanding General of the Department of the Pacific, United States Marine Corps, his headquarters and the officers and men under his command in the vicinity of San Francisco, particularly the officer above mentioned, for their service, aid and hearty cooperation to which was due the success of the military and naval parade, which was an essential feature in making the celebration of the Sesqui-Centennial of the founding of our City a great benefit and credit to San Francisco; and be it

Board of Supervisors, City and County of San Francisco, Room 235, City Hall, San Francisco, California.

Gentlemen:

I have the honor to acknowledge receipt of your letter of the 3d instant quoting a copy of a resolution adopted by the Board of Supervisors expressing their appreciation of the part taken by the officers and men of this Naval District in the Sesqui-Centennial Celebration held in San Francisco last month.

I am deeply grateful for the kind expressions of the Board of Supervisors and thank you therefor.

It is always a pleasure for the officers and men of the Navy to assist in furthering the interests of San Francisco and its officials in every way, and it is a pleasure to us to be of any service to you at any time.

Very respectfuly yours,

(Sgd.) THOS. WASHINGTON,
Rear Admiral, U. S. Navy, Commandant, Twelfth Naval District.

Traffic League Convention Committee.

The following was presented and read by the Clerk:

Report on Plans for Enlarging Yacht Harbor.

Supervisor Gallagher presented the following report which was read and ordered *filed*:

San Francisco,
October 25, 1926.

Board of Supervisors, City and County of San Francisco.

Gentlemen:

In the matter of the protest of residents and property owners of the Marina District against the plans of the Park Commission for dredging and enlarging the Yacht Harbor, your Committee on Education, Parks and Playgrounds respectfully reports as follows:

On Thursday, October 14, 1926, the committee had an extensive hearing at which all interested parties were present. The following specific objections were urged by the protestants:

1. That if the Park Commission is allowed to proceed with this work of enlarging the Yacht Harbor the small beach now used by children for bathing will be destroyed.

2. That the present area allotted for the Yacht Harbor is sufficient and that to enlarge the same as proposed by the Park Commission would defeat the original purpose and plan of developing this property for park purposes.

3. The Park Commissioners' plan to permit private organizations or persons, namely, the yacht clubs to have exclusive privileges on city property, which is in violation of the law as well as contrary to public policy.

4. That the yacht clubs that are now using the Yacht Harbor are posting notices on the piers reading as follows: "Private property —Keep out," and also that signs reading: "Private landing—Keep out" have been erected.

5. That in the past some of the yachtsmen using the Yacht Harbor have, on occasions, disturbed the neighborhood by their noisy and boisterous conduct and the probabilities are that the situation would become worse in this regard if the facilities of the Yacht Harbor are enlarged so as to accommodate a greater number of boats.

The Park Commission was represented by Park Commissioner William F. Humphrey, its engineer, John M. Punnett, and its secretary, R. P. Lamb.

The yacht clubs were represented by Mr. Hart Weaver of the San Francisco Yacht Club, and Mr. Fred H. Meyer of the Corinthian Club.

The protestants were represented by Mrs. J. E. Blake, secretary, Marina District Improvement Association, Mrs. Elsa S. Leon and Mr. L. M. Williams.

Park Commissioner Humphrey outlined the program of the Park Commission for the development of the Marina Park and Yacht Harbor. Mr. John M. Punnett, engineer for the Park Commission, stated that the present area of the Yacht Harbor was three acres and that the Park Commission plans to dredge out nine more acres to the west, making a total area of twelve acres for the Yacht Harbor.

As to the first objection, namely, that the present bathing beach would be destroyed, he stated that it was not a suitable bathing place —that the water was polluted on account of the sewerage emptying into the bay from the foot of Baker and Pierce streets and that if parents permitted their children to bathe at the present beach they did so at the risk of the health of the children. Furthermore, he stated, that there would be twelve hundred feet of sandy bathing beach at the Aquatic Park, eight blocks west of the Marina Yacht Harbor, which would furnish ideal and ample space for bathing purposes.

As to the second objection, Park Commissioner Humphrey stated that under the plans of the Park Commission there will still be ample space reserved for park purposes, inasmuch as there will be four blocks of park space to the east of the Yacht Harbor and one block of park space to the west.

As to the third objection, Commissioner Humphrey stated emphatically that there would be no monopoly or exclusive privilege granted to any person or organization—to do so would be—illegal—that the Park Commission could not, if it wanted to, grant private individuals exclusive right to the use of city property.

In view of this statement of Mr. Humphrey, Mr. Williams, the protestant, withdrew his objection so far as this feature was concerned.

As to the fourth objection, relative to the erection of signs reading "Private property or Private landing—Keep out"—Mr. Humphrey explained that the Park Commission was collecting a nominal fee from the owners of yachts and boats for mooring space in the Yacht Harbor and that these signs were erected on the landings or approaches to the boats berthed in the harbor by the owners of the boats in order to protect the boats from unauthorized persons going on board the same and committing acts of vandalism.

As to the fifth objection, relative to the noisy and boisterous conduct of some of the yachtsmen, Com-

missioner Humphrey assured the protestants that the Park Commission would exercise the strictest supervision and regulation over the persons using the Yacht Harbor. All persons mooring boats in the Yacht Harbor are required to pay a license fee and secure a permit from the Park Commission and Mr. Humphrey stated the Park Commission could be depended on to take whatever steps are necessary to protect the peace and quiet of the neighborhood and prevent disorderly conduct and acts of rowdyism.

Furthermore, it appears that the residents and property owners on the Marina are not a unit in their objections to the plans of the Park Commission for the enlarging of the Yacht Harbor as Mr. George O. Mattson, representing the Marina Home Builders' Association, comprising a membership of three hundred, was present and stated that his organization approved the plans of the Park Commission for the enlarging of the Yacht Harbor and beautification of the Marina property.

Mr. Joseph M. Cummings, representing the Down Town Association; Mr. Fred H. Meyer, representing the Corinthian Yacht Club, expressed their hearty approval of the plans of the Park Commission for the enlargement of Yacht Harbor.

In view of the foregoing information and the facts brought out at the hearing, your Committee on Education, Parks and Playgrounds believes that the plans of the Park Commission should not be stopped or interfered with. In the opinion of the committee, when the plans of the Park Commission are fully consummated, due consideration will have been given to the yachting and park features, as well as the demand for small beach space for bathing purposes and it will be a place of beauty as well as an asset to our City.

The committee feels that the people can leave the matter for the present to the judgment of the Park Commission to work out the very best results for all concerned.

It is, therefore, recommended that the protest be filed.

Respectfully submitted,
ANDREW J. GALLAGHER,
WM. P. STANTON,
RICHARD J. WELCH,
Committee on Education, Parks and Playgrounds.

Bridge Hearing Transcripts.

The following was presented and read by the Clerk:

Communication, from J. J. Heuer, Jr., Deputy Chief of Division, State of California, Department of Public Works, Sacramento, acknowledging receipt of transcripts of bay bridge proceedings for October 13, 14, 19 and 20, and noting that transcript for October 21 has not yet been printed.

Ordered *filed*.

Relative to Bay Bridge.

The following was presented and read by the Clerk:

Communication, from Heller, Eldrick & McCormick, attorneys for Gustave Lindenthal, stating that Mr. Lindenthal desires to present some matters to the Board, one of which refers to a method of construction that would not be affected by earthquakes similar to that used in Panama Canal construction, and requesting a hearing from Mr. Lindenthal in the matter November 15, 1926.

Supervisor Gallagher moved that the request be granted and that Mr. Lindenthal be heard at 11 a. m., November 15th.

Capt. Ainsworth declared that he represented the public and asked permission to be given a hearing at the same time.

Supervisor Gallagher moved that the hearing be granted at 11 a. m., November 15th.

Supervisor Harrelson moved as an amendment reference to the Special Bridge Committee.

Chas. Brennan, attorney for one of the bridge applicants, protested reference to the Special Bridge Committee. He declared that Capt. Ainsworth had no authority to represent C. C. Thomas Post or the United States Employees Association.

Citizen on behalf of W. F. Holcomb project requested that he be granted a chance for rebuttal.

Supervisor Gallagher raised a point of order that reference to the committee is out of order at this time for the reason that it would invalidate the proceedings.

Whereupon, Supervisor Harrelson withdrew his amendment.

Minority Report Golden Gate Bus Line.

The following was presented and read by the Clerk:

San Francisco,
November 7, 1926.

Board of Supervisors, City and County of San Francisco.

Gentlemen:

As a member of the Public Utilities Committee I wish to file a protest against granting a permit to the Golden Gate Ferry Company to operate a bus line in competition with our Municipal Railway through congested streets of the city. Traffic is so heavy at present time it is found hard to regulate it. If necessary an extension could be made to the Municipal Railway to connect with the ferry boats of the Golden Gate Ferry.

Respectfully submitted,
(Sgd.) CHAS. J. POWERS,
Member, Public Utilities Committee.

Motion.

Supervisor Gallagher moved that all matters, letters and reports regarding the Golden Gate bus service and representatives of the City Engineer's office be present at the hearing.

Whereupon, the foregoing matter was *laid over one week.*

Holidays for Per Diem Men.

On motion of Supervisor Shannon:

Bill No. 7790, Ordinance No. —— (New Series), as follows:

Providing for and designating holidays of per diem employees of the Department of Public Works in the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Department of Public Works of the City and County of San Francisco shall recognize as holidays for per diem employees the following days only: Every Sunday, New Year's Day, Decoration Day, Independence Day, Labor Day, Admission Day, Thanksgiving Day and Christmas. If any of said holidays shall fall upon Sunday the following Monday shall be a holiday.

Section 2. The provisions of this ordinance shall not apply to platform men of the Municipal Railway or to other employees of public utilities actually necessary for the operation of the same.

Section 3. This ordinance shall take effect immediately.

Golden Gate Ferry Bus Permit.

Also, Resolution No. —— (New Series), as follows:

Resolved, That Golden Gate Ferry Company, a corporation, be and it is hereby granted permission, revocable at the will of the Board of Supervisors, to maintain and operate automobile busses over and on the hereinafter described route in the City and County of San Francisco, to-wit:

Granting Golden Gate Ferry Company, a corporation, permission, revocable at the will of the Board of Supervisors, to maintain and operate automobile buses over and on the hereinafter described route in the City and County of San Francisco, to-wit:

Commencing at the intersection of Jefferson and Hyde streets, thence over Hyde street to Beach street, thence over Beach street to Columbus avenue, thence over Columbus avenue to Kearny street, thence over Kearny street to Market and Third streets, thence over Third street to Mission street, thence over Mission street to Fifth street to Auto Stage Depot, and thence back again over the same route to the intersection of Jefferson and Hyde streets.

That said permit be and the same is hereby granted upon the terms and conditions hereinafter set forth, and the acceptance or use of said permit by said Golden Gate Ferry Company, a corporation, shall be deemed to be an assent to all of said terms and conditions, and to the holding of said permit subject thereto, which said terms and conditions are as follows:

(a). That nothing herein contained shall be considered a franchise granted to said Golden Gate Ferry Company, a corporation, to operate said buses, nor shall the same ever become or ripen into a franchise, and that the permit herein granted shall at all times be revocable at the will of the Board of Supervisors, and upon the revocation of the same all rights and privileges herein granted shall cease and determine.

(b). That said buses will at all times be operated by skilled operators, and in the operation of the same the said Golden Gate Ferry Company, a corporation, will comply with all State and Municipal rules. laws and regulations, and save the City and County of San Francisco harmless from any and all liability caused by the operation of any bus or buses as aforesaid.

(c). That on said buses operated under this permit a fare of ten cents for each passenger shall be charged, which said fare when paid on a bus traveling over said route shall not entitle a passenger to any transfer privilege.

(d). That no passengers shall be taken on between terminals; however, said buses may stop en route to allow passengers taken on at the intersection of Hyde and Jefferson streets to disembark at any point before reaching the terminal at Fifth and Mission streets.

(e). That the permit herein granted shall not be assigned or transferred without the consent of the Board of Supervisors, and before the same shall become effective the Golden Gate Ferry Company, a corporation, shall file with the Board of Supervisors a written acceptance of said permit, in which it shall agree to accept said permit subject to all of the conditions herein contained.

Spur Track Permit, Southern Pacific Company.

On motion of Supervisor Marks:

Bill No. 7791, Ordinance No. —— (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to Southern Pacific Company (a corporation) to construct, maintain

and operate a spur track on Bluxome street between Fourth and Fifth streets, as hereinafter described.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to the Southern Pacific Company (a corporation) to construct, maintain and operate a spur track on Bluxome street between Fourth and Fifth streets as follows:

Beginning at a point in the existing Bluxome street lead, said point being distant northeasterly approximately 295 feet from the easterly line of Fifth street; thence southwesterly to a point on the northwesterly line of Bluxome street, said point being distant northeasterly approximately 18 feet from the said easterly line of Fifth street.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided that said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expenses connected with the installation of the tracks, restoration of the pavement and any additional requirements for the surface drainage to be paid for by the Southern Pacific Company; provided that Southern Pacific Company shall erect and maintain all-night lighted arc lamps to be placed where directed by the Lighting Committee of the Board of Supervisors.

Provided, that girder rail be used, that proper clearance be observed; that the drainage intercepted by the proposed spur track be provided for.

Section 2. This ordinance shall take effect immediately.

Settlement of Condemnation Suit.

Supervisor McSheehy presented:

Resolution No. 26417 (New Series), as follows:

Whereas, there has been pending in the Superior Court of the City and County of San Francisco a condemnation suit entitled City and County of San Francisco vs. F. F. Hestal Company et al., No. 168636, for the acquisition of certain parcels of land necessary for the construction of the Sunset Tunnel, Duboce avenue route; and

Whereas, a judgment by default was heretofore entered against the defendants Anna Kawalkowski and Leo J. Kawalkowski, owners of the property hereinafter described, and a final decree of condemnation made, given and entered in favor of the City and County of San Francisco for possession and title in fee simple to said City and County of San Francisco, and under the terms of said decree the sum of $9,000 has been deposited with the County Clerk in full satisfaction of said judgment and a writ of possession was issued upon said judgment and delivered to the Sheriff of the City and County of San Francisco; and

Whereas, defendants Anna Kawalkowski and Leo J. Kawalkowski in said case have offered to settle the same and convey the land owned by them and hereinafter described to the City and County of San Francisco upon receipt of the total sum of $10,000 and said defendants agree to deliver said premises on or before the 25th day of November, 1926. The description of said parcel of land owned by said defendants Anna Kawalkowski and Leo J. Kawalkowski is as follows:

Commencing at a point on the northerly line of Carl street, distant thereon one hundred four (104) feet easterly from the easterly line of Cole street, and running thence easterly along the northerly line of Carl street twenty-five (25) feet; thence at a right angle northerly one hundred thirty-seven and fifty hundredths (137.50) feet; thence at a right angle westerly twenty-five (25) feet; thence at a right angle southerly one hundred thirty-seven and fifty hundredths (137.50) feet to the northerly line of Carl street and the point of commencement. Being a portion of Western Addition Block Number 678.

Whereas, the City Attorney has recommended the payment of said sum as being a reasonable settlement of said litigation; now, therefore, be it

Resolved, That the purchase of the hereinabove described parcel of land for the total sum of $10,000 and the settlement of said litigation upon the payment of the additional sum of $1,000 is hereby authorized.

The City Attorney is hereby directed to supervise said transaction, to accept and record the necessary satisfaction of said judgment and deed conveying a clear title to said property to the City and County of San Francisco upon the payment of the total price of $10,000 and to conclude the pending condemnation suit.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Byington, Colman, Deasy, Gallagher,

Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Shannon, Stanton, Todd—16.

Absent—Supervisors Bath, Roncovieri—2.

Rejection of Bids, School Furniture.

Supervisor Badaracco presented:

Resolution No. 26418 (New Series), as follows:

Whereas, the Superintendent of Schools has reported that the low bids on the respective items of chairs for School Department heretofore submitted on October 11, 1926 (Proposal No. 237), are on vendor's sample and same are "not acceptable for the purpose" for which these chairs are intended; and

Whereas, after due consideration of the other bids received thereon, it is the conclusion of the Supplies Committee, the Superintendent of Schools and the Purchaser of Supplies that said bids are too high and that the required chairs may be bought in the open market at a lower price; therefore, be it

Resolved, That all bids submitted October 11, 1926 (Proposal No. 237), be rejected; and be it

Further Resolved, That the Purchaser of Supplies is hereby authorized to purchase such chairs in the open market as are necessary and acceptable for the use of the School Department in the premises.

Adopted by the following vote:

Ayes—Supervisors Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Shannon, Stanton, Todd—15.

Absent — Supervisors Badaracco, Bath, Roncovieri—3.

Report of Committee on Committees.

Honorable Board of Supervisors:

The Committee on Committees recommends that Supervisor Lewis F. Byington be appointed chairman of the Health Committee, and that Supervisor J. Emmet Hayden be transferred as chairman of the Health Committee to chairman of the City Planning Committee, and that Supervisor Byington be appointed a member of the Building Committee and the Education, Parks and Playgrounds Committee, and that Supervisor Chas. J. Powers be transferred as a member of the Public Utilities Committee to a member of the Lighting Committee, and that Supervisor Franck R. Havenner be transferred from a member of the Public Buildings Committee to the Public Utilities Committee.

JAS. B. McSHEEHY.
FRANCK R. HAVENNER.
CHAS. J. POWERS.
J. B. BADARACCO.

Supervisor Badaracco moved the adoption of the resolution.

Supervisor Hayden raised the point of order that there is no such committee as the Committee on Committees.

Supervisor McSheehy (from the chair) ruled the point of order not well taken.

Supervisor Hayden appealed from the decision of the chair.

Whereupon, Supervisor Marks, at the request of the chair, put the question "Can the decision of the chair be the decision of the Board?"

Chair *sustained* by the following vote:

Ayes — Supervisors Badaracco, Deasy, Havenner, Kent, McSheehy, Powers, Schmidt, Shannon, Stanton, Todd—10.

Noes—Supervisors Byington, Colman, Gallagher, Hayden, Harrelson—5.

Absent—Supervisors Bath, Marks, Roncovieri—3.

Supervisor Shannon moved that the committee's report be postponed one week.

Notice of Reconsideration, Condemnation of Call for Special Session of Legislature, Boulder Dam.

The following resolution, heretofore presented by Supervisor Havenner, recommended by the Public Utilities Committee and adopted at last meeting, was taken up on notice of reconsideration given at that time by Supervisor Hayden:

Resolution No. ——— (New Series), as follows:

Whereas, the people of California have recently been surprised and mystified by the action of their outgoing Governor in calling a special session of the State Legislature for the ostensible purpose of taking immediate action upon the proposal to dam the waters of the Colorado River; and

Whereas, this proposed project is now pending before the Congress of the United States, and no request for such hasty action by the State Legislature has been made by any representative of California in the Congress, nor have the people of Southern California, who are most directly interested in the development of the Colorado River project, made any appeal to the Governor, either direct or indirect, for such hasty action; and

Whereas, United States Senator Hiram W. Johnson and Representative Phil D. Swing, co-authors of the so-called Boulder Canyon Bill, now pending before Congress, for the development of the Colorado River project, have publicly announced that the action proposed by the Governor would be premature and might adversely affect the primary objects and ultimate success of the project; and

Whereas, the leaders of the movement in Southern California for the development of this porject have acquiesced in the views expressed by Senator Johnson and Congressman Swing, and have indicated a belief that the real purpose of the Governor in calling this special session of the Legislature is to defeat the purposes of the Boulder Canyon Bill; and

Whereas, the ultimate completion of this project is of vital importance to the entire State of California because it proposes providing irrigation for hundreds of thousands of acres of land now barren, and cheap electricity for thousands of citizens of many communities in the southern section of the State; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco deplore the action of the Governor in calling this special session of the Legislature just prior to his departure from office as an unnecessary expense upon the taxpayers of California and a palpable poltical move to discredit and adversely affect the great constructive project now under consideration by Congress; and be it

Further Resolved, That we, the Board of Supervisors, urge the members of the Legislature representing San Francisco to exercise the utmost caution in casting their votes upon any proposal which may be submitted by our defeated Governor to the special session of the Legislature, to the end that nothing may be done which will embarrass the authors of the Boulder Canyon Bill in Congress or endanger the ultimate success of that measure; and be it

Further Resolved, That copies of this resolution be sent to his Excellency the Governor, to his Excellency, the Lieutenant-Governor, to United States Senator Hiram W. Johnson and Representative Phil D. Swing, and to each Senator and Assemblyman representing San Francisco in the State Legislature.

Reconsideration Refused.

Supervisor Hayden thereupon moved for a reconsideration of the vote, whereby the foregoing resolution was adopted at last Monday's meeting.

Motion *lost* by the following vote:

Ayes—Supervisors Byington, Colman, Gallagher, Harrelson, Hayden—5.

Noes—Supervisors Deasy, Havenner, Kent, McSheehy, Marks, Powers, Schmidt, Shannon, Stanton, Todd—10.

Absent—Supervisors Badaracco, Bath, Roncovieri—3.

Appropriation, $20,000, for Publicity and Advertising.

Supervisor Kent presented:

Resolution No. ——— (New Series), as follows:

Resolved, That the sum of $20,000 be and the same is hereby set aside, appropriated and authorized to be expended out of "Publicity and Advertising Fund" to Californians,

Inc., for the publicity and advertising of San Francisco.

Supervisors Hayden and Colman commended the proposed appropriation as being money well spent in advertising San Francisco and vicinity to the world.

Passed for Printing.

Whereupon, the foregoing resolution was *passed for printing.*

Mayor Rolph has appointed as the committee to attend the meeting of the Municipal Traffic League at Fresno on November 18th, Supervisors Todd, Bath, Schmidt, Gallagher and Shannon.

Municipal Broadcast.

Supervisor Hayden presented:

Resolution No. ——— (New Series), as follows:

Whereas, the publication of the official organ of the Board of Supervisors, known as the Municipal Record, has been discontinued for reasons of economy; and

Whereas, the citizens of San Francisco have no direct contact with the actions of the Board of Supervisors except in a condensed form through the columns of the local press; and

Whereas, the interest of the people in current events demands that they receive first hand all information and details of civic matters; and

Whereas, there is nothing of greater interest than the acts and deliberations of the legislative body of the City and County of San Francisco; therefore, be it

Resolved, That the Board of Supervisors arrange with a recognized radio broadcasting station of far reaching influence to broadcast the proceedings of each meeting of the Board so that the people of San Francisco may have first-hand knowledge of the proceedings of said Board.

Referred to Public Welfare Committee.

Airport Hearing.

The Clerk announced airport hearing for 11 a. m., tomorrow, November 9, 1926.

D. J. O'BRIEN,
Chief of Police.

Mayor's Veto, Changing Name of Maggie Alley.

The following was presented, read and *laid over one week*:

San Francisco, Calif.,
November 15, 1926.

Honorable Board of Supervisors, City and County of San Francisco, San Francisco, California.

Gentlemen:

I return to you herewith, without my approval, Resolution No. 26395, adopted by your Honorable Board November 1, 1926, which seeks to change the name of Maggie alley to Bristol court.

I am quite sure that the great majority of the people of San Francisco are most anxious that this City's colorful tradiitons and its places of historical interest should be preserved for the generations to come.

Many of these names are intimately identified with the early history and personages of San Francisco, and are part and parcel of those things which gave to our City a personality which has made it a city "loved around the world". The names we know and love—the names our forefathers revered with deep affection should be left unchanged. South of Market, for example, has many characteristically named streets. North of Market has some also. Let those who are shocked by the good old-fashioned names devote their energies to naming new streets, if they will, but for the sake of the past which we all love and revere, let the old names remain untouched, linking us always to those who laid deep and strong the foundations of this great City—a city not alone of stone and steel, but a city where sentiment always entered and was cherished.

I see no improvement in changing the name of Maggie alley to the more grandiose but less picturesque and significant Bristol court. I know not why this street was originally styled Maggie alley nor am I informed why Bristol court should be deemed a more fitting appellation. Possibly the Maggie who is the tituler and tutelary saint of this humble alley was some worthy woman who had endeared herself to the neighborhood by a life of kindness. Possibly she was not so worthy but not less kind. Let us give her the benefit of any doubt. Her contemporary generation, appreciative of her qualities, whatever they were, in their wisdom or affection saw fit to enshrine her name in the official designation of the street.

Big projects for the advancement of the City must be made and solved and it seems to me that the Board of Supervisors has more important business than tinkering with the nomenclature of streets and, in my opinion, should devote its energies to the care of problems confronting us, leaving the names of streets and lanes continually to typify the sweet old memories that are dear to San Francisco.

Very respectfully yours,

JAMES ROLPH, JR.,
Mayor.

Resolution No. 26395 (New Series), as follows:

Whereas, the Board of Public Works did. by Resolution No. 94138 (Second Series), adopted October 15, 1926, recommend to this Board that the name of Maggie alley, off the east line of Jones street between Geary and Post streets, officially known as Maggie alley, be changed to Bristol court; now, therefore, be it

Resolved, That the name of Maggie alley be and is hereby changed to Bristol court.

Further Resolved. That the attention of the Assessor, the Recorder, the Board of Public Works and the City Engineer is hereby called to the passage of this resolution.

Adopted—Board of Supervisors, San Francisco, November 1, 1926.

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy,

Report of Finance Committee.

In connection with the foregoing the following report was presented and read by the Clerk:

San Francisco, Nov. 13, 1926.

To the Honorable Board of Education of the City and County of San Francisco.

Ladies and Gentlemen:

The Finance Committee of the Board of Supervisors of the City and County of San Francisco has today approved your request for an appropriation of $18,000 to cover the initial cost of preparing plans and specifications for the construction of a new high school in the southwestern section of this City. The residents of this section of the City are extremely anxious to have the proposed high school built as soon as possible.

Recently a conference was held between the Finance Committee, a representative of your honorable Board and a committee of citizens from the district in which the site of the proposed school is situated. Your representative was asked whether definite assurance could be given to the interested citizens that arrangements would be made for the actual construction of the school as soon as the plans and specifications were completed. This assurance was not given. Your representative indicated that the Board of Education might, in its discretion, decide that other schools should be given precedence over the one under consideration.

The Finance Committee desires to advise you that it believes it to be its duty, in accordance with sound business principles and careful conservation of the people's money, not to make appropriations of large amounts for the preparation of school plans unless the Board of Education is prepared to proceed promptly with the construction of such schools in the approximate order in which appropriations for plans are requested. We desire to announce, as a matter of policy, that we will not look with favor upon appropriations for proposed new school buildings unless those projects for which previous appropriations have been made are given priority in the matter of construction. The appropriation in this year's budget for the construction of school buildings was not intended to be expended in the preparation of plans and drawings for buildings which may not be erected until some time in the indefinite future.

We hope that your honorable Board will give the citizens of southwestern San Francisco immedi-

ate assurance that the high school in which they are so deeply interested will be constructed promptly after completion of the plans and specifications.

Respectfully submitted,

FINANCE COMMITTEE,
J. B. McSHEEHY,
Chairman.
F. R. HAVENNER.
MILO F. KENT.

Absent—Supervisors Bath, Deasy, Gallagher, Marks, Roncovieri, Shannon—6.

Application of Thos. E. Slaven, filed August 16, 1926, for franchise to construct, maintain and operate a toll bridge. Said bridge is to be constructed over and across the Bay of San Francisco, and over the following route:

The location of said bridge is particularly described as follows: The center line of said bridge will commence at a point on The Embarcadero of the City and County of San Francisco, State of California, approximately where the center line of said Embarcadero intersects the center line of Pier 7, if produced. Thence extending on a line north approximately 67 degrees 30 minutes east to a point on the southwesterly shore of Yerba Buena or Goat Island; thence easterly following the contour of said island to a point on the easterly shore thereof, located about six hundred feet in a northerly direction from the light house located on the southern portion of said island; thence north eighty-five degrees thirty minutes east, approximately 8700 feet to a point where said line intersects the center line of Seventh street, Oakland. if produced, upon its present course as the course of said street now exists along the northern line of Oakland Mole; thence easterly along said line of said street, if so produced, to the center line of said Seventh street at the present westerly end thereof.

The length of said bridge exclusive of land approaches being approximately 9300 feet west of said island and approximately 10,400 feet east of said island, and the breadth of said bridge being approximately 115 feet.

On motion of Supervisor McSheehy, further consideration of the foregoing application was *continued until November* 22, 1926. *at* 11 *a. m.*, by the following vote:

Ayes — Supervisors Badaracco, Byington, Colman, Harrelson, Havenner, Hayden, Kent, McSheehy, Powers, Schmidt, Stanton, Todd—12.

Absent—Supervisors Bath, Deasy, Gallagher, Marks, Roncovieri, Shannon—6.

Application of E. D. Bronson, Jr., for a franchise for a toll bridge across San Francisco Bay.

Filed August 16, 1926.

Beginning at a point in the City and County of San Francisco on the bulkhead line of San Francisco Harbor, south of and adjacent to Pier 26, and running north approximately 68 degrees east seventeen thousand nine hundred fifty feet (17,950'), more or less, to a point in the City of Oakland, County of Alameda, State of California, on the easterly shore of said San Francisco Bay; and the said toll bridge to be approximately seventeen thousand nine hundred fifty (17,950') feet in length and one hundred ten (110') feet in breadth, more or less.

Roy A. Bronson, E. D. Bronson, Jr., attorneys at law, 68 Post street, room 403, San Francisco, California.

On motion of Supervisor McSheehy, further consideration of the foregoing application was *continued until November* 22, 1926, *at* 11 *a. m.*, by the following vote:

Ayes — Supervisors Badaracco, Byington, Colman, Harrelson, Havenner, Hayden, Kent, McSheehy, Powers, Schmidt, Stanton, Todd—12.

Absent—Supervisors Bath, Deasy, Gallagher, Marks, Roncovieri, Shannon—6.

Tunnels.

Application of O. A. Ellis for franchise for two tunnels under the Bay of San Francisco from San Francisco to Oakland.

One of the tunnels will be for interurban street car traffic, with double track, and the San Francisco terminal between Third and Fourth streets on Harrison street.

The other tunnel will be for auto and railroad traffic, with San Francisco terminal between Second and Third streets on Harrison street.

The Oakland terminal will be at Seventh and Cedar streets.

Filed June 25, 1926.

On motion of Supervisor McSheehy, further consideration of the foregoing application was *continued until November* 22, 1926, *at* 11 *a. m.*, by the following vote:

Ayes — Supervisors Badaracco, Byington, Colman, Harrelson, Havenner, Hayden, Kent, McSheehy, Powers, Schmidt, Stanton, Todd—12.

Absent—Supervisors Bath, Deasy, Gallagher, Marks, Roncovieri, Shannon—6.

Telegram to Washington.

Supervisor Marks (subsequently, during the afternoon session): At this morning's session it was moved that a telegram be drafted to be forwarded to the War Department. I have drafted, Mr. Chairman, a telegram, pursuant to the motion made this morning, which I will ask the Clerk to read.

The Clerk (reading): "Under date of October fifth Deakyne, Acting Chief of Engineers, telegraphed Board of Supervisors of San Francisco that General Jadwin was absent and that Board's telegram of October fourth relative bridge franchises would be called to his attention on his return about October fourteenth. Further referring to our original telegram we request that you fix a date as early as possible in December for appearance and hearing referred to therein and advise us at earliest time approved by your department in order that committee may make its preparation and arrive in Washington.

"Board of Supervisors, City and County of San Francisco, By J. S. Dunnigan, Clerk."

Supervisor Marks moved that the Clerk be directed to forward the foregoing to the War Department at Washington, D. C.

Motion *carried* by the following vote:

Ayes — Supervisors Badaracco, Deasy, Gallagher, Havenner, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Todd—12.

Noes—Supervisors Byington, Colman, Harrelson, Hayden—4.

Absent—Supervisors Bath, Stanton—2.

Explanation of Vote.

Supervisor Harrelson: I am not in sympathy with the committee visiting Washington, therefore I consider it my duty to vote against fixing any date for the meeting of that committee with General Jadwin. I do not think that any good will result by a visit of this committee, and therefore I am opposed to setting any particular date, whether it is early or late, and I will vote *no*.

Supervisor McSheehy: I will explain my vote, too. I have not seen the necessity up to the present time of sending a committee to Washington. I shall vote against sending the committee and therefore I vote *no* on this.

Supervisor Gallagher: Mr. Chairman, I would like to explain that I vote *aye* for sending the telegram, reserving the right to move, probably at a later date, to not send the committee if I find it proper to do so.

RECESS.

Thereupon the Board at 12:10 p. m. took a recess until 2 p. m.

Hearing Continued.

Whereupon, Supervisor McSheehy moved that the hearing be continued until November 22, 1926, at 2:45 p. m., and made a Special Order of Business for that time, and that copies of the City Engineer's report be sent to every member.

Motion *carried*.

Committee of the Whole Reports Progress.

Thereupon, on motion of Supervisor Marks, the Committee of the Whole arose and reported progress.

Garage Permit, E. V. Lacey and M. E. Vukicevich.

The following mater, laid over from last meeting, was taken up:

Resolution No. ——— (New Series), as follows:

Resolved, That E. V. Lacey and M. E. Vukicevich be and are hereby granted permission, revocable at will of the Board of Supervisors, to maintain and operate a public garage on the north side of Latham place, 77 feet 6 inches west of Mason street with entrance on Dikeman place.

The rights granted under this resolution shall be exercsied within six months, otherwise said permit shall become null and void.

Privilege of the Floor.

On motion of Supervisor Badaracco, he following persons were graned the privilege of the floor:

Mr. Fitch, representing Hotel Laren, Mason and Ellis streets, protested the granting of a permit for a garage in the middle of the block on the ground that it practically closed Latham place to traffic, preventing tradesmen delivering goods to the adjacent hotels and apartments, which facility he said was a valuable asset to the property owners.

Mr. Hall, representing Hotel Holland and Hotel Ring; *Mr. Bosworth*, representing the owner of Hotel Holland; *Mr. Joseph Cummings*, representing the Down Town Association; *Frank C. Brewster*, and *E. F. Fisher* and *Al J. Loeb*, representing the California State Hotel Association, were all heard in opposition to the proposed garage permit.

Charles Byrnes, attorney, representing the applicant, was also heard in favor of the proposed application.

Communication, from the Hotel Association was read by the Clerk in opposition to the granting of the permit.

Passed for Printing.

Whereupon, the foregoing resolution was *passed for printing* by the following vote:

Ayes—Supervisors Byington, Colman, Deasy, Gallagher, Harrelson, Hayden, Marks, McSheehy, Powers, Roncovieri—10.

Noes—Supervisors Badaracco, Havenner, Kent, Schmidt, Shannon, Stanton—6.

Absent—Supervisors Bath, Todd—2.

Passed for Printing.

The following bill was *passed for printing*:

Amending Zoning Ordinance, Sacramento Street East of Mason.

On motion of Supervisor Marks:

Bill No. 7798, Ordinance No. —— (New Series), as follows:

Amending Ordinance No. 5464 (New Series), entitled "Regulating and establishing the location of trades, industries and buildings, and the location of buildings designed for specific uses, and establishing the boundaries for said purposes, and providing penalties for the violation of its provisions."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 5464 (New Series), the title of which is above recited, is hereby amended as follows:

Section 1 of the Use of Property Zone Map, constituting a part of said ordinance, is hereby ordered changed so as to place the northerly side of Sacramento street, commencing 167 feet east of Mason street, thence easterly a distance of 108 feet and extending to the depth of the rear lot line, in the Commercial District instead of in the Second Residential District.

Police Department Commended.

Supervisor Badaracco presented:

Resolution No. 26432 (New Series), as follows:

Whereas, the San Francisco Police Department has again demonstrated the high order of efficiency as well as the unparalleled bravery of its officers in the recent capture of Joe Tanko and previously in the capture of the "auto bandits" who terrorized San Francisco for a week by their dastardly outrages;

Resolved, That this Board of Supervisors deems it proper and expedient at this time that the appreciation and gratitude of the people of San Francisco be extended to the brave officers who so nobly risked their lives in the performance of their duty in apprehending these lawless elements whose depredations have worked death to unoffending citizens of San Francisco and brought misery and sorrow to the homes of their families;

Wherefore, this Board commends to the Police Commissioners and the Chief of Police the splendid service of Detective Sergeants Earl Roney, Vernon Van Matre, Edward McSheehy and John Palmer, who effected the capture of the notorious Joe Tanko, the first two mentioned having been severely wounded; and Lieutenants Charles Dullea and Bernard McDonald, Detective Sergeants Geo. McLoughlin, Geo. Wall, N. McMan, Leo Bunner, Robert Rauer, Otto Frederickson, Allen McGinn, Charles Iredale, Geo. P. Wafer and Louie Du Matie, who apprehended the "auto bandits".

Further Resolved, That copies of this resolution be sent to the Board of Police Commissioners and to the Chief of Police and also to the families of the officers above mentioned.

Adopted by the following vote:

Ayes—Supervisors Badaracco, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Shannon, Stanton, Todd—16.

Absent—Supervisors Bath, Roncovieri—2.

Public Service Corporations, Daylight Work.

Supervisor Gallagher presented:

Resolution No. ——— (New Series), as follows:

Whereas, the practice of allowing public service corporations to perform daylight work at important street intersections is causing traffic congestion to a marked degree, aggravation and inconvenience; and

Whereas, the said corporations should at least attempt to conform their work to the greater convenience of pedestrian and vehicular traffic; be it therefore

Resolved, That the Street Committee is requested to investigate this recurring obstacle to proper movement of traffic and to, in conjunction with the Board of Public Works, the Traffic Bureau of the

Police Department and the public service corporations involved, recommend measures calculated to remove the danger and inconvenience. Be it

Further Resolved, That if, in order to exercise more control over these conditions, the help of the State Legislature is needed, that the Committee be authorized to secure the assistance of the City Attorney in preparing any legislation required.

Referred to Supplies Committee.

Passed for Printing.

The following resolution was *passed for printing*:

Authorization, $1,000, Payment to Anna Kawalkowski et al. for Property Required for Sunset Tunnel.

On motion of Supervisor McSheehy:

Resolution No. ——— (New Series), as follows:

Resolved, That the sum of $1 000 be and the same is hereby authorized in payment to Anna Kawalkowski and Leo J. Kawalkowski out of Sunset Tunnel Assessment Fund; being additional to $9,000 previously authorized, and being in settlement and full payment for property required for the construction of the Sunset tunnel; said property situate and commencing at a point on the northerly line of Carl street, distant thereon 104 feet easterly from the easterly line of Cole street, running thence easterly 25 feet; thence northerly 137.50 feet; thence westerly 25 feet; thence southerly 137.50 feet; as per acceptance of offer by Resolution No. 26417, New Series. (Claim dated Nov. 13, 1926.)

Treatment of Walls of Pantages Theater Building.

Supervisor Gallagher requested that the Building Committee and the Finance Committee hasten their deliberations in regard to the type of construction to be used in the decoration of the walls of the Pantages Building.

"It is now many months," he said, "since the owner of the building appeared before the Board on several occasions in an endeavor to get an expression of the Board as to the type of construction and material to be used in the decoration of the walls of the building."

The Building and Finance Committee chairmen promised prompt action.

Supervisor Powers asked Clerk to notify owners of Pantages Theater Building that Building and Finance Committee would meet Thursday at 4 p. m. to consider matter.

Uniform Traffic Ordinance.

Mrs. Easton requested the Board, and particularly the Traffic Committee of the Board, to seriously consider the uniform traffic ordinance now proposed. She stated that she has been invited to speak on this subject at a conference of members of chambers of commerce of eleven states to be held at Colorado Springs on December 8th and she would like to be able to say that it had been favorably considered by the Board of Supervisors of San Francisco.

Clerk requested to furnish copies of the proposed ordinance to members of the Board.

Necessity for More Peninsula Highways.

Mayor Rolph called attention to the fact that in a speech which he made in Sacramento last Wednesday before the Traffic and Highway Association he had mentioned the fact that although there are three highways being constructed out of San Francisco, viz.: El Camino Real, the Skyline Boulevard and the Bay Shore Highway, yet there are not sufficient avenues of traffic out of the City to serve the people.

He also wished it to be understood that the idea of the necessity for additional outlets from the City is the idea of City Engineer O'Shaughnessy and to him the credit should be given.

The Mayor urged the Traffic Committee and the Street Committee of the Board to consider the question of additional highways very seriously.

Supervisor Badaracco stated that the Street Committee has been giving the matter consideration.

San Francisco Overland Service Commended.

Mayor Rolph has received a telegram from the Mayor of Chicago, congratulating the citizens of San Francisco in securing a shorter travel schedule between San Francisco and Chicago on the San Francisco Overland Limited.

The Clerk was instructed to send an appropriate telegram in response, Mayor Rolph having already replied by letter.

Legislative Committee.

Upon the request of Supervisor Badaracco for action on his resolution providing for a Legislative Committee. Supervisor McSheehy appointed on the Legislative Committee Supervisors John B. Badaracco, Milton Marks and Walter Schmitz.

Municipal Christmas Eve Celebration.

On motion of Supervisor Kent the Public Welfare Committee was directed to arrange for a suitable observance of Christmas Eve, and that $2,000 be made available for that purpose. As the Auditorium will not be available, as it has been the custom for a number of years past, some other location will be selected. Supervisor Kent suggested the Polk street steps of the City Hall.

Ayes — Supervisors Badaracco, Deasy, Havenner, Kent, Marks, McSheehy, Powers, Schmidt, Stanton—9.

Noes—Supervisors Byington, Gallagher—2.

Absent—Supervisors Bath, Colman, Harrelson Hayden, Roncovieri, Shannon, Todd—7.

Notice of Reconsideration.

Supervisor Gallagher changed his vote from *no* to *aye* and gave notice that he would move for reconsideration at next meeting.

ADJOURNMENT.

There being no further business the Board at the hour of 7:30 p. m. adjourned.

J. S. DUNNIGAN,
Clerk.

Approved by the Board of Supervisors, January 24, 1927.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

November 22, 1926—Report approved without objection.

Congressman Richard J. Welch Visits Board.

After the transaction of other business, the following proceedings were had:

The Mayor: We have with us today a San Franciscan who has been elevated from our body to the law-making body of the House of Congress. He is about to leave San Francisco to take up his duties at Washington, and he has come here today to bid you au revoir, to give you a friendly smile, and to greet you as a departing member of this Board on his way to Congress. I want to present my old friend, former Supervisor, now Congressman Welch.

Congressman Welch: Your Honor, Mayor Rolph, my former colleagues on the Board of Supervisors and fellow citizens: I did not come here to make a speech or invite a response from the members of the Board. I am not a speech maker, as you have observed in the past, and the records of the Board will show that I am a man of very few words. I felt, however, that it was my duty to come in and say goodbye to you before leaving to take up the duties referred to

by his Honor the Mayor, which will commence on December the 6th, next month. I am leaving San Francisco next Sunday. There will not be another meeting of the Board prior to my departure.

And let me say to you, in a word, that I have no greater task before me than to go on to Washington and cooperate with you, the legislative body of the City and County of San Francisco, and his Honor the Mayor, the head of the City's administration, in doing the things that are necessary for the development of this our City. I have given expression to the thoughts, in times past, that there should be closer cooperation between the San Francisco administration, its legislative body, and you representatives at Sacramento and at Washington in order to solve those problems. Might I say to you at this time, recognizing this Board as the legislative body of San Francisco, that I will be advised by you, and I aim to act with you and serve you in all matters tending to the betterment and advancement of the City of San Francisco. I spent nearly eleven years as a member of this Board. I made many strong friendships, both with members of the Board present and past, and among the people of San Francisco whom I came in contact with. Of course, we have our rubs, and those little things that come from the head and not from the heart, but thank the Lord I am big enough to forget those things, as I hope others are, and I leave here with nothing but the best will toward the San Franicsco Board of Supervisors. And I repeat again that I will join with you there at Washington in doing the things that will make San Francisco a bigger and a better city. (Applause.)

The Mayor: There will be but one response for the members of the Board, if it meets with the approval of the Board, in replying to the farewell good wishes of Congressman Welch, and I will take the liberty of calling upon Supervisor McSheehy to make the remarks of farewell for the Board to the Congressman. (Applause.)

Supervisor McSheehy: Your Honor the Mayor, Congressman-elect Welch, members of the Board and citizens of San Francisco: I consider this a real privilege to ask to respond upon an occasion of this kind. We have lost a Supervisor who has been with us for eleven years. I have had the privilege of serving nine years with the Supervisor. I have often differed with him. They were honest differences of opinion, but I always found in Supervisor Welch a man whom you could consult with. I found his counsel worth something at all times, and I did personally consult with Supervisor Welch on a great many matters pertaining to the welfare of this Board. He was a man who had great experience, an experience that very few men have. He served twelve years in the Legislature bebore he became a member of this Board, and served eleven years here, and therefore he will go to Washington with twenty-three years' legislative experience. And I feel that he will demonstrate to his fellow Congressmen in Washington that San Francisco made no mistake in selecting Richard J. Welch for the office of Congressman for the Fifth Congressional District of this great City of San Francisco. There is a great deal of hard work for the former Supervisor to do. The position that he will occupy is one that was ably occupied by one of the greatest representatives that this City ever sent to Washington in the name of the late John I. Nolan. Congressman Nolan departed from his great work, he was called by the Man who will call all of us. And I hope that the Supervisor's health, above all things, will remain good while he is in Washington. Washington, they tell me, has a very trying climate, and I hope that he and his good wife will have the best of all good health. I have great faith in the work that he will do, and I am sure that he will demonstrate to the people of San Francisco that they made no unwise selection, and I am sure that great results will follow from the selection of Richard J. Welch for the office of Congressman from this great City. (Applause.) I have been recipient, and I am sure every member of this Board has also been the recipient, of an invitation to attend a luncheon that is being tendered by the Down Town Association to Congressman Welch, Wednesday, at twelve fifteen. I hope all the members of the Board will find time to attend that luncheon, because I feel that it is a great privilege to be able to attend a luncheon given to former Supervisor Richard J. Welch, now Congressman Welch.

Consideration of Mayor's Veto, Changing Name of Maggie Alley.

Consideration of the veto of his Honor the Mayor of Resolution No. 26395 (New Series), adopted November 1, 1926, changing the name of Maggie alley to Bristol Court.

Question: Shall the resolution

SPECIAL ORDER—11 A. M.

Resolution of Policy, Bay Bridge.

Supervisor McSheehy presented:

Resolution No. ——— (New Series), as follows:

Whereas, this Board on ——— resolved to retain the services of three eminent consulting engineers to advise and assist this Board in selecting the best bay bridge project from among the various projects submitted by private parties seeking a franchise from the City; and

Whereas, all private proposals having now been submitted and fully explained, it seems entirely possible that many excellent sites and plants are not included among them and that other sites, equally or more advantageous, may exist; and

Whereas, sound policy dictates that so huge and important a monopoly as the future bay bridge should not be a Simon-pure private enterprise, but should be under the control of the government authority of San Francisco in all essential respects; therefore, be it

Resolved, That this Board hereby adopts the following policy and course of action with regard to the bay bridge:

1. That the work of the three consulting engineers to be retained by this Board shall not be confined to reporting on the private projects already submitted, but shall be extended to include the selection of an ideal site or sites, and the study and testing of said site or sites in every necessary way, looking toward the adoption by this Board of a location which shall be the selection of the City of San Francisco itself; and

2. That, after selecting such site, this Board shall next proceed to have complete plans and specifications drawn up, likewise under the supervision of eminent engineers employed by this Board, which plans and specifications shall be adopted as the official plans and specifications of the City of San Francisco; and

3. That the said engineers, accompanied by the proper city officials and committee of this Board, shall then proceed to obtain the sanction of the War Department for the construction of the bridge itself; and

4. That the question of the financing of the bridge, whether by private parties under competitive bidding or by the use of public funds, shall be left for decision until such time as the City's plans are approved and the project ready to construct.

Referred to Special Bridge Committee.

Hearing of Bay Bridge Committee in Washington, D. C.

November 17, 1926.

The following radiogram phoned in this p. m. at 1:50 o'clock by the United States Radio Bureau was read by the Clerk:

Board of Supervisors of the City and County of San Francisco, San Francisco, California.

It is not intended that a public hearing shall be held here relative to bridge franchises. Will see your committee on December 10th.

JADWIN,
Chief Adviser.

Opinion of City Attorney on Location of Transbay Bridges.

November 22, 1926.

The following was presented and read by the Clerk:

Dear Sirs:

I am in receipt of your inquiry as to the power of the Federal Government to determine the location of a contemplated bridge over the Bay of San Francisco.

Opinion:

Under Section 8 of Article I of the Constitution of the United States, Congress is given power "To regulate commerce with foreign nations, and among the several states and with the Indian Tribes." The matter of regulation of all navigable waterways within the United States comes within the power granted by this provision no matter whether those waterways are wholly within different states. Where a navigable body of water lies wholly within a state, the power of regulating the construction of any structure which will interfere with its use for navigation remains in the state until Congress either by special act or general law acts in the premises.

Almost from the adoption of the Constitution, Congress has asserted its authority to regulate structures over or in the navigable waters of the country. In the beginning this regulation was usually by special act regulating the particular project at hand. In many of these cases the regulation was most minute, providing for the size of piers, length of draws and spans, and the height of the structure; in other cases the authority was more general, but in these it was usual to delegate the power of approval to some governmental agency subordinate to the Congress.

In 1899 Congress enacted a general law upon the subject—Section 9971 of the Revised Statutes of the United States—reading as follows:

"It shall not be lawful to construct or commence the construction of any bridge, dam, dike or causeway over or in any port, roadstead, haven, harbor, canal navigable river, or other navigable water of the United States until the consent of Congress to the building of such structures shall have been obtained and until the plans for the same shall have been submitted to and approved by the Chief of Engineers and by the Secretary of War; provided, that such structures may be built under authority of the legislature of a state across rivers and other waterways the navigable portions of which lie wholly within the limits of a single state, provided the location and plans thereof are submitted to and approved by the Chief of Engineers and by the Secretary of War before construction is commenced. And provided further, that when plans for any bridge or other structure have been approved by the Chief of Engineers and by the Secretary of War, it shall not be lawful to deviate from such plans either before or after completion of the structure unless the modification of said plans has previously been submitted to and received the approval of the Chief of Engineers and of the Secretary of War. (March 3, 1899, c. 425, 9, 30 Stat. 1151.)"

The Bay of San Francisco, lying wholly within the confines of the State, it follows that the project which you now have before you comes within the first proviso of the section quoted.

The language of the section appears to be clear and unequivocal, and from its reading, and without doing violence to the language used, it would appear that in cases such as you now have under consideration that the Chief of the Engineers of the War Department and the Secretary of War must approve both the *location* and plans of the contemplated structure.

At times the question of the right of Congress to delegate its powers granted by the Constitution to the Secretary of War has been questioned, but the Supreme Court of the United States has sustained this right.

See Union Bridge Co. v. United States, 51 Law Edition, U. S. Supreme Court Reports, 386.

In passing on this point, Mr. Justice Harlan, speaking for the court, said: "Indeed it is not too much to say that a denial to Congress of the right, under the Constitution, to delegate the power to determine some fact or the state of things upon which the enforcement of its enactment depends would be

'to stop the wheels of government' and bring about confusion if not paralysis in the conduct of public business." And further on the same subject the same judge said: "We are of the opinion that the act in question is not unconstitutional as conferring on the Secretary of War powers of such nature that they could not be delegated to him by Congress."

I am therefore of the opinion that before any bridge can be constructed over the waters of the San Francisco Bay, the location of and the plans for the structure must be submitted to the Chief of Engineers of the War Department and to the Secretary of War for their approval.

I am advised some of the applicants for franchises to construct these bridges have contended that the word "location" as used in the act, should be considered to mean "locality" and that the Secretary of War has no power to refuse the right to approve the construction of a bridge at such "location" as your Board may select. I do not believe that such a meaning can be given to the word "location." This word is defined in Chesapeake & O. Ry Co. v. Deepwater Ry. Co., 50 So. Rep., page 595, as "the site or place of a thing." Therefore, if the Secretary of War and the Chief of Engineers must approve the *location* of the bridge, it is equivalent to saying that they must approve, the site or place where it is to be constructed. If the word "locality" were used in the act, a different construction might be placed upon it, but as the more definite word is used, the act must be construed as written.

You are therefore advised that before any bridge can be constructed over the Bay of San Francisco, the location, i. e., the exact site thereof and the plans therefor must be approved by the Chief of Engineers and by the Secretary of War.

Sincerely yours,
JNO. J. O'TOOLE,
City Attorney.

Read and made a part of the record. Clerk to send copies to members of the Board.

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to the Southern Pacific Company (a corporation) to construct, maintain and operate a spur track on Bluxome street between Fourth and Fifth streets as follows:

Beginning at a point in the existing Bluxome street lead, said point being distant northeasterly approximately 295 feet from the easterly line of Fifth street; thence southwesterly to a point on the northwesterly line of Bluxome street, said point being distant northeasterly approximately 18 feet from the said easterly line of Fifth street.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided that said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expenses connected with the installation of the tracks, restoration of the pavement and any additional requirements for the surface drainage to be paid for by the Southern Pacific Company; provided that Southern Pacific Company shall erect and maintain all-night lighted arc lamps to be placed where directed by the Lighting Committee of the Board of Supervisors.

Provided, that girder rail be used, that proper clearance be observed; that the drainage intercepted by the proposed spur track be provided for.

Section 2. This ordinance shall take effect immediately.

The following resolution, was, on motion of Supervisor Shannon, ordered *rereferred to the Public Utilities Committee meeting Wednesday, November* 24, 1926, 2 *p. m. Notices to all, to-wit*:

Golden Gate Ferry Bus Line.

Resolution No. ——— (New Series), as follows:

Resolved, That Golden Gate Ferry Company, a corporation, is hereby

granted permission, revocable at the will of the Board of Supervisors, to maintain and operate automobile busses over and on the hereinafter described route in the City and County of San Francisco, to-wit:

Commencing at the intersection of Jefferson and Hyde streets, thence over Hyde street to Beach street, thence over Beach street to Columbus avenue, thence over Columbus avenue to Kearny street, thence over Kearny street to Market and Third streets, thence over Third street to Mission street, thence over Mission street to Fifth street to Auto Stage Depot, and thence back again over the same route to the intersection of Jefferson and Hyde streets.

That said permit be and the same is hereby granted upon the terms and conditions hereinafter set forth, and the acceptance or use of said permit by said Golden Gate Ferry Company, a corporation, shall be deemed to be an assent to all of said terms and conditions, and to the holding of said permit subject thereto, which said terms and conditions are as follows:

(a) That nothing herein contained shall be considered to be a franchise granted to said Golden Gate Ferry Company, a corporation, to operate said busses, nor shall the same ever become or ripen into a franchise, and that the permit herein granted shall at all times be revocable at the will of the Board of Supervisors, and upon the revocation of the same all rights and privileges herein granted shall cease and determine.

(b) That said busses will at all times be operated by skilled operators, and in the operation of the same the said Golden Gate Ferry Company, a corporation, will comply with all State and municipal rules, laws and regulations, and save the City and County of San Francisco harmless from any and all liability caused by the operation of any bus or busses as aforesaid.

(c) That on said busses operated under this permit a fare of ten cents for each passenger shall be charged, which said fare when paid on a bus traveling over said route shall not entitle a passenger to any transfer privilege.

(d) That no passengers shall be taken on between terminals; however, said busses may stop en route to allow passengers taken on at the intersection of Hyde and Jefferson streets to disembark at any point before reaching the terminal at Fifth and Mission streets.

(e) That the permit herein granted shall not be assigned or transferred without the consent of the Board of Supervisors, and before the same shall become effective the Golden Gate Ferry Company, a corporation, shall file with the Board of Supervisors a written acceptance of said permit, in which it shall agree to accept said permit subject to all of the conditions herein contained.

Minority Report, Golden Gate Bus Line.

In connection with the foregoing, the following was presented and read by the Clerk:

November 7, 1926.

Board of Supervisors, City and County of San Francisco.

Gentlemen:

As a member of the Public Utilities Committee I wish to file a protest against granting a permit to the Golden Gate Ferry Company to operate a bus line in competition with our Municipal Railway through congested streets of the city. Traffic is so heavy at present time it is found hard to regulate it. If necessary an extension could be made to the Municipal Railway to connect with the ferry boats of the Golden Gate Ferry.

Respectfully submitted,

(Sgd.) CHAS. J. POWERS,

Member, Public Utilities Committee.

Intention to Change Grades.

Supervisor Marks presented:

Resolution No. 26470 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets at the points hereinafter specified and at the elevations above city base as hereinafter stated, in accordance with Resolution No. 94417 (Second Series) of the Board of Public Works, adopted November 1, 1926, and written recommendation of said Board, filed November 4, 1926, to-wit:

Jones Street.

North Point street, 8 feet. (The same being the present official grade.)

150 feet southerly from Beach street, 7.75 feet.

Beach street, 2.50 feet. (The same being the present official grade.)

On Jones street between North Point street and Beach street be changed and established to conform to true gradients between the grade elevations above given therefor.

The Board of Supervisors hereby declares that no assessment district is necessary, as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this resolution of intention.

Intention to Change Grades.

Supervisor Marks presented:

Resolution No. 26472 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above city base, as hereinafter stated, in accordance with Resolution No. 94453 (Second Series) of the Board of Public Works, adopted November 3, 1926, and written recommendation of said Board filed November 5, 1926, to-wit:

The grades on Goettingen street between a line parallel with Olmstead street and 125 feet southerly therefrom, and the northerly line of Ordway street, and on Mansell street between the westerly line of Brussels street and the easterly line of Somerset street.

The Board of Supervisors hereby declares that no assessment district is necessary, as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this resolution of intention.

Adopted by the following vote:

SPECIAL ORDER—10 A. M.

Airport Hearing.

Consideration of matters relating to the selection of an airport site for San Francisco.

Supervisors' Inspection Trip, Airport Sites.

Supervisor Gallagher presented the following resolution and moved its adoption:

Resolution No. 26487 (New Series), as follows:

Whereas, San Francisco desires to establish its Airport, considering flying conditions necessary to its usability as near the business center of San Francisco as possible to permit it to advantageously compete with airports of other Bay communities for San Francisco business and with other forms of transportation; and

Whereas, there is a difference of opinion among aviators as to flying conditions at the various proposed sites on the Peninsula, some of whom are acquainted with the proposed sites by having flown over them, and others who have actually used the sites for flying; now, therefore, be it

Resolved, That the Board of Supervisors of San Francisco make inspection trips over the various sites, including the Redwood City Field, have the various aviators present on these trips and have landing and take-off tests made where possible to demonstrate the points of view of the aviators, and also to investigate and report on the distances from San Francisco of the several sites and the time re-

quired to transport passengers and merchandise thereto and therefrom.

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—16.

Absent—Supervisors Deasy, McSheehy—2.

Motion.

Supervisor Marks moved to amend resolution by striking out the word "Peninsula" and inserting in lieu thereof the words "Bay District".

Motion *carried* by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, Schmidt, Stanton—12.

Noes—Supervisors Powers, Roncovieri, Shannon, Todd—4.

Absent—Supervisors Deasy, McSheehy—2.

Adopted.

Whereupon, the resolution as amended was *adopted* by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—16.

Absent—Supervisors Deasy, McSheehy—2.

Committee of the Whole.

Supervisor Gallagher moved that the Board now resolve itself into Committee of the Whole for the purpose of hearing matters pertaining to proposed Airport Site for Francisco.

So ordered.

Thereupon, his Honor the Mayor retired and Supervisor Kent was called to the chair.

Motion.

Supervisor Havenner moved that the chairman of the Special Airport Committee be authorized to appoint a sub-committee to inquire into the possibilities of Bay Farm Island as a site for an airport for San Francisco, and merely to obtain some sort of information as to options offered by the other sites heretofore presented; and also to look into the matter of joint control by other bay cities.

Supervisor Roncovieri moved as an amendment that the foregoing motion be referred to the original Airport Committee, consisting of the Streets Committee, Public Utilities Committee, Welfare Committee and Finance Committee.

Ayes — Supervisors Badaracco, Bath, Byington, Havenner, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton —12.

No—Supervisor Gallagher—1.

Absent — Supervisors Colman, Deasy, Harrelson, Hayden, Todd —5.

Privilege of the Floor.

Louis E. Haas, Assistant Manager of the San Francisco Chamber of Commerce, was granted the privilege of the floor, and addressed the Board in the matter pending. He read the following report of the Airport Affairs Committee of the San Francisco Chamber of Commerce, which, on motion of Supervisor Gallagher, was ordered filed and copies sent to each member of the Board, to-wit:

San Francisco Chamber of Commerce.

November 22, 1926.

To the Honorable Board of Supervisors of the City and County of San Francisco, San Francisco, California.

Gentlemen:

A meeting was held on November 12, at which were present many of the commercial aviators, representatives of the Army and Navy, and Supervisors Harrelson, Havenner, Kent, Marks, Roncovieri and Schmidt. At this meeting it was determined that an appropriate committee of practical men be appointed to designate what were the necessary requirements for an airport, and I am handing to you herewith this report, which is entirely self-explanatory.

We are very much concerned in the necessity for as early a decision as possible in regard to the selection of an airport for San Francisco.

We believe it is essential from the standpoint of convenience and for many reasons that the airport should be located on the San Francisco side of the Bay, adequate to the development of collateral aerial industries.

The time is not far distant when every community will have its landing field and its airport and these fields will be located as favorably as possible. Some will be better than others and we must take the natural conditions which prevail in San Francisco and make the best of them.

We are very much concerned in the thought which has been expressed that the San Francisco airport should go across the Bay. We do not believe it is appropriate for the San Francisco airport to be so located that it will require two or three kinds of transportation to bring air-borne passengers and

freight to San Francisco from the airport.

It is at once apparent that the conveniences in transportation by motor over the new Bay Shore highway to the peninsula sites will enable the transport of the airport traffic at a minimum of handling risk and maximum of convenience. Whereas any site across the Bay would necessitate some sort of ferrying across the Bay and in our opinion would be entirely inappropriate as a landing field for the benefit of San Francisco.

We hope the Board of Supervisors will, with the accompanying plans for an airport, be able to make a selection somewhere on the west side of the Bay on the same mainland as is San Francisco, and that any site requiring water transportation from the airport to San Francisco will be excluded from present consideration.

We hope the Board of Supervisors will at once set about to make this selection of the San Francisco airport on the best available site on the west Bay side.

The Bay Farm Island site may in all ways well serve the East Bay district as an airport and there will in the course of time always be certain contacts and communications with the various airports in the district just as there are between the railroad shops and other locations where like industries exist, but we are very strong in the belief that the airport for San Francisco should be located on the San Francisco side of the Bay.

As to the particular sites available on the Peninsula, we believe there are more than one which will meet requirements, and we hope your Board will, with appropriate consideration, soon arrive at a decision in the much-needed San Francisco airport location.

Very truly yours,

CLAY MILLER,
President.

Report of Committee Appointed by the Aerial Affairs Committee of the San Francisco Chamber of Commerce to Go Into the Requirements of an Airport for San Francisco.

A municipal airport holds the same relative position and answers the same needs, for aerial transportation, as applies to harbors, docks and wharves for water transport. It is not possible for steamship operators to purchase harbors or dock facilities, nor is it expected of them. Since a city will generally benefit from airplane travel, it is just as important that it provide the facilities for that travel as to provide streets for all other travel.

An airport, as a municipally owned and operated adjunct, should provide enough area for the proper handling of as many aircraft as are required to furnish adequate transportation to the community. It should have as many hangars as will house all aircraft making that airport the home port or base of activities. It should have machine shop, paint and dope room, woodworking equipment and such other equipment as will take care of emergency as well as regular requirements for the maintenance of base planes and transients. It should provide facilities for the individual flyer, and a general airport will naturally provide these.

Potential Revenues.

It is anticipated that charges will be made for the use of the airport facilities on somewhat the same base as is charged for the use of docking and wharfing. Fleet operators basing at the airport would be charged for as much space as they might occupy regularly, or on the basis of the number of the passengers landed or pounds of merchandise handled through the airport. It is preferable to make charges on the basis of the hangar space occupied. Fleet operators would in most cases occupy a hangar to themselves, and individual flyers who own one ship could be housed much the same as autos are handled in a garage.

Corporations or Organizations That Will Use the Airport.

Pacific Air Transport Company—This operates from Seattle to Los Angeles.

Transcontinental Air Mail—To be presently operated by contract carrier. (The Government contemplates giving up this line very shortly; bids have been asked for it now.)

Aero Coast Express, Inc.—This company contemplates operating from San Francisco to Del Monte and from San Francisco to Portland, and expects to commence operating in sixty days.

Additional probable users are Walter T. Varney, Western Air Express, and privately owned planes used for personal service, also as taxis.

Airport Requirements.

Minimum dimensions for municipal airport for San Francisco: Length of field, 5000 feet; width of field, 3000 feet. (Note: These dimensions are absolute minimum.) Grade of field not exceeding 1½ per cent. Surface: Tough all-year grass, which should be trimmed below 6 inches in height. Drained

naturally or so artificially drained that pools of water will not accumulate even after the hardest rain. Longer axis parallel direction of prevailing wind.

Obstacles.

High-power wires, telegraph wires and buildings more than one-story high should not be within 500 feet of either of the longer sides of the field. This to avoid danger.

General Remarks.

The traffic in and out of a commercial airport will be mainly that of cargo or passenger airplanes. These planes are large. They will be heavily loaded. In view of these facts these planes must take-off and must land against the wind. In the take-off they must have sufficient runway that by the time they reach the end of the flying field they will have ample altitude in order to turn safely and land again on the field should engine trouble develop. This is the reason that a minimum of 5000 feet is absolutely essential.

Fog.

The field must be clear from fog during the hours in which normal traffic is expected. Fog is even more difficult to see through when flying at one hundred miles an hour than it is when traveling in an automobile at twenty-five miles an hour. The term "fog" herein used applies to fog or low clouds and includes ground fog. It applies to all elevations up to five hundred feet in the vicinity of the airdrome. It applies to elevations greater than five hundred feet where fog will prevent an incoming pilot from locating the airdrome.

Wind Currents.

Landing field should not be located at or near irregularly shaped hills over which prevailing winds blow before reaching the field. The irregular shape of the hills causes irregular flow of wind currents over the field. This is very dangerous.

Hydroplanes.

It is desirous that a portion of the flying field be located on water, in order that the field may be used by hydroplanes. This is not essential—simply desirable. Hydroplanes will have to find a base from which to operate from a maintenance point of view. From a purely traffic point of view they can land most anywhere on the Bay to dispatch and take on passengers or cargo.

Communications Referred to Special Airport Committee.

The following were read by the Clerk and *referred to Special Airport Committee*:

San Mateo Chamber of Commerce,
San Mateo, California.

November 22, 1926.

To the Mayor and Board of Supervisors of the City and County of San Francisco, San Francisco, California.

Honorable Sirs:

Whereas, the Board of Supervisors of the City and County of San Francisco has under consideration the location beyond its city limits of a municipal airport;

And whereas, the San Mateo Chamber of Commerce, fully cognizant of the many advantages the San Mateo County peninsula offers for the location there of such an airport, desires that their advantages be fully demonstrated to said Board of Supervisors;

Be it therefore resolved, that the San Mateo Chamber of Commerce does hereby invite the Mayor and Board of Supervisors of the City and County of San Francisco, representatives of the press, and a representative of each of the peninsula sites under consideration, on Wednesday, December first, or any other day that may be more convenient to members of the Board, to visit all the proposed sites on the peninsula. Comfortable motor coaches will leave the City Hall of San Francisco at 10 o'clock a. m., all the sites will be visited, luncheon will be served in San Mateo, and coaches will return to the City Hall promptly at 2 o'clock p. m.

Respectfully presented,

SAN MATEO CHAMBER OF COMMERCE.
H. J. BETTELHEIM, President.
ELIZABETH HOLE. Secretary.

MAYOR'S OFFICE,
Alameda, California.

November 13, 1926.

To the Honorable, the Mayor and Board of Supervisors of San Francisco, California.

Gentlemen:

It has been brought to our attention that your Honorable Body is considering Bay Farm Island as the possible location of an airport for the City and County of San Francisco.

On behalf of the City of Alameda, I wish to extend to you a cordial invitation to inspect the proposed site in this city. If you will notify us when you wish to inspect this site, the City Council will be pleased to have a committee representing it join with our Chamber of Com-

merce in extending every courtesy to you.

Very truly yours
FRANK OTIS,
Mayor of Alameda.

His Honor Mayor Rolph, commenting on the proposed motion and suggestion contained in the foregoing report of the Chamber of Commerce, declared that it would be unfortunate indeed if San Francisco should spend $100,000 on Bay Farm Island in Alameda County as a site for an airport for San Francisco. He declared it to be a real estate scheme and urged instead that an effort be made to locate on the Peninsula, the future greater San Francisco.

Supervisor Roncovieri asked if the original Airport Committee was still in existence and was informed by the Chair in the affirmative.

Supervisor Marks moved that Supervisor Kent be made chairman of the Joint Committee in lieu of Supervisor Welch, resigned.

So ordered.

Supervisor Schmidt thereupon moved that further hearing be continued until 2 p. m., Special Order, next Monday.

Whereupon, the Committee of the Whole arose and reported progress.

ADJOURNMENT.

There being no further business the Board at the hour of 6:30 p. m. adjourned.

J. S. DUNNIGAN,
Clerk.

Approved by the Board of Supervisors, February 7, 1927.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

San Francisco Encourages "Made in California" Products.

Supervisor Badaracco presented:

November 27, 1926.

To the Honorable, the Board of Supervisors, City and County of San Francisco.

Gentlemen:

In a report read at the annual meeting of the Purchasing Agents Association of Northern California, November 18, 1926, re "Made in California" products, the Purchaser of Supplies referred specifically to San Francisco's official encouragement, viz.:

Requests are frequently received asking consideration for "Made in California" products when bids are opened for the various commodities purchased for use of the City departments.

While under our organic law (the Charter) no preferential is permis-

sible to local bidders, it has been the endeavor of the Purchaser of Supplies, with the hearty cooperation of the Mayor and the Board of Supervisors, to encourage local competition to the benefit of local trade.

The bureau has a fixed desire to help local industries and to illustrate, has circularized the Chamber of Commerce, Building Trades Council, Labor Council and the California Development Association, so that these quasi public organizations might assist through the medium of their membership to sell our idea to local merchants.

The result has been gratifying as to price, quality of goods offered and service and we now have of record as being manufactured or produced in San Francisco and in California, the following commodities.

A list of approximately 120 items or groups of items was included in the report, copy of which was sent to the California Development Association and this answer returned:

"Mr. Leonard S. Leavy, Purchaser of Supplies.

Dear Mr. Leavy:

This will acknowledge with many thanks your kind favor of the 16th outlining the very fine support your department has given to San Francisco and California payrolls. You have set an excellent example which may be profitably followed by the other purchasing agents, and we hope your report will be unanimously adopted by the Northern California Purchasing Agents Association.

We sincerely appreciate your efforts in this important movement.

(Signed)

CHAS. S. KNIGHT,
Director, Industrial Department."

The chairman of the Supplies Committee submits this for information of the Board, stating that the Supplies Committee has done everything in its power to encourage local industry and to increase local payrolls.

Saving on School Furniture.

Supervisor Badaracco presented:

Bureau of Supplies.
November 27, 1926.

To the Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen:

Under Proposal No. 237 there was requested for the School Department the following: 300 office chairs, 1500 library chairs, 5000 assembly folding chairs in sets of two with five stretchers.

By Resolution No. 26418 (New Series), adopted November 8, 1926, and approved by the Mayor November 16, 1926, the bids theretofore submitted were rejected and the Purchaser of Supplies authorized to purchase all of the above in the open market.

Please be informed that in conformity with said resolution I have this day purchased in the open market the following: 300 office chairs, from Hall, Glockler & Prost, at $4.89 each, being the lowest regular bid under Proposal No. 237, with the added protection that the corner blocks are to be glued and screwed. 1500 library chairs, from Rucker-Fuller Desk Company, at $4.25 each. This chair to be exactly as per city sample, and was bid in under Proposal No. 237 by another firm at $4.85 each. The differential in the open market purchase is represented by a saving of $900. 5000 assembly folding chairs, in sets of two, from C. F. Weber & Co., at $3.35 each. This is a folding chair, substantially better than C. F. Weber & Co.'s chair bid in at $3.65 under Proposal No. 237, and the equal of other chairs bid in at $3.70 and $3.90 each. The net saving on this item is 30 cents each, or $1,500.

Finally, for your further information, you will please note that the aggregate saving on this purchase is $2,400, or approximately 10 per cent.

Respectfully submitted,
LEONARD S. LEAVY,
Purchaser of Supplies.

Ordered spread in the Journal.

Commendation of Detective Sergeants Van Matre and Roney.

The following were presented, read by the Clerk and *ordered spread in the Journal.*

November 23, 1926.

Hon. Board of Supervisors, City Hall, San Francisco.

Gentlemen:

At the direction of the Mayor I am sending you herewith, for the official records of the City and County of San Francisco a copy of Resolution No. 131, adopted by the City Council of the City of Sacramento on November 18, 1926, in commendation of Detective Sergeants Van Matre and Roney of the San Francisco Police Department.

Very sincerely yours,

WM. F. BENEDICT,
Assistant Secretary to the Mayor.

City of Sacramento, State of California.

Resolution No. 131, City Council, November 18, 1926, in honor of the valorous services of Sergeants Van Matre and Roney of the San Francisco Police Department.

Whereas, Sacramento was unfortunately one of the cities infested with the ruthless, lawless and murderous perpetrations of one of the State's most defiant desperadoes, "Tanko"; and

Whereas, this city has been deeply concerned in the capture and award of justice to this and his allied fugitive from incarceration, because of the atrocious murder of one of Sacramento's worthy citizens and merchants, namely, Harry J. Litzberg, the personal friend and classmate of the Mayor and other members of the Sacramento City Council; and

Whereas, after many months' search over the State and country, through ingenious detection by members of the San Francisco Police Department the long-sought lawbreaker was successfully traced, fearlessly encountered, and his notorious activities forever terminated by Sergeants Vernon Van Matre and Earl Roney, who barely escaped fatality; now, therefore, be it

Resolved, That the City Council of the City of Sacramento, gratified with the cessation of this extended series of abhorrent outrages, recognizes and highly commends the unusual valor and courage displayed by Sergeants Van Matre and Roney, and on behalf of the city extends the thanks of our people to these detectives for their meritorious services; and be it

Further Resolved, That the City of Sacramento hereby tenders its congratulations to Mayor Rolph and the Board of Supervisors of the City of San Francisco upon the employment of such efficient officers, through which Board the City Clerk is hereby directed to transmit a copy hereof to Sergeants Van Matre and Roney with best wishes for their speedy convalescence.

I hereby certify that the above and foregoing is a full, true and correct copy of Resolution No. 131 of the City of Sacramento, adopted by the City Council on date of November 18, 1926.

In witness whereof, I have hereunto set my hand and caused the official seal of the City of Sacramento to be hereunto affixed this 20th day of November, 1926.

(Seal) H. G. DENTON,
City Clerk of the City of Sacramento.

The Mayor stated that Mr. Earl Roney is gaining very rapidly since his operation.

On motion of Supervisor Hayden the Clerk was directed to prepare an appropriate resolution wishing speedy recovery and to send it to Mr. Roney.

At 11:15 a. m. his Honor Mayor Rolph retired, and, on motion of Supervisor Shannon, Supervisor McSheehy was called upon to preside.

PRESENTATION OF PROPOSALS.

Sealed proposals were received and opened at the hour of 11 a. m. for furnishing four (4) miles of 3-0 round hard drawn copper trolley wire for the Municipal Railway; also for furnishing 600 pairs of women's shoes for the Relief Home.

Referred to the Supplies Committee.

UNFINISHED BUSINESS.

None.

PRESENTATION OF BILLS AND ACCOUNTS.

Demands not required by law to be passed to print, and amounting to $68,992.81, were allowed and ordered paid by the following vote:

Ayes—Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—17.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Water Supply, Declaratory Ordinance.

The following bill was presented by Supervisor Harrelson and *ordered referred to the Public Utilities Committee*:

Bill No. ——, Ordinance No. —— (New Series), as follows:

Declaring and determining that public interest and necessity demand the acquisition, construction and completion of a public utility, to-wit: A water supply and works to be owned and controlled by the City and County of San Francisco to furnish to said City and County and to the inhabitants thereof a supply of water for all purposes; directing the Board of Public Works to procure from the City Engineer and to place on file with the Board of Supervisors plans and estimates of the cost of original construction and completion by the City and County of the public utility herein named, and designating the water works and water rights of the Spring Valley Water Company in the City and County of San Francisco and in San Mateo, Alameda and Santa Clara counties as available sources of such supply of water for the City and County of San Francisco and the inhabitants thereof.

Whereas, on the 2nd day of November, 1926, the electorate of San Francisco, by a large majority, approved Charter Amendment No. 29 providing for the removal of water bonds from the municipal debt limit and by said vote gave expression to their determination that the City and County should push to completion the construction and acquisition of its water supply; and

Whereas, construction of the Hetch Hetchy project has now proceeded to a point where it is necessary for the City to take steps toward the acquisition or construction of a distributing system, including local storage reservoirs whereby the water to be brought in from the Tuolumne river sources may be suitably and adequately distributed for domestic and municipal purposes; and

Whereas, the Spring Valley Water Company, now engaged in furnishing and distributing water to the City and County and its inhabitants, owns and possesses an excellent water supply system, including local storage reservoirs and a distributing system within the City limits of San Francisco, which will furnish a means of distributing water to be brought from Tuolumne sources and will also supplement from local sources the supply to be derived from the Tuolumne river; and

Whereas, the City and County of San Francisco holds an option from the said Spring Valley Water Company, under the terms of which it may purchase and acquire said water works and distributing system of the Spring Valley Water Company at any date prior to the 1st day of January, 1934, but not after said date, at a price of $37,000,000 plus the total of unamortized expenditures made and to be made by said company for additions and betterments to said system since the 1st day of March, 1920.

Now, therefore, be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It is hereby determined and specifically declared that public interest and necessity demand the acquisition or construction and completion of a public utility, to-wit: A water supply and works to be owned and controlled by the City and County of San Francisco to furnish to said City and County, on behalf of the inhabitants thereof, a sufficient supply of good, pure water for all purposes, and a means of storing locally and distributing the water supply to be brought in from Tuolumne river sources through the Hetch Hetchy project now under construction.

Section 2. The Board of Public Works is hereby directed to procure through the City Engineer and to place on file with the Board of Supervisors plans and estimates of the cost of original construction and completion by said City and County of the public utility herein named.

Section 3. The water supply and water works of the Spring Valley Water Company in the City and County of San Francisco and in San Mateo, Alameda and Santa Clara counties, California, are hereby designated as available sources for obtaining a supply of good, pure water adequate to serve the present demand for all purposes for the City and County of San Francisco and the inhabitants thereof, and also as a means of storing locally and distributing to said City and County and its inhabitants the additional water supply to be brought to San Francisco from Tuolumne river sources when the Hetch Hetchy project shall have been completed.

Section 4. This ordinance is the first of a series of ordinances to be adopted by the Board of Supervisors

relating to and designed to secure the acquisition or construction and completion of the public utility herein named.

Section 5. This ordinance will take effect immediately and the Clerk is hereby directed to advertise this bill and ordinance in the "Bulletin", the official newspaper for City advertising, as provided by law.

(Copies of the foregoing were ordered sent to members.)

John McLaren Park Named.

Supervisor McSheehy presented:

Resolution No. 26494 (New Series), as follows:

Whereas, John McLaren, for over forty years the Superintendent of Golden Gate Park, has with tireless effort and matchless skill toiled ceaselessly to bring the Golden Gate Park and other gardenplaces of our City to that high point of excellence for which they are renowned throughout the world; and

Whereas, this man to whom the City owes so much has always cherished in his dreams the concept of a large public park in the Mission District of San Francisco where its people might spend their hours of recreation among the flowers and trees that will bloom beneath his touch; and

Whereas, chiefly due to his long-continued effort the City and County of San Francisco through its Board of Supervisors is now acquiring, in the aforesaid district, a suitable tract of land to be dedicated as a public park and golf links;

Resolved, That this Board show their appreciation and gratitude which the people of the City and County of San Francisco feel for the enlightened skill and persistent labor of this man, and hereby recommends that the new park to be created in the Mission District of San Francisco be known as the "John McLaren Park"; and be it

Further Resolved, That a copy of this resolution, properly engrossed and bearing the seal of this City, be presented to the Superintendent of Parks, John McLeran.

Adopted by the following vote:

Budget Item No. 1043—Fireman, relief; present salary, $2,100; recommended, $2,220.

The increases recommended total for six months $35,190.

The committee recommends that temporary clerks on the general clerk list who are receiving $150 be paid $160 a month when employed. These recommendations can be made effective by the Assessor, Tax Collector, Auditor and Election Commissioners who employ these temporary clerks, making out their salary demands at $160 a month, and necessary appropriations can be made to meet these payrolls. It is impossible to figure the exact amount at this time because the employments are not static. This $10 a month increase to temporary clerks will approximate $7,000 annually. If the full complement is employed for six months' period the appropriation will approximate $3,500.

Respectfully submitted,
JAS. B. McSHEEHY,
FRANCK R. HAVENNER,
MILO F. KENT,
Finance Committee.

Increase for Railway Employees.

Supervisor Stanton presented the following resolution, which was *referred to the Public Utilities Committee*:

Resolution No. ——— (New Series), as follows:

Resolved, That the sum of fifty thousand ($50,000) dollars heretofore appropriated in the annual budget for the Fiscal Year 1926-1927 for the purpose of reimbursement in part of Municipal Railway Fund for moneys advanced for the completion of the Stockton and Twin Peaks tunnels be and the same is hereby transferred to the Operating and Maintenance Fund of the Municipal Railway for the express purpose of paying all clerks, janitors, car repairers and trackmen now employed in the operation and maintenance of said Municipal Railway, an increase of forty cents per day over and above the present salaries now paid to them by the Board of Public Works of the City and County of San Francisco;

And be it further ordered that the said sum hereby transferred shall be used only and exclusively for the purpose of increasing the pay of said clerks, janitors, car repairers and trackmen, and that said Board of Public Works be and they are hereby instructed to use said sum for said purpose.

Pedestrian Traffic Signal Regulation.

Supervisor Kent presented:

Bill No. ——, Ordinance No. —— (New Series), as follows:

Amending Section 81c of Ordinance No. 1857 (New Series), entitled "Regulating moving traffic and travel upon the streets of San Francisco, etc.," and substituting therefor the following:

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section ——. Upon all streets, street crossings or intersections where traffic is controlled by automatic signal, whistle, voice or hand of any police officer, pedestrian traffic must at all times comply with the direction given by said automatic signal, whistle, voice or hand of any police officer as to stopping, continuing, approaching or departing.

It shall be unlawful for any pedestrian to fail, refuse or neglect to obey the order of a police officer in regard to the regulation, direction or diversion of pedestrian traffic.

Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof be punished by a fine of not exceeding $25 or by imprisonment not exceeding three (3) days, or by both such fine and imprisonment.

It shall be and is hereby made the duty of the Chief of Police to cause the provisions of this ordinance to be enforced.

Referred to Traffic Committee. Copies to be sent to members of the Board.

Sectionalism in State Elections.

Supervisor Gallagher presented:

Resolution No. ——— (New Series), as follows:

Whereas, during the period preceding the last State election a spirit of sectionalism was apparent; and

Whereas, the result at the polls indicated that this spirit, where evident, was frowned upon by the electorate; and

Whereas, any set of citizens indulging in or propagating such a spirit are injuring this State in the eyes of the nation, and seriously retarding the growth and prosperity of California; and

Whereas, there is reason to believe that as a result of the last election it has developed to the satisfaction of all Californians that there should be an end to this feeling of sectionalism; and

Whereas, there is need for unity of all parts of this State, particularly in the matter of finance legislation for the highways of this State, as well as other measures that need the support of all our citizens; therefore, be it

Resolved, That in a spirit of amity and good will, his Honor Mayor James Rolph, Jr., is requested to confer (at his pleasure) with the mayors and other officers of California cities and towns to the end that unanimity may prevail on the subject of highway finance legislation; and be it

Further Resolved, That he is authorized to appoint a committee of citizens of this City and County, who shall be authorized to confer with like committees or officials throughout the State, all dedicated to work for the complete elimination of sectionalism and a revival of the spirit of California harmony and unity on and for all constructive California legislation and community policies.

Referred to Public Welfare Committee. Copies to be sent to members of the Board.

Report of the San Francisco Traffic Survey re Location of Traffic Signals.

The following was presented by Supervisor Todd and *referred to the Traffic Committee*:

San Francisco,
November 26, 1926.

Traffic stop and go signals, if properly used, promise to play an important part in traffic control in the future. It is very necessary from the standpoint of sound control of traffic in San Francisco that there should be a thorough understanding of the principles underlying the operation of stop and go signals. This preliminary report is made in view of the urgency for action in signal installation. It will be followed in the general report of the Survey by a more comprehensive analysis, with secondary recommendations for signal locations and by specific and detailed plans for coordinated signal operation.

Benefits of Stop and Go Signals.

Well designed and properly operated stop and go signals possess numerous advantages.

In the *first* place they supplement the direction supplied by the traffic police. At the more congested intersections it will probably never be feasible to dispense entirely with the services of police officers. They are needed to restrain the malicious, to warn the careless, to direct those seeking information, and to take charge in case of tangles or emergencies. The signal, however, relieves the traffic officer of practically all of his mechanical and routine duty connected with the stopping and starting of the traffic stream, making it possible for him to give attention to other important matters connected with street use. At many of the less congested intersections, especially those in the outlying districts, signals make it possible to dispense entirely with the services of crossing officers, releasing this personnel for other police duties and thus reduce police costs. A single motorcycle officer can readily supervise the operation of a dozen or more outlying signalized intersections.

In the *second* place, under many conditions a good signal installation gives better control than can be supplied by manual direction. This is well illustrated at the complicated intersections along Market street. The signal apparatus makes possible a unified control whcih could scarcely be accomplished even by the service of several police officers.

In the *third* place signals make possible the systematic control of traffic through a district. With growing congestion individual intersections in the crowded districts cannot be considered as isolated and independent problems. What happens at one intersection definitely affects operation at adjacent corners. If properly installed and operated a signal system makes possible a unified control. This is an important factor in the central business district in San Francisco, and the steps that have been taken already demonstrate the possibilities of a fully developed and refined system. Corelated control is an important factor in connection with signal operation along the more important radials leading from the central district to the residential parts of the city.

Principles Governing the Use of Traffic Signals.

Notwithstanding the possible advantages of traffic signals they, as other remedial measures, have their limitations. When properly used they give a very real and important service. When improperly used they may result not only in a waste of investment which has been made in their installation and operation, but as well in a great loss and inconvenience to street users.

In other words, a stop and go signal is by no means a panacea for all traffic ills. It has a highly specialized function. It should be always borne in mind in considering signals that they stop as well as pass traffic. Where a signal is installed it alternates the opportunity for travel upon the two or more streets which enter the controlled intersection. Thus a previous legal

freedom for the driver to move at any time is reduced by approximately fifty per cent. Unless there exists at any particular intersection where signal installation is contemplated, a condition of traffic congestion which, without control, causes more delay than will be caused by the signal operation, there is a presumption against this type of control. On the other hand, where there is real congestion at an intersection resulting in delay and inconvenience to traffic, the signal performs a useful service by alternating the opportunity for crossing, and thus passes the average driver with less delay than he would otherwise experience.

The careful allocation of signals at points of congestion will have an important effect upon public safety, not only protecting drivers, but also pedestrians. The use of signals for purely safety purposes would have serious consequences, however. An example will show the situation: the great majority of intersection collisions could be eliminated if every intersection in the city were provided with a stop and go signal. But if signals were to be generally adopted for purely safety purposes an almost universal installation would be demanded, for the more dangerous accidents quite generally take place at intersections in the residence districts where traffic is so light that from the standpoint of traffic control there would not be the slightest justification for signals. Such a universal installation would be impossible from a financial standpoint, and would result in an intolerable delay in street use. The increase of traffic safety must depend in general upon other devices and methods than stop and go control; for example, through street regulations, warning lights, safety zones, crosswalk, and other methods of protection which the Survey is attempting to develop in a comprehensive and balanced system for the reduction of accidents and congestion.

With these conditions in mind the principle should be accepted that stop and go signal installation should be only at those places where, without an adjustment of the rights of street users, congestion will result.

Application of the Principle to Signal Locations.

An index to congestion, either real or potential, is to be found in the number of traffic movements through an intersection, and in the ratio between the through and cross movement. To an end that there may be in San Francisco the most economical and effective development of a signal system the San Francisco Traffic Survey has turned its attention to a comprehensive check of the more important intersections of the city.

One hundred and thirty-one intersections have been studied. Checkers have recorded upon prepared sheets the number of movements by various classes of traffic, the direction of flow, and the periods of the maximum movements.

This study which has been progressing during the past two months has involved the labor of sixteen field checkers, working daily, Saturday, Sunday and holidays excepted, from eight to twelve o'clock a. m. and from two to six o'clock p. m. The two periods include the principal in-town and out-town rushes of traffic and give a fair indication of relative street use. The data collected have an important bearing not only upon the location of traffic signals but as well upon other methods of control which are being developed by the Survey for San Francisco.

Attention has been directed to two districts within the city. *First*, the area which has been termed the central business district. This is the district which is bounded by and including Mission street from Fifth to First, First street from Mission to Market, Battery street from Market to Pine, Pine street from Battery to Sansome, Sansome street from Pine to California, California street from Sansome to Kearny, Kearny street from California to Sutter, Sutter street from Kearny to Stockton, Stockton street from Sutter to Post, Post street from Stockton to Powell, Powell street from Post to Market, Fifth street from Market to Mission. This district has been found to be the area of the greatest concentration of both vehicular and pedestrian traffic. The *second* field includes the remainder of the city, special attention being given to the principal arteries of travel and the more important neighborhood business districts.

Recommendation on Signal Location on the Basis of the Traffic Study.

First: Primary attention in the development of signal control should be given to the district which is designated above as the central business district. It is recommended that fifty per cent of the fund at present available for signal installation should be expended in the development, expansion and refinement of a signal system in this district. This will make possible

the inclusion of intersections now covered exclusively by traffic officers, and a correlation of control in a district which is of the greatest importance and interest to the entire public. Following is a list of intersections within the central business district where signals are not now installed, and which should receive early attention:

Intersection	Total Vehicles	Total Pedestrians	Total Flow
Kearny and Post	10670	37080	47750
Bush and Montgomery	10756	35175	45925

Second: It is recommended that the remainder of the available funds should be used in the making of installations at important intersections in other parts of the city. It is realized that the available funds will not make possible a perfect development of control either in the central district or outside. Future expenditures will be required for expansion and development. In view of the limited funds it is obviously good policy to make installations at those intersections where traffic requirements are most pressing.

The following intersections are presented for the consideration of those public officials who are charged with the location of signal apparatus, with the recommendation that installation of signals be made in the order of traffic importance as shown by the grand total of traffic movements:

Operation of Traffic Signals.

It is recommended that all of the signals installed in the central business district and those immediately adjacent to it be connected with a central station so designed as to make possible a coordinated control. In a subsequent report the Survey will make specific recommendations relating to the technical details of signal control.

Whenever a series of signals are to be located along any one street at intervals not exceeding two hun-

dred yards, provision should be made for the connection of these signals with a timing device which will control the operation of the group. By the coordination of groups of signals it will be possible to operate them on a progressive control schedule which will result in a minimum of inconvenience to traffic.

Types of Signals.

It is felt by the Traffic Survey that the selection of the type of signal which is to be adopted as a standard for San Francisco is a matter of discretion which will be wisely decided by the public officials in whom the authority resides.

For the purpose of the general system of traffic control which is being developed by the Survey there are certain elements in signal designs which should be emphasized:

First: The signal should be of such a character that its indications can be made visible for one hundred yards under average conditions of weather, surroundings, mounting and lighting.

Second: The signal should be designed for post mounting along the curb line. This is a requisite because of the complex intersections along Market street and the necessity to keep a maximum of uniformity between all installations in the city.

Third: The signal head should be so designed that it can give indication in at least two directions, and preferably four, and at any reasonable angle.

Fourth: The signal should be so designed that it gives not only alternate stop and go directions, but, as well, indication of a neutral interval when traffic in all directions may be stopped.

Fifth: There should be a maximum of flexibility in the control apparatus. The total cycle should be readily and instantly variable within a reasonable range. The ratio between stop and go intervals should be capable of instant adjustment. The neutral interval, whether indicated by bells or by lights, should be readily variable within the cycle.

Sixth: Each intersection installation should be equipped for manual control in case such operation should be required.

Seventh: It is axiomatic that the apparatus should be of such design and construction as to give the most certain and dependable service.

Respectfully submitted,

MILLER McCLINTOCK,
Director.

SPECIAL ORDER—11 A. M.

Bridge Matters.

Condemnation of Mission Rock for Bridge Pier.

Supervisor Shannon presented:

Resolution No. ——— (New Series), as follows:

Whereas, A. McLean Hawks, bridge and mining engineer, has called the attention of this Board to the advantages of Mission Rock as the location for the main bridge pier or bridgehead of the San Francisco Bay bridge, and without thought of remueration or reward has suggested that this location be considered by this City for its public bridge location; and

Whereas, Mission Rock, in this engineers' judgment, has unequalled advantages as regards stability of the bridge, maximum length and height of channel spans, comparative shallowness of water to the east, economy of cost, absence of obstruction to shipping, facility to automobile traffic within San Francisco and passing through San Francisco, and the handling of interurban and transcontinental trains; and

Whereas, the bay bridge plan originally proposed by Hawks, later duplicated by Gustave Lindenthal, and embodied in the McSheehy resolution, opens the way for the selection by this Board of a site that shall be the best site, irrespective of whether or not it has been previously proposed by private parties; and

Whereas, the Mission Rock site has not been proposed by any private group seeking a franchise, but remains open for selection by this Board as the City's site if its apparent advantages be borne out by careful study; therefore, be it

Resolved, That the City Attorney be and he is hereby instructed to file immediate condemnation proceedings against property known as Mission Rock, in order to protect the City at this time against any private proposal which may seek hereafter to utilize this site; and be it

Further Resolved, That the Special Bridge Committee of this Board be and it is hereby instructed to give careful study to this location as the possible choice of the City and County of San Francisco.

Referred to Special Bridge Committee.

Applications for Franchises to Construct Bridges Across San Francisco Bay.

The following applications were taken up:

Application of Bay Cities Bridge Corporation for a franchise for a toll bridge between San Francisco and Alameda.

Proposed rail and highway crossing for San Francisco Bay from the foot of Sixteenth street, San Francisco, to the foot of Pacific avenue, Alameda.

Beginning at the intersection of the center line of Sixteenth street with the center line of Third (Kentucky) street, in the City and County of San Francisco, and extending thence easterly along the center line of Sixteenth street to the waterfront line; thence easterly along a straight line to a point on the center line of Pacific avenue, in the City of Alameda, County of Alameda, which point is one hundred feet westerly from the intersection of said center line of Pacific avenue with the center line of Bryant street.

That the length of said bridge is 27,750 feet and that the width of the roadway on said bridge is 38 feet.

Filed April 6, 1925.

DUDLEY D. SALES,
Attorney.

On motion of Supervisor Shannon, further consideration of the foregoing application was *continued until December* 20, 1926, *at* 11 *a. m.*, by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Application of Elbert W. Davis for a franchise for a toll bridge between San Francisco and Alameda.

Across San Francisco Bay, beginning at a point in the City and County of San Francisco on the bulkhead line of San Francisco Harbor between Piers 26 and 28, and running approximately north 67 degrees 45 minutes east 17,962 feet, more or less, to a point in the City of Oakland, County of Alameda, State of California, on the easterly shore of San Francisco Bay.

That the length of said bridge is to be 17,962 feet and that the breadth thereof is to be 65 feet, more or less.

Filed June 29, 1925.

JAMES M. OLIVER,
Attorney.

On motion of Supervisor Shannon, further consideration of the foregoing application was *continued until December* 20, 1926, *at* 11 *a. m.*, by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Application of John Bermingham, Jr., 250 Cervantes boulevard, for a franchise to construct, operate and maintain a toll bridge across San Francisco Bay between the City and County of San Francisco and the County of Alameda.

Beginning at the intersection of the center line of Seventh and Mission streets, in the City and County of San Francisco, along Seventh street to Seventh and Sixteenth; thence in a southeasterly direction to Nineteenth and Third; thence in a southerly direction along Third street to the intersection of Third street and Jerrold avenue and waterfront; thence proceeding in a northerly direction, crossing San Francisco Bay to a point from which a branch will extend 4500 feet easterly to the intersection of Pacific avenue and Bryant street, in the City of Alameda, County of Alameda, State of California; thence from said aforementioned intersecting point proceeding in a northerly direction, crossing the Oakland Estuary, to the intersection of Peralta street and Seventh street, in the City of Oakland, County of Alameda, State of California.

That the total length of said bridge, approaches thereto and branch thereof, aforementioned, is 65,450 feet, that the width of said bridge is ninety (90) feet.

Filed September 28, 1925.

On motion of Supervisor Shannon, further consideration of the foregoing application was *continued until December* 20, 1926, *at* 11 *a. m.*, by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Application of A. M. Bergstrom for a franchise to construct, operate and maintain a toll bridge across San Francisco Bay between the City and County of San Francisco and the County of Alameda.

That the said toll bridge is to be located across the Bay of San Francisco, along the following described line, to-wit:

Beginning at a point in San Francisco at about the foot of Davidson avenue, on Hunter's Point, and running northerly sixty-two (62) degrees east four and four-tenths (4.4) miles; thence on

a one (1) degree curve to the north one and six-tenths (1.6) miles to true north to a point on the easterly shore of the Bay of San Francisco at about the foot of Webster street, in the City of Alameda, County of Alameda, State of California.

That the length of said bridge is to be six (6) miles and the breadth is to be sixty (60) feet, more or less.

Filed September 28, 1925.

On motion of Supervisor Shannon, further consideration of the foregoing application was *continued until December* 20, 1926, *at* 11 *a. m.*, by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Application of New York and San Francisco Development Company for franchise to construct, operate and maintain a toll bridge between San Francisco and Alameda.

Bridge to be constructed across San Francisco Bay from a point therein at or near the junction of Evans avenue and Boalt street, Hunter's Point, in the City and County of San Francisco, State of California, to or near the junction of South High street and Washington street, in the City of Alameda, County of Alameda, State of California; that the length of said bridge is approximately six and one-half miles from shore line to shore line, and that its breadth or width is approximately from 60 to 90 feet.

Filed January 11, 1926.

ROTHCHILD & GOLDEN,
Attorneys.

On motion of Supervisor Shannon, further consideration of the foregoing application was *continued until December* 20, 1926, *at* 11 *a. m.*, by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Application of Roy C. Hackley for a franchise to construct a toll bridge between San Francisco, Pier 26, and Alameda County.

Beginning at a point in the City and County of San Francisco on the bulkhead line of San Francisco Harbor, south of and adjacent to Pier 26, and running approximately north 61 degrees east and fifty-three hundred feet, more or less; thence running approximately north 89 degrees east five thousand feet, more or less; thence running approximately north 59 degrees 30 minutes east eight thousand feet, more or less, to a point in the City of Oakland, County of Alameda, State of California, on the easterly shore of said San Francisco Bay.

That the length of said bridge is to be eighteen thousand three hundred feet (18,300) and that the breadth thereof is to be 78 feet, more or less.

Roy A. Bronson and E. D. Bronson, Jr., attorneys, 68 Post street.

Filed February 6, 1926.

On motion of Supervisor Shannon, further consideration of the foregoing application was *continued until December* 20, 1926, *at* 11 *a. m.*, by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Two applications of the Construction Company of North America for a franchise to construct and open a toll bridge between San Francisco and Alameda County.

Commencing at a point in said City and County of San Francisco near the corner of First and Bryant streets, on what is known as Rincon Hill, and running thence on less than a two-degree curve a distance of approximately 1700 lineal feet to the line of bulkhead wharf connecting Piers 30 and 32 on the waterfront of the said City and County of San Francisco; thence on a line approximately north 65 degrees east 21,000 lineal feet, more or less, to the Oakland Mole of the Southern Pacific Company in Alameda County.

That the length of said bridge is to be 4½ miles and that the width thereof is to be approximately 78 feet.

ROBERT J. McGAHIE,
Attorney, Mills Building.

First application filed February 15, 1926.

Second application filed April 5, 1926.

Privilege of the Floor.

Colonel Rand: Mr. Mayor and Gentlemen of the Board: On October 1st Colonel Lukesh, whose name has appeared in the proceedings with respect to bridges, as the division engineer of the Pacific Division, which supervises the district offices, and Major Schulz, who held a public hearing and holds one of the district offices, Colonel Lukesh was relieved by Colonel Jackson. We, of course, have been conferring continually with Colonel Jackson since he took over that office, and the other day Colonel Jackson indicated to me that if the Board of Supervisors was in any doubt as to the War Department's relations with the Board of Supervisors he would be willing, on invitation from the Board of Supervisors, to appear before them and explain his opinions on the subject. I am simply making this as a suggestion. We did not want to constitute ourselves as a body, as a self-coordinated or self-designated body, to ask the Supervisors to hear him, or to ask him to appear before the Supervisors. At the same time he is not at all particularly impressed with the dignity of his office and would not require a formal invitation; that his views on the subject could be expressed to the Board and would be received by the Board with thanks, and that would be enough to bring him here to address the Board and answer questions that the Board might wish to propound on the subject. Colonel Jackson, of course, travels over the State a great deal, and I cannot say just when he will be here again. He is in town today, and I think he will arrange his other itinerary to suit the convenience of the Board at any time, and we merely want to transmit the information, without suggesting it either way, that he will be willing to appear before the Board and explain his views. Now, I personally happen to known that Colonel Jackson has the utmost confidence of the present Chief of Engineers. I, of course, would not quote him as to what his statements would be. He told me that, in a general way, they would be the same as mine would have been five or six years ago. Personally, I want to state that I have learned a lot in the last five or six years. We are not introducing him as our witness, and if the opportunity presents, and the opportunity requires, we may want to possibly controvert some of his statements. At the same time, I do not think we will want to do that. I would particularly ask that if he appears, and if any member of the Board wants further enlightenment on the subject of the relations of the national defense and the considerations that those have properly in the War Department's consideration of the general question, that they ask him questions on that point. Now, I appreciate that on October 26th, at the conclusion of my hearing, about 4:30 in the afternoon, by a very definite motion of the Board, and on roll call of every particular applicant's proposition, by Mr. Dunnigan, without any further answers of people who wanted to be heard on the situation, the hearings before the Board were definitely terminated and everybody lost any absolute right to appear before the Board in connection with those hearings. At the same time, this Board has already, on one occasion, reopened the hearings for the specific purpose of hearing Dr. Lindenthal on his statement that he wanted to submit certain matters with respect to earthquake-proof construction, developed by General Goethals at the Panama Canal, and they heard Dr. Lindenthal on a great many other subjects. So that it is not without precedent that the Board can reopen those hearings without in any way impairing the legality, of which some of our legal friends have been afraid would be

hurt if the hearings went into further detail.

The Board thereupon proceeded with applications, to-wit:

Application of Robert Lee Dunn, 778 Monadnock Building, for a franchise to construct a toll bridge along the following described line, to-wit:

Beginning at the intersection of the center line of Second street with the center line of Berry street, in the City and County of San Francisco and extending thence easterly to the waterfront line; thence easterly along a straight line to the intersection of the center lines of Pacific avenue and Bryant street, City of Alameda, California.

Length of said bridge is twenty-six thousand feet; that the width of the roadway on said bridge is eighty feet.

Filed June 21, 1926.

On motion of Supervisor Shannon, further consideration of the foregoing application was *continued until December* 20, 1926, *at* 11 *a. m.*, by the following vote:

War Department Telegram.

Washington,
November 30, 1926.

Mr. Dunnigan, Room 235 City Hall, San Francisco, Cal.

Conference to be held December 10th regarding bridging San Fran-

cisco Bay postponed as requested your letter November 23d.

DEAKYNE,
Acting Chief of Engineers.

Referred to Special Bridge Committee.

Telegram.

A telegram from New York, addressed to the Board of Supervisors, dated November 25, 1926: "I wish to thank you for your special hearing on bridge matter courteously accorded me last week and to compliment you on accepting my suggestion regarding method of approaching the problem. Myself and General Goethals offer our services to make study for best location and plan of bridge fully acceptable to your body and the War Department and to be financed with private capital within practicable financial limits, and with a view to speedy construction and early amortization and ownership by the City after completion. Gustave Lindenthal."

Referred to the Special Committee.

The Clerk was instructed, on motion of Supervisor Stanton, to prepare a telegram to the War Department, requesting the Department to give its findings in the matter of the hearings looking to a modification of its ruling that there must be no bridge north of Hunter's Point, and to submit same for the approval of the Board after recess.

Motion.

Supervisor Gallagher: I move you, Mr. Mayor, that, having been informed that Colonel T. H. Jackson, Division Engineer of the United States Government, would be willing to visit us, that he be extended an invitation to come and sit with us, to express any views he may feel like expressing relative to bridges across San Francisco Bay or similar projects.

So ordered.

Whereupon, the Board took a recess until 2 p. m.

After the noon recess the following proceedings were had:

Telegram.

The Clerk: Supervisor Stanton presents the following: "San Francisco, December 6. Secretary of War and Chief of Engineers of the War Department, Washington, D. C. Referring to applications for franchises to bridge San Francisco Bay, the Board of Supervisors desires to know at this time if the War Department officials have modified or will modify its policy as announced in 1921 and reaffirmed in 1925, which was, in effect, that no bridge would be permitted north of Hunter's Point. Reference also to hearings last December on request to modify aforesaid policy and decision which was due last July but withheld. Does the Department desire any further information or argument before making final decision?"

Supervisor Stanton: I move that the telegram be sent to the War Department.

Supervisor Schmidt: I will second that motion.

Privilege of the Floor.

Col. T. H. Jackson, Division Engineer of the Engineering Division of the Pacific Coast, War Department, was granted the privilege of the floor and addressed the Board at length as to the effect of the policy of the War Department upon the authority of the Board to grant a franchise for a bay bridge and matters pertaining thereto.

At the conclusion of his remarks Colonel Jackson was, on motion of Supervisor McSheehy, given a vote of thanks.

Amendment.

Supervisor Gallagher: I desire to amend that to include the following words: "Will the Department hear further argument on behalf of the people of California reiterating our petition for modification your 1921 ruling? Will you hear special committees and experts at Washington on a date to be later agreed, and will ruling be withheld pending presentations looking to modification of rulings? Should our representatives present specific location and plan of bridge, or will your Department permit presentation of several sets of plans and different locations at the time of said hearing?" If I get a second to that I will tell you the purpose of it.

Amendment *lost* by the following vote:

Ayes — Supervisors Gallagher, Hayden—2.

Noes—Supervisors Badaracco, Byington, Colman, Kent, Marks, McSheehy, Powers, Schmidt, Shannon, Stanton—10.

Absent—Supervisors Bath, Deasy, Harrelson, Havenner, Roncovieri, Todd—6.

Motion Lost.

Whereupon, the roll was called on Supervisor Stanton's motion and the same was *defeated* by the following vote:

Ayes — Supervisors Gallagher, Powers, Roncovieri, Schmidt, Stanton—5.

Noes—Supervisors Badaracco, Byington, Colman, Deasy, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Shannon—11.

Absent—Supervisors Bath, Todd—2.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Extension of Time for Payment of Principal and Interest Installment, Duboce Tunnel.

Supervisor Powers presented:

Resolution No. 26567 (New Series), as follows:

Whereas, negotiations are pending between property owners of the Sunset Tunnel assessment district and the City Attorney's office for the preparation of an ordinance allowing the segregation of assessments and a substitution of agreements to pay in installments in accordance with property lines as of record in lieu of those heretofore existing; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco deems that the public interest and conveyance requires that the time to pay the second installment of the principal and interest due from the property owners within the Sunset Tunnel assessment district be extended from Monday, the 27th day of December, 1926, the date of delinquency for the payment of said second installments, to Monday, the 28th day of February, 1927.

Adopted by the following vote:

Bridges Across the Bay.

The following resolution was introduced by Supervisor Hayden and *referred to the Special Bridge Committee*:

Resolution No. —— (New Series), as follows:

Whereas, this Board has before it and under consideration a number of applications for a franchise for the construction of a bridge across San Francisco Bay from the San Francisco to the Alameda shore; and

Whereas, it is of vital importance to the public interest and welfare that such bridge as may ultimately be built, whether by private or public enterprise, shall be constructed in accordance with sound engineering principles, to the end that the location will best serve the public; that it shall have the proper capacity to handle the traffic which will be attracted; that it shall have a proper margin of safety against accidental as well as normal stresses; that it shall combine a pleasing appearance and permanence of construction with economy in design; and

Whereas, under the Charter of this City the Board of Public Works is the sole legally constituted adviser of the Board of Supervisors on engineering matters relative to public improvements, and said Board of Public Works has the power to employ any additional experts as the City Engineer may deem necessary; therefore, be it

Resolved, That the Board of Public Works is hereby requested to make the necessary studies to determine the proper requirements of a transbay bridge as to location, capacity and design, and to analyze the various plans submitted in connection with the franchise applications and to report back to this

Board its recommendation as to which of the various plans submitted best meets the recommended requirements, and the said Board of Public Works is hereby further requested, should it be deemed to the public interest, to prepare an independent plan embodying its recommendations. Be it

Further Resolved, That the Board of Public Works is hereby authorized to employ two expert bridge engineers to serve with the City Engineer on the preparation of this report, and the sum of $50,000 is hereby appropriated for the engineering expense of the preliminary studies and report.

City Attorney O'Toole stated he would have his report ready for the committee by Wednesday morning.

Supervisor McSheehy announced that he would call a meeting of the Special Bridge Committee for Thursday morning at 10 o'clock.

AIRPORT HEARING—11 a. m.

At 11 a. m. the Board, on motion of Supervisor McSheehy, resolved itself into a committee of the whole for the purpose of considering proposed sites for San Francisco's air field, all members heretofore noted being present.

Supervisor Kent, chairman of the Airport Committee, in the chair.

Proposed Temporary Airport Site on the Marina.

Supervisor Kent presented the following resolution, which, on motion, was *laid over one week*:

Resolution No. —— (New Series), as follows:

Whereas, it is necessary that San Francisco establish itself officially on the air lanes of the United States, for the reason that commercial aviation is taking rapid strides forward; and

Whereas, the United States Government, through the Post Office Department, is about to let important private contracts for the carrying of the mails by air; and

Whereas, one of these important private contracts is the service between Seattle, Portland, San Francisco, Fresno, Bakersfield and Los Angeles; and

Whereas, it will be necessary for us to be ready to receive this service; and

Whereas, the Marina District, in the City and County of San Francisco is an ideal piece of land available for an airport landing; therefore, be it

Resolved, That the Board of Supervisors does hereby pledge itself to give all possible encouragement to commercial aviation; and be it

Further Resolved, That the Special Committee on Airport be authorized to sit in with the Park Commission with a view to making a thorough study of the development of the Marina District for a landing field and to report back to the committee of the whole the necessary recommendations on the subject for definite action.

Department of Commerce, Washington, D. C., to Advise As to Size Requirements of Airport.

Supervisor Shannon presented:

Resolution No. 26568 (New Series), as follows:

Whereas, the selection of a site for San Francisco's Municipal Airport necessitates the determination of the proper size of such airport to accommodate present and future aviation, including hydroplanes; and

Whereas, the evidence submitted to this Board by the various experts on the size requirements of a municipal airport is in conflict; for example, at the meeting of the Board of November 15th a report was read stating that a first-class field should not be less than 3000 feet in diameter; on November 22d another report stated that the size should be 5000 feet by 3000 feet, and Bulletin No. 2 of the Department of Commerce, Aeronautics Branch, dated November, 1926, stated that the goal to which each city should aim in establishing its airport is a square field 2000 feet by 2000 feet which gives diagonal runways of 2800 feet; now, therefore, be it

Resolved, That this Board request the Department of Commerce at Washington, D. C., to advise it of the size of airports that are now being used by the air mail and commercial companies in various cities in the United States comparable to San Francisco in size and importance, such as Detroit, Boston, New York, Philadelphia, Washington, Pittsburg, Buffalo, Chicago, Cleveland, Kansas City and Dallas, and whether or not the large types of commercial aeroplanes of the type of the five and twelve passenger Fokkers are now using these airports or can use them; and be it

Further Resolved, That the Navy Department at Washington, D. C., be requested to advise this Board as to the importance of considering the providing for hydroplanes in the selection of a site for an airport.

Adopted by the following vote:

Ayes—Supervisors Bath, Byington, Deasy, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy,

Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—15.

Absent — Supervisors Badaracco, Colman, Gallagher—3.

Motion.

Whereupon, Supervisor McSheehy moved that we adjourn as a Committee of the Whole until next Monday.

Thereupon, the Committee of the Whole arose and reported progress.

RECESS.

Whereupon, the Board took a recess until 2 p. m.

J. S. DUNNIGAN,
Clerk.

REASSEMBLED.

The Board of Supervisors reassembled at 2:30 p. m.

Amending Zoning Ordinance, Chestnut and Steiner Streets.

The following matter heretofore passed for printing was taken up:

Bill No. ——, Ordinance No. —— (New Series), as follows:

Amending Ordinance No. 5464 (New Series), entitled "Regulating and establishing the location of trades, industries, and the location of buildings for specific uses and establishing the boundaries for said purposes, and providing penalties for the violation of its provisions."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 5464 (New Series), the title of which is above recited, is hereby amended as follows:

That Section 2 of the Use of Property Zone Map, constituting a part of said ordinance, be changed by placing the southwest corner of Chestnut and Steiner streets, for a distance of 206 feet 3 inches on Chestnut street and 137 feet 6 inches on Steiner street, in the Commercial District instead of in the Second Residential District.

H. L. Dietzen was granted the privilege of the floor and addressed the Board in favor of the passage of the foregoing bill.

Action Deferred.

Whereupon, on motion of Supervisor Marks, the foregoing bill was *continued two weeks.*

Acquisition of Street Railway Transportation Systems.

Supervisor Havenner moved that the Finance and Public Utilities Committee of the Board of Supervisors be authorized to appoint a citizens' committee of seven members, to be known as the Advisory Committee on Transportation, the duty of which committee would be to survey and study the problems of transportation in San Francisco, with particular consideration of the early expiration of important street railway franchises, and to report to the Board of Supervisors a program of recommendations for the acquisition by the city government of all private owned street railway lines in operation now, and for the efficient consolidation of such lines with the Municipal Railway of San Francisco under public management.

Point of Order.

Supervisor Hayden raised the point of order that a matter of such great importance should be in the form of a resolution, and he quoted from the Book of Rules to sustain his argument. He was sustained in his view by Supervisor Byington, who also pointed out that a motion when reduced to writing becomes a resolution.

Chairman McSheehy ruled the point of order not well taken.

Motion.

Supervisor Hayden moved reference of motion to the joint Committee on Finance and Public Utilities.

Supervisor Stanton's Amendment.

Supervisor Stanton said he had the utmost confidence in these two committees and knows they are in favor of public ownership and they want to acquire the United Railroads, but that he would not vote for any private citizen to come in and do the work that the Board should do.

Supervisor Stanton thereupon moved as an amendment to the amendment that the entire matter be referred to the joint Committee of Finance and Public Utilities, to make a thorough investigation and report back to the Board. This amendment was seconded by Supervisor Todd.

Supervisor Havenner agreed to insert the words "in conjunction with said committee."

Supervisor Hayden said the amendment proposed by Supervisor Stanton was perfectly satisfactory to him, and withdrew his amend-

ment and accepted the amendment offered by Supervisor Stanton.

Supervisor Harrelson objected to the appointment of a committee without any restrictions and suggested that a clause should be inserted so as to provide that certain engineering talent be included as part of the number and also that our own City Engineer be included as one of the members of this commission.

Supervisor Bath said that there had been a number of advisory committees in the past, some of which had proved valuable and others of no value, and that he believed no official should be included, so that the committee should work unhampered by any previous opinions which have been given.

Motion Carried.

Whereupon, the original motion presented by Supervisor Havenner was redrafted to comply with the amendment proposed by Supervisor Stanton, and Supervisor Havenner renewed his motion, which motion carried unanimously, to-wit:

"I move that a joint committee, consisting of the members of the Finance and Public Utilities Committees of this Board, be authorized to survey and study the problems of transportation in this City and County, with particular consideration of the early expiration of important street railway franchises, and to report to this Board a program of recommendations for the acquisition by the City and County government of all privately owned street railway lines in operation here, and for the efficient consolidation of such lines with the Municipal Railway of San Francisco under public management, said joint committee to have the power, if deemed advisable, to appoint a committee of citizens to assist in an advisory capacity, the same to be known as the Advisory Committee on Transportation."

Passed for Printing.

The following resolution was *passed for printing*:

Report on Successor to Supervisor Welch's Seat in Board.

The Committee on Committees reported on the question of the chair formerly occupied by ex-Supervisor Welch.

Supervisor Todd had been given permission by the Clerk of the Board to occupy the seat and had moved into the seat. On the day of the appointment of Supervisor Byington, at the request of the Mayor, Supervisor Todd vacated the seat

so that Supervisor Byington might occupy the seat, at least temporarily.

A resolution was presented by Supervisor Hayden to grant the occupancy of the seat to Supervisor Byington permanently.

However, the committee reported in favor of granting the seat to Supervisor Todd.

After a lengthy discussion, on motion of Supervisor Byington, the matter was continued for one week.

Report of Committee.

The report of the Committee and Supervisor Hayden's resolution follow:

San Francisco, Nov. 22, 1926.

Honorable Board of Supervisors,
City and County of San Francisco,

Gentlemen:

On November 1, 1926, resolution introduced by Supervisor Hayden, requesting that Supervisor Lewis F. Byington be assigned to the seat formerly occupied by his predecessor, former Supervisor, now Congressman, Richard J. Welch, was referred to the Committee of Committees.

Previous to this date Supervisor Charles F. Tood made arrangements with Supervisor Welch for his seat and went so far as to arrange for the removal of papers and data that he had in his desk to former Supervisor Welch's desk.

The Committee, after carefully considering these facts, and following a procedure that has been in force for the past ten years, recommends that the seat formerly occupied by Supervisor, now Congressman-elect, Welch, be given to Supervisor Charles F. Todd, and the seat now occupied by Charles F. Todd be given to Supervisor Lewis F. Byington.

Respectfully submitted,

JAS. B. McSHEEHY,
FRANCK R. HAVENNER,
J. B. BADARACCO,
CHAS. J. POWERS,
Committee of Committees.

Supervisor Hayden's Resolution.

Resolved, That this Board of Supervisors does hereby assign to Supervisor Lewis F. Byington the chair occupied by his predecessor, former Supervisor Richard J. Welch.

Tournament of Roses, Pasadena.

Supervisor Hayden presented:

Resolution No. 26573 (New Series), as follows:

Whereas, our sister City of Pasadena has extended a cordial invitation to the Mayor and Board of Supervisors to participate in the Pasadena Tournament of Roses and particularly requests that San Francisco be represented in the floral parade, which is to take place at Pasadena on the afternoon of Saturday, January 1, 1927, which event is expected to be witnessed by two hundred thousand spectators; therefore, be it

Preservation of Mount Davidson as a Public Park.

Supervisor Kent presented:

Resolution No. 26592 (New Series), as follows:

Whereas, public parks may justly be deemed the most important material blessing to the people of a large city as a means of preserving the natural environment for outdoor recreation; and

Whereas, Mt. Davidson, in our midst, named for California's geodetist and astronomer, has served to provide the school children the environment for nature study; the Boy Scouts the outdoor playground for hikes and over-night camping; the Easter pilgrim a place to worship on its summit at dawn, and for the visitor unsurpassed views from the highest point in the City; and

Whereas, subdividers and builders of homes in quantities are developing its lower slopes and destroying the trees, and it is but natural to conclude that after the lower slopes are developed the same treatment will be accorded the upper part of Mt. Davidson; now, therefore, be it

Resolved, That the Board of Supervisors endorse the movement for the preservation of Mt. Davidson, or at least its summit, as a City park, before additional land is sold to subdividers for building purposes; and be it

Further Resolved, That the Education, Parks and Playgrounds Committee be authorized to get in communication with the private owners, ascertain their plans and inquire if they would be willing to donate to the City the necessary land on Mt. Davidson for a public park.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to Fishbeck Soap Company (a corporation) et al., to construct, maintain and operate a spur track as follows, to-wit:

Beginning at a point in the center line of the passing track of the Western Pacific Railroad Company as the same now exists in Block 173, San Francisco, California, thence in a general southerly direction with turnout to the right approximately 145 feet; thence on a curve to the right having a radius of 286.84 feet, a distance of approximately 115 feet to a point on the southerly line of Mariposa street, distant thereon approximately one foot westerly from the westerly line of Carolina street, and crossing the northerly line of said Mariposa street approximately 10 feet westerly from the westerly line of said Carolina street; thence in a southerly direction approximately 315 feet.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided, that said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office and that any and all expense connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drainage to be paid for by the Fishbeck Soap Company (a corporation) et al.; provided that the Fishbeck Soap Company (a corporation) et al. shall erect and maintain all-night lighted arc lamps to be placed where directed by the

Lighting Committee of the Board of Supervisors.

Fishbeck Soap Company (a corporation) et al. shall provide a clear sidewalk space of seven feet in width, adjacent to the curb and at the grade of Carolina street, that the center of the proposed track be moved inside the property line a sufficient distance to provide for this walk; that concrete retaining walls, railings, etc., be provided for, including an electric light; and that detail plans for same be approved by the Board of Public Works.

Section 2. This ordinance shall take effect immediately.

Extensions of Time.

Supervisor Marks presented:

Resolution No. 26596 (New Series), as follows:

Resolved, That C. B. Eaton is hereby granted the following extensions of time to complete street work:

Ninety days' time from and after November 28, 1926, within which to complete the improvement of Niagara avenue between Howth street and Williar avenue. This extension is recommended by the Board of Public Works for the reason that the contractor was unable to obtain labor and materials.

Ninety days' time from and after November 28, 1926, within which to complete the improvement of Winfield street between Coso avenue and Esmeralda avenue, where not already improved, etc. This extension is recommended by the Board of Public Works for the reason that the work is well under way.

Ninety days' time from and after November 28, 1926, within which to complete the improvement of the crossing of Ellington avenue and Whipple avenue. This extension is recommended by the Board of Public Works for the reason that no work has been done on account of inability of contractor to get labor and materials.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Also, Resolution No. 26597 (New Series), as follows:

Resolved, That C. L. Harney is hereby granted an extension of ninety (90) days' time from and after October 21, 1926, within which to complete contract for the improvement of Joost avenue between Congo and Detroit streets.

This extension of time is recommended by the Board of Public Works for the reason that the work is progressing.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Also, Resolution No. —— (New Series), as follows:

Resolved, That Pacific States Construction Company is hereby granted an extension of ninety (90) days' time from and after December 1, 1926, within which to complete the improvement of Twenty-first avenue between Vicente and Wawona streets; Wawona street between Twentieth and Twenty-first avenues, and crossings of Twenty-first avenue with Wawona and Vicente streets and Twentieth avenue and Wawona street, under public contract.

The work is progressing. This is the first extension of time recommended.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Also, Resolution No. 26599 (New Series), as follows:

Resolved, That Irving H. Baum is hereby granted an extension of sixty (60) days' time from and after October 27, 1926, within which to complete the improvement of Byxbee street between Holloway avenue and Garfield street. This extension of time is recommended by the Board of Public Works so as to protect the contract during the period of acceptance and issuance of the assessment.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Also, Resolution No. 26600 (New Series), as follows:

Resolved, That M. J. Lynch is hereby granted an extension of ninety (90) days' time from and after December 1, 1926, within which to complete the construction of sidewalks on Tenth avenue between Noriega and Ortega streets.

Ninety (90) days' time from and after November 11, 1926, within which to complete the contract for

the construction of sidewalks on Farrallones street between Capitol and Orizaba avenues.

These extensions of time are granted for the reason that the contractor has not received the survey from the Board of Public Works.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Also, Resolution No. 26601 (New Series), as follows:

Resolved, That L. J. Cohn is hereby granted an extension of ninety (90) days' time from and after November 28, 1926, within which to complete the contract for the improvement of Rivera street between Forty-fourth and Forty-sixth avenues, etc. This extension of time is recommended by the Board of Public Works in order that the contract may be protected during the period of acceptance and issuance of assessment.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Authorizing the Execution of a Deed by the Mayor and the Clerk of the Board of Supervisors to Affronting and Adjacent Property Owners to Portion or a Street Closed by Resolution No. 26383 (New Series), in Exchange for Property for a New Street to Be Opened and Widened in Lieu of Such Closed Portion of a Street.

Supervisor Marks presented:

Resolution No. 26602 (New Series), as follows:

Whereas, this Board, on the first day of November, 1926 (after proceedings theretofore had, pursuant to the provisions of Chapter III of Article VI of the Charter of the City and County of San Francisco), duly adopted Resolution No. 26383 (New Series), closing and abandoning a portion of Walbridge street, as in said resolution described; and

Whereas, on the 8th day of November, 1926, said resolution was duly approved by the Mayor of the City and County of San Francisco; and

Whereas, the Gough Street Railroad Company, a corporation, owner of lands adjacent to or fronting on the aforesaid portion of said street so closed and abandoned, has offered to convey or cause to be conveyed to the City and County of San Francisco property for the opening and widening of a street in lieu of such portion of a street so closed and abandoned; and

Whereas, said Gough Street Railroad Company, a corporation, pursuant to its aforesaid offer, has caused to be made, executed and delivered to said City and County of San Francisco a good and sufficient conveyance vesting in said City and County of San Francisco, for street purposes, the title to the parcel of land hereinafter more particularly described in lieu of said portion of said street so closed and abandoned as hereinbefore recited; and

Whereas, the said parcel of land so conveyed to said City and County of San Francisco as a new street in lieu of that closed and abandoned as aforesaid is more particularly described as follows, to-wit:

Beginning at a point on the southerly boundary of the City and County of San Francisco, distant 22 feet at right angles northerly from the northerly line of Walbridge street, in the City and County of San Francisco, extended and produced easterly, said point of beginning being on the northerly boundary of the right of way of the Gough Street Railroad Company, and running thence westerly along said northerly boundary parallel with the northerly line of Walbridge street and distant 22 feet at right angles northerly therefrom a distance of 953.859 feet; thence northwesterly on a curve to the right of 989-foot radius, tangent to the preceding course, central angle 29 deg. 43 min., a distance of 512.949 feet; thence southeasterly on a curve to the left of 1080.246-foot radius, tangent to the preceding curve, central angle 29 deg. 43 min., a distance of 560.274 feet to a point distant 10 feet at right angles northerly from the northerly line of Walbridge street, and distant 12 feet at right angles southerly from the northerly boundary of Gough Street Railroad Company's right of way; thence easterly parallel with the northerly line of Walbridge street and distant 10 feet at right angles northerly therefrom, a distance of 874.886 feet to the southerly boundary of the City and County of San Francisco; thence deflecting 19 deg. 34 min. 40 sec. to the left and running easterly along said southerly boundary a distance of 35.812 feet to the point of beginning. Being a portion of the right of way of the Gough Street Railroad Company.

Whereas, it is deemed advisable by this Board of Supervisors that said parcel of land be opened as a

new street in lieu of that so closed and abandoned; and

Whereas, said parcel of land so conveyed to the City and County of San Francisco for street purposes as aforesaid will and does constitute ample consideration to said City and County for its deed to the portion of said street closed and abandoned as hereinbefore recited and will be of much greater practical value both to the City and County of San Francisco and to the general public; now, therefore, be it

Resolved, That equity requires that the portion of said street closed and abandoned as aforesaid should be conveyed by the City and County of San Francisco to said Gough Street Railroad Company, a corporation; and be it

Further Resolved, That the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors of the City and County of San Francisco be and they are hereby authorized and directed, acting for and on behalf of said City and County, in its name and under its corporate seal, to execute, acknowledge and deliver to said Gough Street Railroad Company, a corporation, a deed conveying to said Gough Street Railroad Company, a corporation, all of the right, title and interest of the City and County of San Francisco in and to the parcel of land situate in the City and County of San Francisco, State of California, more particularly described as follows, to-wit:

All that portion of Walbridge street as closed and abandoned by Resolution No. 26383 (New Series). Be it

Further Resolved, That the Clerk of this Board is hereby directed to advertise this resolution as required by law.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Intention to Change Grades.

Supervisor Marks presented:

Resolution No. 26603 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above City base, as hereinafter stated, in accordance with Resolution No. 95040 (Second Series) of the Board of Public Works adopted December 10, 1926, and written recommendation of said Board, filed December 13, 1926, to-wit:

On Thirty-ninth and Fortieth avenues between Santiago and Taraval streets.

On Forty-first and Forty-second avenues between Quintara and Taraval streets.

On Forty-third avenue between Quintara and Santiago streets.

On Rivera street between the westerly line of Forty-second avenue and Forty-fourth avenue.

On Santiago street between the easterly line of Forty-first avenue and Forty-second avenue.

The Board of Supervisors hereby declares that no assessment district is necessary, as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this resolution of intention.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Also, Resolution No. 26604 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above city base, as hereinafter stated, in accordance with Resolution No. 95039 (Second Series) of the Board of Public Works adopted December 10, 1926, and written recommendation of said Board, filed December 13, 1926, to-wit:

On Montgomery street between Green and Lombard streets, on Union street between Sansome and Kearny streets, on Alta street between the westerly line of Montgomery street and a line parallel with and 137.50 feet westerly therefrom, and between the easterly line of Montgomery street and a line parallel with and 275 feet easterly therefrom, on Filbert street between Sansome and Kearny streets and on Greenwich street between Sansome and Kearny streets.

The Board of Supervisors hereby declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are un-

graded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this resolution of intention.

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Quorum present.

His Honor Mayor Rolph presiding.

Felicitations to Superintendent John McLaren of Golden Gate Park on the Occasion of His Eightieth Birthday.

Upon the reassembling of the Board of Supervisors for the afternoon session, his Honor Mayor Rolph, the members of the Board of Supervisors, numerous public officials and many of his friends took occasion to publically extend to John McLaren, Superintendent of Golden Gate Park, their congratulations and felicitations on his eightieth birthday anniversary. The sweet ballad songs of Superintendent McLaren's nativeland were played by a string orchestra, composed of members of the Municipal Band, led by Phil Shapiro. Eulogies

of the character and work of Superintendent John McLaren were eloquented expressed in brief addresses by his Honor Mayor Rolph, Supervisors McSheehy, Gallagher, Harrelson, Chief of Police Daniel J. O'Brien and City Attorney John J. O'Toole.

At the conclusion of the remarks the members of the Board and the audience joined in singing "Auld Lang Syne".

Whereupon, the following resolution was *adopted unanimously by rising vote.*

Birthday Felicitations to Superintendent of Parks John McLaren.

Supervisor Gallagher presented:

Resolution No. 26612 (New Series), as follows:

Resolved, That the felicitations of this Board be extended to John McLaren, Superintendent of Golden Gate Park, upon the occurrence of his eightieth birthday and we wish to accompany the sentiment with an expression of appreciation of the wonderful constructive work that has been the object of his labors for many years and the exhibition of creative genius that has added artistic beauty to the City and has contributed immeasurably to the pleasure of our citizens. We hope that his years may be further extended that his good work may be continued to the further benefit of the City.

SPECIAL ORDER—4:30 P. M.

Airport Hearing.

Consideration of matters relating to the selection of an airport site for San Francisco. Made a Special Order of Business for 11 a. m.

Investigation of Marina as Possible Airport Site.

Supervisor Kent presented:

Resolution No. ——— (New Series), as follows:

Whereas, it is necessary that San Francisco establish itself officially on the air lanes of the United States for the reason that commercial aviation is taking rapid strides forward; and

Whereas, the United States Government, through the Postoffice Department, is about to let important private contracts for the carrying of the mails by air; and

Whereas, one of these important private contracts is the service between Seattle, Portland, San Francisco, Fresno, Bakersfield and Los Angeles; and

Whereas, it will be necessary for us to be ready to receive this service; and

Whereas, the Marina District in the City and County of San Francisco is an ideal piece of land available for an airport landing; therefore, be it

Resolved, That the Board of Supervisors deos hereby pledge itself to give all possible encouragement to commercial aviation; and be it

Further Resolved, That the Special Committee on Airport be authorized to sit in with the Park Commission with a view to making a thorough study of the development of the Marina District for a landing field and to report back to the Committee of the Whole the necessary recommendations on the subject for definite action.

Referred to Airport Committee.

Supervisor Badaracco asked for the City Attorney's opinion on Assembly Bill 1376.

Action Deferred.

Whereupon, the airport hearing was *continued until January* 3, 1927, *at* 11 *a. m.*

Boxing in the Auditorium.

The following matter was taken up:

Resolution No. —— (New Series), as follows:

Granting the Association Athletic Club permission to conduct a boxing exhibition under the laws of the State of California in the Civic Auditorium on Wednesday evening, March 20, 1927, upon the payment of the fee required for the use of the building for such purpose.

Supervisor Havenner stated, in connection with the foregoing, that it was the intention to make a revision of the rates whereby a larger rental would accrue to the Auditorium if boxing were permitted therein. Further, that it was proposed to limit the number of contests to three or four high-class events each year and to provide for rotation of permits to different clubs.

Supervisor Hayden moved that the privilege of the floor be granted to Mrs. D. E. F. Easton, representing women's clubs.

Chair ruled motion out of order at this time.

Supervisor Hayden appealed from the decision of the chair.

Whereupon, Supervisor Shannon put the question, "Shall the ruling of the chair be the decision of the Board?" and the chair was *overruled* by the following vote:

Report of Finance Committee on Salary Increases.

The following was presented and *laid over one week*:

San Francisco,
December 20, 1926.

Honorable Board of Supervisors,
City and County of San Francisco.

Gentlemen:

In the last municipal campaign the people of San Francisco, by overwhelming vote, declared for strict economy in the conduct of the business of this City and County. In compiling the budget for the present fiscal year your Finance Committee complied with that mandate for economy, and submitted an estimate of expenditures totaling $33,284,382, which represented a reduction of $1,776,127 from the nominal budget total of the previous fiscal year. As a matter of fact the previous year's budget had been erroneously compiled, with the result that a deficit of $1,400,000 occurred, so that the actual reduction in authorized expenditures for the present year amounts to $3,176,127.

This year's budget was unanimously adopted by the Board of Supervisors and signed by the Mayor, without the change of a single item in the report of the Finance Com-

mittee. A tax rate 47 cents less than that of the previous year was adopted, and 72,000 taxpayers of this City and County are now enjoying an average reduction of 12 per cent in their tax bills for the current year.

When the budget was compiled your Finance Committee took the position that the people's mandate for economy was intended to apply not only to elected officials, but to all employees of the City and County as well, and not a single salary raise or reduction was included in the budget. Half of the fiscal year has now elapsed and a survey of the City and County finances shows that a moderate surplus will accumulate in the treasury by the end of the year. Your Finance Committee has therefore taken under consideration various requests for salary increases for City and County employees who now receive small incomes, and for certain others who have not enjoyed a raise for a number of years. After a careful investigation of these requests your Finance Committee, on November 29 last, recommended small increases of salary for about 640 employees, which will aggregate an expenditure of about $70,000 in next year's budget, representing approximately one cent in the tax rate.

Certain members of your Honorable Board have seen fit to recommend additional increases for about 187 employees, 102 of whom were included in the recommendations already submitted by the Finance Committee. These additional increases would amount to $37,104, and would entail a further advance of ½ cent in the tax rate.

During the past three weeks your Finance Committee has been approached personally, and by petition, by no less than one thousand city employees, all asking for salary increases. If these requests were allowed they would necessitate an increase of approximately a quarter of a million dollars in the next budget. Your Finance Committee recognizes the fact that all employees would like to have a salary raise, but it is obviously impossible to increase the entire City and County payroll, and your committee has endeavored to confine its recommendations chiefly to those employees who are now receiving what may be characterized as a minimum wage. The first year of the new economy regime is only half over and your Finance Committee believes that a faithful adherence to its obligation to the people's demand for economy will not justify any further increases at this time.

In the face of these facts as herein stated the Finance Committee recommends that all requests for raises of salaries made on November 29, 1926, be disapproved and that the Civil Service Commission be requested to report as soon as possible their recommendations on the standardization of positions as provided for by the Charter.

Respectfully submitted,
FINANCE COMMITTEE.
JAS. B. McSHEEHY,
Chairman.
F. R. HAVENNER.
MILO F. KENT.

Bridge Motion.

Supervisor Havenner moved that the City Attorney be requested to outline to the Board in detail procedure for forming a bridge district under the State laws providing for the formation of highway and bridge districts, also that he be requested to report in detail procedure necessary to negotiate with Alameda County for the construction of a bridge by the two counties.

So ordered.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Street Lights.

Supervisor Stanton presented:

Resolution No. 26614 (New Series), as follows:

Resolved, That the Pacific Gas and Electric Company be and it is hereby authorized and requested to remove and install the following street lights:

Install 400 *M. R.*

Adopted by the following vote:

Ayes — Supervisors Badaracco, Bath, Byington, Colman, Deasy, Gallagher, Harrelson, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—18.

Fire Prevention Bureau to Investigate Cause of Fire at Players' Theater.

Supervisor Havenner presented:

Resolution No. —— (New Series), as follows:

Resolved, That the Fire Prevention Bureau he requested to investigate the cause of the fire which destroyed the Players' Theater on Bush street, and to report whether the same was caused by non-compliance with proper building regulations; also to report the existence of other hazards which should be subject to further regulations by this Board.

Referred to Building Committee.

Public Utilities Committee to Make Study of Municipally-owned Public Utilities.

Supervisor Marks presented:

Resolution No. —— (New Series), as follows:

Whereas, the ultimate acquisition of all public utilities by the municipality is a part fo the organic law of the City and County of San Francisco; and

Whereas, the people have repeatedly expressed themselves in favor of such acquisition and operation, as a result of which many utilities are gradually becoming municipalized; and

Whereas, municipal ownership and operation of public utilities will entail large capital expenditures and will involve problems of administration calling for expert business and financial ability in public officials selected to direct and manage such enterprises; therefore, be it

Resolved, That the Public Utilities Committee of the Board of Supervisors be and it is hereby authorized and requested to make special study of a method of administration of municipally-owned public utilities by a commission or commissions, with special attention to such plan of management in other cities, and at its earliest opportunity report its recommendations to the Board.

December 20, 1926—Referred to Public Utilities Committee.

Passed for Printing.

Demolition of Wrecked Oil Tanker.

Supervisor McSheehy presented:

Resolution No. ——— (New Series), as follows:

Whereas, the wreck of the oil tanker Lyman J. Stewart, which stands as an eyesore at the entrance to Golden Gate harbor, has remained on the rocks in view of sightseers for several years, and the owners thereof have made no effort to remove it; and

Whereas, the wreck is no longer a curiosity, but a monument that provokes comment adverse to our harbor and the entrance thereof and would not be tolerated in any other port in the United States, as it makes a very poor impression to all entering and creates a doubt as to the safety of our great harbor;

Resolved, That the Whitelaw Company, owners of the hulk of the Lyman J. Stewart, be requested to immediately remove the wreck by demolition or otherwise.

Referred to Finance Committee.

Auditorium Committee to Confer With Trustees of War Memorial as to Capacity of New Opera House.

Supervisor Shannon presented:

Resolution No. —— (New Series), as follows:

Whereas, information has come to this Board that the trustees of the War Memorial Building to be constructed in the Civic Center and used as an opera house, contemplate a seating capacity of 4500; and

Whereas, it has been found in European cities and New York that auditoriums of large size have poor acoustics; therefore, be it

Resolved, That the Auditorium Committee be instructed to confer with the trustees of the War Memorial for the purpose of discussing the size of the auditorium that is to be used for opera to the end that an auditorium with the best possible acoustic qualities may be constructed for San Francisco.

Over one week.

Passed for Printing.

The following resolution was *passed for printing*:

Automobile Parking Station Permit.

On motion of Supervisor Deasy:

Resolution No. —— (New Series), as follows:

Resolved, That E. W. Knepper be and is hereby granted permission, revocable at will of the Board of Supervisors, to operate and maintain an automobile parking station on the north side of Eddy street, 212 feet west of Taylor street, with entrance on Ellis street 137 feet 6 inches west of Taylor street.

The rights granted under this resolution shall be exercised within six months, otherwise said permit shall become null and void.

Finance and Health Committee to Revise Garbage Ordinance.

Supervisor McSheehy presented:

Resolution No. —— (New Series), as follows:

Whereas, the Scavengers Protective Union is now and has been for a period of seven years operating the incinerator at Eighth street and

De Haro street for the City and County of San Francisco at a cost of $400,000; and

Whereas, the Scavengers Protective Union does not now pay and never has paid any rental or taxes to the City and County for the use of said incinerator; and

Whereas, it has been shown in affidavits presented to this Board of Supervisors and in sworn testimony submitted in consideration of these affidavits that the Scavengers Protective Union realizes a profit of approximately $60,000 per year in the operation of the City's incinerator: therefore, be it

Resolved, That the Finance and Health Committee of this Board revise the presented antiquated garbage ordinance and reduce the present rates for garbage collection approximately 25 per cent, in order that the profits that have been and are being made by the Scavengers Protective Union in the operation of the City's incinerator be reflected in a reduction of garbage collection rates; and be it

Further Resolved, That the Finance and Health Committee include in the revised ordinance a schedule of rates for collection of all waste matter now regarded as "extras" by the garbage collectors.

Referred to Finance and Health Committee.

ADJOURNMENT.

There being no further business the Board at 7:15 p. m. adjourned.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, DECEMBER 27, 1926, 10 A. M.

In Board of Supervisors, San Francisco, Monday, December 27, 1926, 10 a. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Badaracco, Byington, Deasy, Gallagher, Harrelson, Havenner, Kent, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—15.

Absent — Supervisors Bath, Colman, Hayden—3.

Quorum present.

His Honor Mayor Rolph presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of October 25, 1926, was considered read and approved.

ROLL CALL FOR PETITIONS FROM MEMBERS.

New Playground Commissioner.

Mayor Rolph announced that "Senator Phelan has accepted the position on the Playground Commissioned of San Francisco, and he is one of the outstanding men in San Francisco, California and in the nation."

He said he had seen Father Crowley on Sunday, and that while he was not very well, he was very happy, indeed, that Senator Phelan is going on the Board and thinks that the City is to be congratulated in getting such a man on the Playground Commission as Senator Phelan.

Inaugural Ceremonies.

The members of the Board accepted the invitation to be present at the inauguration of the new Governor at Sacramento on Tuesday, January 4, 1927.

Supervisor Badaracco stated that he and the other members of the Legislative Committee would be present at the opening of the Legislature, which convenes on Monday, January 3, 1927.

Supervisors' Convention.

On motion of Supervisor Shannon, the chairman of the Finance Committee was empowered to appoint a committee of five to attend the State Convention of County Supervisors, to be held in Sacramento next month.

Boxing Hearing.

On motion of Supervisor Havenner, the question of boxing in the Auditorium was set as a Special Order for 2:30 p. m., Monday, January, 3, 1927.

San Francisco Wins Prize at Admission Day Celebration at Sacramento.

At the Admission Day celebration in Sacramento on September 9th last, San Francisco had a float in the parade and won a prize of $100 for the best float. The check was presented by his Honor the Mayor and *referred to the Finance Committee.*

Moving Picture Board Meeting.

Mayor Rolph announced that the Imperial Film Company is taking pictures throughout California to be largely used for advertising purposes for California, and wanted to take a picture of the Board of Supervisors in action.

At 11 o'clock the picture was taken, Mayor Rolph first, as the presiding officer, and most of the rest of the picture of Supervisor McSheehy addressing the members of the Board.

BRIDGE HEARING, 11 A. M.

Supervisor Shannon asked for the City Attorney's opinion as to bridge districts, which was sent for, read by Supervisor Shannon, filed with the Board for record and *referred to the Special Bridge Committee.*

Whereupon, on motion of Supervisor Shannon, hearing was continued until 3:30 p. m. and made a Special Order for that time.

Police Corporals List.

His Honor the Mayor read a communication, sent by him to the Police Commission on December 18,

recommending appointment of eligible corporals in Police Department.

Supervisor Gallagher, seconded by Supervisor Schmidt, moved that the City Attorney be sent for in order that the Board might have the benefit of his opinion as to the expiration of the corporals' list and that the hearing be continued until 2:30 this afternoon.

So ordered.

Report of Committee on Public Buildings and Lands on Termination of Lease at 333 Kearny Street.

The following was presented by Supervisor Powers, read and copies *ordered sent to members*:

San Francisco, Dec. 27, 1926.

To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

Your majority committee on Public Buildings and Lands, to which was referred the resolution terminating the lease by the City of premises known as 333 Kearny street, now occupied by the District Attorney, Public Defender, the Adult Probation Officer and the Grand Jury, on the 1st day of May, 1927, and directing the said herein named officials be reinstated in the Hall of Justice, would respectfully report:

That careful consideration has been given to the subject matter expressed in the resolution, taking into consideration that the alterations heretofore ordered and now under progress in the Hall of Justice will be completed within a period of about 90 days, and will, in the opinion of your majority committee, more adequately accomodate the hereinbefore referred to officials of the City and County.

Your majority committee has realized the inconvenience to the public by reason of the removal of the said officials from the Hall of Justice, with the thought of remedying such conditions at the earliest opportunity.

Your majority committee feels that it is a necessity by reason of the duties of the District Attorney, the Public Defender and the Adult Probation Officer that such offices should be in the Hall of Justice, contiguous to the court located therein. With this aim in view, your majority committee would respectfully report in favor of the passing of the resolution canceling the present lease of the premises, No. 333 Kearny street, to take effect the 1st day of May, 1927, and of directing the removal of the hereinbefore mentioned offices and respective officials to the Hall of Justice, and to occupy the certain rooms hereinafter to be designated and assigned to them by the Public Buildings and Lands Committee of your Board.

Very respectfully,

CHAS. J. POWERS,
LEWIS F. BYINGTON.

UNFINISHED BUSINESS.

Action Deferred.

The following bill, heretofore passed for printing and laid over from last meeting, was taken up and again *laid over one week*:

Amending Zoning Ordinance, Chestnut and Steiner Streets.

Bill No. ——, Ordinance No. —— (New Series), as follows:

Amending Ordinance No. 5464 (New Series), entitled "Regulating and establishing the location of trades, industries, and the location of buildings for specific uses and establishing the boundaries for said purposes, and providing penalties for the violation of its provisions."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 5464 (New Series), the title of which is above recited, is hereby amended as follows:

That Section 2 of the Use of Property Zone Map, constituting a part of said ordinance, be changed by placing the southwest corner of Chestnut and Steiner streets, for a distance of 206 feet 3 inches on Chestnut street and 137 feet 6 inches on Steiner street, in the Commercial District instead of in the Second Residential District.

PRESENTATION OF BILLS AND ACCOUNTS.

Your Finance Committee, having examined miscellaneous demands not required by law to be passed to print, and amounting to $34,811.69, recommends same be allowed and ordered paid.

HEARING OF APPEAL—2 P. M.

Douglass Street.

Appeal of property owners from the assessment issued for the improvement of Douglass street from the southerly line of Twenty-fifth street to the southerly line of Twenty-sixth street, including the easterly and westerly intersections of Clipper street with Douglass street, and the crossing of Twenty-sixth street and Douglass street; and the improvement of Twenty-sixth street between Diamond and Douglass streets, by grading to official line and grade; by the construction of concrete curbs; by the construction of artificial stone sidewalks of the full official width on the angular corners thereof; by the construction of the necessary catch-basins with accompanying 10-inch ironstone pipe culverts; by the construction of 8-inch and 15-inch ironstone pipe sewers with accompanying Y branches on the 15-inch sewer, and the necessary manholes as may be required; by the construction of a concrete pavement on Douglass street from the southerly line of Twenty-fifth street to a line at right angles with the easterly line of Douglass street at its intersection with the northerly line of Clipper street; by the construction of a concrete pavement on Twenty-sixth street from the westerly line of Diamond street to a line parallel with and 280 feet westerly therefrom, and by the construction of an asphaltic concrete pavement on the remainder of the roadways thereof.

Appropriation for Police Corporals.

A communication from the Police Commission was read, which called attention to the fact that there were 28 patrolmen who are eligible to appointment as corporals, and if not appointed on or before December 26th, their names would be dropped from the list and they would have to take a new examination, thus competing with younger men, who, though not so experienced in active workings of the Police Department, were more recently out of school.

Some of these men have been in the Department for ten years, some as long as twenty-five years.

The Commission asked that 28 patrolmen be appointed to take the place of the 28 who would be elevated to the rank of corporal.

In order to give the 28 new corporals the increased pay to which their office would entitle them and to pay for the 28 additional patrolmen, it would require an appropriation of $36,120.

The Finance Committee, on December 23d, reported to the Commission that it would recommend to the Board the appropriation of the sum of $2,520, the amount of money required to give the increased pay to the new corporals, if they should be appointed, for the balance of the present fiscal year.

The Committee stated it could not see its way clear to recommend sufficient money to pay for 28 additional patrolmen and suggested that

the appointment of corporals be made and that they still do whatever patrol duty may be required of them, but that they receive corporal's pay; and further, that in all probability extra patrolmen would be provided for in the next budget.

Mayor Rolph called attention to the fact that we now have one corporal to two and one-half patrolmen and that the City needs more patrolmen.

Opinion of City Attorney, Corporals List.

The following was read by the Clerk:

December 27, 1926.

To the Honorable Board of Supervisors and to the Honorable Civil Service Commission, City Hall, San Francisco, Cal.

Gentlemen:

In response to the request of the Board of Supervisors as to whether or not the Civil Service Commission has the right on Monday, December 27, to make a certification of corporals from an eligible list which was adopted on the 26th of December, 1923, subject to the following provision: "The list secured as a result of this examination shall expire at the close of three years from the date of the adoption of the list, and the names thereon shall then be automatically removed therefrom."

Your attention is directed to Section 11 of the Civil Code, reading as follows:

"Whenever any act of a secular nature, other than a work of necessity or mercy, is appointed by law or contract to be performed upon a particular day, which day falls upon a holiday, it may be performed upon the next business day with the same effect as if it had been performed upon the day appointed."

The matter of the certification of corporals is an act of a secular nature, and is neither a work of necessity or mercy. The Civil Service Commission might have made certification on December 26th, but that day falling upon Sunday, under a reasonable construction of the code section your Commission has all of the 27th on which to make certification.

In the case of *Rollins* v. *Woodman*, 117 Cal. 518, the court held that the certificate issued by the Tax Collector to the purchaser at a tax sale is required to specify the time when the purchaser will be entitled to a deed. This time, as the law stood in 1884, was upon the expiration of twelve months from the date of the sale if no redemption was made meanwhile. The deed in question recited that the date specified in the certificate was April 5, 1885, which was on a Sunday, and it is argued that this was a fatal defect, because it is said the issuance of a deed could not be compelled on that date. The court held that the date specified for the deed being a legal holiday, that the redemptioner had all of the following day in which to redeem his property.

In other words, in the matter of limitations the courts have always placed a construction upon the statute that will best protect the rights of those to benefit by it.

In view of the foregoing you are advised that the Civil Service Commission has the right to make certification from the eligible list mentioned at any time prior to 12 o'clock midnight on December 27, 1926.

Sincerely yours,

JNO. J. O'TOOLE,
City Attorney.

Passed for Printing.

Whereupon, the following resolution was *passed for printing*:

Resolution No. —— (New Series), as follows:

Resolved, That the sum of $2,520 be and the same is hereby set aside and appropriated out of General Fund, 1926-1927, to the credit of Police Department, Personal Services, Appropriation 42-A, to provide the increased wage for twenty-eight corporals of police advanced from the position of police patrolmen, being for the balance of the fiscal year beginning January 1, 1927.

Report on Salary Increases.

The following was read by the Clerk:

San Francisco, Dec. 20, 1926.

Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

In the last municipal campaign the people of San Francisco, by overwhelming vote, declared for strict economy in the conduct of the business of this City and County. In compiling the budget for the present fiscal year your Finance Committee complied with that mandate for economy and submitted an estimate of expenditures totaling $33,284,382, which represented a reduction of $1,776,127 from the nominal budget total of the previous fiscal year. As a matter of fact, the previous year's budget had been erroneously compiled, with the result that a deficit of $1,400,000 occurred, so that the actual reduction in authorized ex-

penditures for the present year amounts to $3,176,127.

This year's budget was unanimously adopted by the Board of Supervisors and signed by the Mayor without the change of a single item in the report of the Finance Committee. A tax rate 47 cents less than that of the previous year was adopted, and 72,000 taxpayers of this City and County are now enjoying an average reduction of 12 per cent in their tax bills for the current year.

When the budget was compiled, your Finance Committee took the position that the people's mandate for economy was intended to apply not only to elected officials, but to all employees of the City and County as well, and not a single salary raise or reduction was included in the budget. Half of the fiscal year has now elapsed and a survey of the City and County finances shows that a moderate surplus will accumulate in the treasury by the end of the year. Your Finance Committee has, therefore, taken under consideration various requests for salary increases for City and County employees who now receive small incomes, and for certain others who have not enjoyed a raise for a number of years. After a careful investigation of these requests your Finance Committee, on November 29 last, recommended small increases of salary for about 640 employees, which will aggregate an expenditure of about $70,000 in next year's budget, representing approximately one cent in the tax rate.

Certain members of your Honorable Board have seen fit to recommend additional increases for about 187 employees, 102 of whom were included in the recommendations already submitted by the Finance Committee. These additional increases would amount to $37,104, and would entail a further advance of one-half cent in the tax rate.

During the past three weeks your Finance Committee has been approached, personally and by petition, by no less than one thousand city employees, all asking for salary increases. If these requests were allowed they would necessitate an increase of approximately a quarter of a million dollars in the next budget. Your Finance Committee recognizes the fact that all employees would like to have a salary raise, but it is obviously impossible to increase the entire City and County payroll, and your Committee has endeavored to confine its recommendations chiefly to those employes who are now receiving what may be characterized as a minimum wage. The first year of the new economy regime is only half over, and your Finance Committee believes that a faithful adherence to its obligation to the people's demand for economy will not justify any further increases at this time.

In the face of these facts as herein stated the Finance Committee recommends that all requests for raises of salaries made on November 29, 1926, be disapproved, and that the Civil Service Commission be requested to report as soon as possible their recommendations on the standardization of positions as provided for by the Charter.

Respectfully submitted,

JAS. B. McSHEEHY,
F. R. HAVENNER,
MILO F. KENT,
Finance Committee.

BRIDGE MATTERS—2 P. M.

Request That Time Be Set for Rebuttal.

The following was presented and read by the Clerk:

Law Offices of Rothchild & Golden,
Mills Building, San Francisco.
December 27, 1926.

To the Honorable the Mayor and Board of Supervisors of the City and County of San Francisco, City Hall, San Francisco, Cal.

Gentlemen:

The New York and San Francisco Development Company, a California corporation, which has heretofore filed with you its application for a permit and franchise to construct a bridge crossing the Bay of San Francisco, hereby respectfully request you to fix Monday, the 31st day of January, 1927, at some hour of said day agreeable to yourselves, as the time for the presentation of its rebuttal. We request you to please advise us of the fixing of the time for said purpose, inasmuch as experts from the East expect to come to California for the purpose of making this presentation on behalf of this company before this Honorable Board.

Soliciting your early attention to this request, inasmuch as we desire to make the necessary arrangements, we are

Faithfully yours,
NEW YORK AND SAN FRANCISCO DEVELOPMENT CO.,

President.

Referred to Special Bridge Committee.

Opinion of City Attorney, Power of Board As to Bridge Sites Not Included in Pending Applications.

Supervisor Shannon presented:

December 27, 1926.

Honorable Warren Shannon, Board of Supervisors, City Hall, San Francisco, Cal.

Dear Sir:

You have made a verbal request of me that you be advised as to what power the Board of Supervisors would have in the matter of the various applications which are now pending before them for authority to construct toll bridges over the San Francisco Bay to the Alameda shore to give consideration to a site which is not included in any of the pending applications, and if this particular site which is not included in any of the pending applications met with the approval of the Board could the other applications be held in abeyance to await the approval of the new site by the War Department?

You are advised that the Board of Supervisors has the power to determine the precise point where a bridge is to be located. That authority is found in Section 4 of the Act of the State Legislature of 1881, providing for the construction of bridges across navigable streams, etc., the section reading as follows:

"Whenever the supervisors of any county or counties desire to erect a bridge on a public highway, or to grant the privilege so to do to any individual or corporation, across a navigable stream, under the provisions of this act, said board or boards shall notify the State Engineer of such purpose, and of the *precise point* where such bridge is proposed to be located."

As I have already advised you in a previous opinion, dated December 15, 1926, the Board of Supervisors have the power to construct a bridge themselves, but if they desire to grant the privilege to any individual or corporation, the provisions of the Political Code, Sections 2843 to 2811, inclusive, apply, and therefore, before the bridge could be constructed from any point selected by the Board, an application would have to be made by some individual or corporation for permission to construct the bridge from that point, provided, of course, that the City did not wish to undertake the construction itself, as provided in the Act of 1881.

There can be no objection to your considering a new application for a bridge from any particular point which might be deemed most satisfactory to the Board of Supervisors. This new application might be filed by one who has not already made application to the Board of Supervisors, or those who have already made applications from other points could make applications for permission to construct the bridge at the place deemed most advisable by the Board, and the Board could consider many applications from any particular point, selecting the one which it deemed best suited to the needs of the City. This authority is found in Section 2873 of the Political Code, which reads as follows:

"The Board of Supervisors may, at the time of granting authority to construct a toll bridge, by order, require the bridge to be constructed within a certain time, to be of a certain width, character or description, and to be constructed of certain materials, which order must be complied with by the owner or corporation constructing the same before license to take tolls is issued."

I am of the opinion that the authority granted to the Board by the above section is sufficiently broad to permit the Board to select the plan that it may deem best suited for the needs of the City. I will state, however, that any application to construct a bridge from a new site, whether it is made by one not already before the Board, or made by those whose applications are pending, will have to be treated in all respects as a new application, and new publications will have to be made on each application, and a new hearing had thereon. As to the pending applications, the Board has the authority to adjourn the hearing on these applications from time to time until the hearing on the new site could be had.

If it is the intention of the Board to grant more than one application it might grant a franchise from the new site selected and adjourn the hearing on the other applications until the War Department had passed on the selected site, and then act upon the others. I have made no computation as to what delay the action indicated above would have upon the existing franchises, as that is a matter entirely within the discretion of your Board, my only suggestion being that the utmost care be exercised in properly adjourning the hearing of all applications.

Sincerely yours,

JNO. J. O'TOOLE,
City Attorney.

Opinion of City Attorney, Procedure Necessary to Create Bridge and Highway District.

The following was presented and read by the Clerk:

December 27, 1926.

Honorable Franck R. Havenner, Board of Supervisors, City Hall, City.

Dear Sir:

In response to your verbal request that you be advised as to the procedure necessary to create a bridge and highway district under the Act of May 25, 1923. I will state that this act provides that a bridge and highway district may be organized, to consist of one or more counties or parts of a county or county or counties, including a city and county, provided that each of said counties shall be contiguous to another county within the district. The procedure to originate by the Board of Supervisors of the several counties adopting an ordinance to the effect that the county or part of the county intends to unite under such other counties as may adopt a like ordinance to form such district.

In such ordinance it shall be directed that a petition be circulated therefor and the Board shall, by resolution, name and appoint persons to circulate and secure signatures for the same.

The petitions must be directed to the Secretary of State and signed by at least 10 per cent of the number of the qualified electors in each county in which petitions are presented, the number of electors to be determined by the last vote for the Governor of the State. The petition must set forth the extent of the district, describing it generally, and must have attached a copy of the ordinance. The ordinance may be enacted by the Board of Supervisors at any time after application shall be made to them for such purpose, but in case the Board shall neglect to act upon the application for a period of sixty days the ordinance may be submitted directly to the people within the county under the provisions of the initiative, but in case said ordinance shall be passed by the Board of Supervisors it shall be subject to the referendum provisions generally applicable to ordinances.

The law then provides for the examination by the County Clerk or Registrar of Voters of the signatures to the various petitions and for his forwarding the same to the Secretary of State. The law then provides for the publication of the petitions by the County Clerk and of the hearing of protests as to the inclusion or exclusion of any property from the district, and for reviews by the Supreme Court of the decision of the Superior Court on questions of law or jurisdiction only.

After all the protests have been disposed of and the result of the judgments of the different courts certified to the Secretary of State, the Secretary of State issues a certificate of incorporation declaring the district with the boundaries finally established to be a duly incorporated bridge and highway district. Thereafter the Secretary of State notifies the boards of supervisors in the respective counties in the district of the formation of such district, and within thirty days thereafter each of the boards of supervisors shall appoint persons to act as a board of directors of the district, the appointment being made as follows:

For counties with the population less than 40,000, one director; over 40,000 and not more than 100,000, two directors; over 100,000 and less than 500,000, three directors, and for counties having a population of 500,000 and over, five directors.

The act further provides for the term of office of these directors and for their compensation, which is fixed at $20 for each meeting of the directors.

The Board generally has power to obtain all necessary officers and employees and fix their compensation, to borrow money, to make contracts, institute condemnation proceedings, and to cause taxes to be levied for the purpose of paying running expenses, organization expenses and investigation expenses of the district before the issuance of bonds, and after the issuance of bonds to levy taxes to pay the same.

No bonds can be issued without a two-thirds vote of those within the district voting in favor of the issuance of the bonds.

The directors also have the right to fix tolls and to generally manage the affairs of the district in so far as they pertain to the construction or maintenance of bridges and highways.

This is merely a general synopsis of the act, and I may state that at the present time the regularities of certain provisions are pending before the Supreme Court and an action involving some of the northern counties coming into the Golden Gate.

Yours very truly,

JNO. J. O'TOOLE,
City Attorney.

Civic League of Improvement Clubs and Associations, Relative to Bridge Across the Bay.

The following was presented and read by the Clerk:

San Francisco, Dec. 24, 1926.

Board of Supervisors, City Hall, Civic Center, San Francisco.

Gentlemen:

The Civic League of Improvement Clubs and Associations respectfully submits to your Honorable Board its views relative to a bridge across the bay.

The Civic League has for years agitated the construction of bridges, and when, five years ago, the automobile interests of San Francisco, in an advertising campaign, endeavored to bring to the attention of the community the urgent necessity of breaking the "Chinese Wall" around the city, the Civic League felt that then the time had not yet arrived for legislation, but that the engineering and financial interests of the country must first be aroused to interest themselves in such enterprises, the City commanding no means for decades to come to undertake the financing of such huge projects.

At that time the Civic League felt, however, that the time had arrived to take steps for bridging the lower bay, and the construction of a bridge at Dumbarton Point was born in our councils and promoted, and today the community is gratified to see this undertaking completed and ready for opening to public traffic within a few weeks.

The Civic League today feels that the necessary evolution towards the construction of a bridge across the bay has reached a point where legislation based upon the existing statutes should be immediately enacted without any further delay and without wasting energy upon theories of municipal construction and operation, which cannot materialize into any practical consummation.

The bridge agitation of the last five years has caused the greatest engineers of the country to make thorough studies of the problem from all its viewpoints, particularly location, and it is beyond the question of a doubt that these engineers have considered every possible project that could practically be undertaken and prove financially a success to the capital involved, ranging from seventy-five to one hundred million dollars, which success, after all, can be the only motive for the investment.

There is no reason to believe that any other influences in favor of certain sites could have been a factor in the project, and your Honorable Board has before it all these projects which could possibly be conceived as sound and sane enterprises.

We believe, therefore, that the Board of Supervisors should confine itself to the consideration of these various projects in reaching a decision as to which one of the proposed bridges would be the most desirable for the public interests.

We believe that in the determination as to the choice of bridge, your Honorable Board should be guided by the legally constituted technical departments of the City government, and we are heartily in favor of the proposition advanced by some members of your Honorable Board to appropriate fifty thousand dollars for the employment of two competent, nationally known bridge engineers, not connected with any of the projects, before you to assist the City Engineer in bringing in a recommendation to your Honorable Board as to which project would serve the City best, with the stipulation, however, that the employment of such consulting engineers by the engineering department of the City shall be subject to the approval of the Board of Supervisors, so as to place the final responsibility in your Board.

The Civic League suggests that all such expense incurred shall be made a part of the cost of the project when finally awarding the franchise, so as to have the City fully reimbursed for any expenditures by the grantees.

The Civic League states with sincere regret that the the present tendency of your Honorable Board to eliminate, on all questions of great importance, the technical departments of the City Government, is impolitic and unworthy of the legislative body of a great city, and that such actions, due to petty causes of a political nature, have a tendency to destroy and make ineffective the unified operation of the City Government.

We are frank to state, without holding any brief for the City Engineer, that Mr. M. M. O'Shaughnessy with whom the Civic League has disagreed on many occasions, is one of the greatest recognized engineers of the present day, whose services to command any city may well be proud of.

The Civic League also desires to call the attention of your Honorable Board to the fact that while, on the face of it, all projects submitted

have the assurance of sound financial backing, that proper steps must be taken before granting a franchise as to complete and sound financing, including an ample margin should such project finally go considerably above the estimated cost.

The Civic League is of the opinion that no bond, no matter of what nature, will give to the City such absolute guarantee, as practical experience has shown that such bonds can never be enforced or realized upon. There are many technical methods which will impel the courts to hold against forfeiture under the laws of the State of California.

Under the State law when a franchise is once granted, the City's hands are tied for a period of seven years, and if the construction of the bridge is dependent upon the sale of stocks and bonds after the franchise is granted, the same dilemma might ensue as in other projects in this State, which have never materialized.

We respectfully suggest, therefore, that when the final reports, findings and conclusions of the City Engineer and the consulting engineers are submitted with their recommendations, that your Honorable Board first pass a resolution of intention to award such bridge franchise, stipulating a certain period of time, either six or twelve months, in which the financing is guaranteed up to one hundred per cent, by nationally known, responsible underwriters, and that the franchise be then only granted after such underwriting is accepted and proven satisfactory to the City.

The Civic League suggests further that your Honorable Board take into consideration the fact that under the statutes and provisions of a franchise, the bridge to be constructed, after a period of years, will ultimately revert to the City and that, therefore, provision be made for one hundred per cent upkeep at all times during private operation, thus protecting the City against deterioration in the last years of operation, when the operating company will naturally be disinclined to spend the necessary money towards a one hundred per cent maintenance; we, therefore, suggest that provision be made in the franchise which will give the City Engineering Department the power to insist upon one hundred per cent maintenance by providing for a sinking fund out of the gross receipts which will assure such one hundred per cent maintenance during the entire life of the franchise.

The Civic League finally suggests that in selecting a bridge, one hundred per cent traffic service be guaranteed, including suburban and transcontinental railway service into a San Francisco terminal, and that, furthermore, no franchise shall be exclusive, prohibiting the City from granting future franchises for the construction of any other bridges, either privately or publicly owned, during the life of this proposed franchise.

Respectfully submitted,
Civic League of Improvement
Clubs and Associations.
W. W. Watson,
President.
Geo. W. Gerhard,
Secretary.

Resolution Disapproving of the Construction of Any Trans-Bay Bridge Interfering With Access of Vessels to All Parts of the Waterfront of the City of Oakland.

Supervisor Gallagher presented:

Introduced by Commissioner Goodrich:

Resolution No. 37962 (New Series), as follows:

Whereas, the City of Oakland has made available by a bond issue a large sum of money for the development of its waterfront, and the city is now engaged in developing this property for port purposes; and

Whereas, the City of Oakland has been advised that any bridge constructed across San Francisco Bay, which will bisect that portion of the city lying along the western waterfront, would interfere with a proper and satisfactory development of Oakland's waterfront; now, therefore, be it

Resolved, That any bridge that it is proposed to erect across San Francisco Bay that would in any manner bisect or interefere with the easy and convenient access by vessels to all parts of the waterfront of the City of Oakland does not have the approval of the City of Oakland.

I certify that the foregoing is a full, true and correct copy of a resolution passed by the City Council of the City of Oakland, California, on November 10, 1926.

Request of Supervisor Roncovieri for City Attorney's Opinion.

San Francisco, Dec. 27, 1926.

Hon. John J. O'Toole, City Attorney, San Francisco, Cal.

My Dear Sir:

At the bridge hearings recently held some of the proponents made statements the legality of which I would respectfully ask you to verify. The statements made are substantially as follows:

1. All bridge corporations asking for a franchise to build a bridge across the bay offer to turn the bridge over to the City and County of San Francisco, in good repair and free of all costs, fifty years after the date of the granting of the franchise. Can this be done legally?

2. The law provides that the City and County of San Francisco may purchase the bridge at any time during the fifty years of the life of the franchise by paying for it a sum to be agreed upon by three experts to be appointed by the bridge corporation; three experts to be appointed by the City and one expert to be appointed by the Superior Court or the Supreme Court. Further, should the corporation refuse to accept the sum fixed by these seven experts, the law provides that the corporation shall thereupon cease to collect tolls. Is it a legal fact that the City and County of San Francisco may take over the bridge at any time by paying for it the amount fixed by the seven experts, and that if the corporation refuses to accept this amount it shall be deprived of the right to collect any further tolls? Is this statement legally correct?

3. The corporation shall pay taxes to the City and County of San Francisco, and not to the State, or to any other City or County. These taxes will probably exceed one million dollars per annum, based on an assessed value of approximately 35 or 40 million dollars. Is this legally correct?

4. The bridge corporation will be allowed to collect tolls sufficient to amortize the cost of the bridge in equal installments running over the fifty-year period, and to pay costs of upkeep and maintenance. In addition the corporation will be permitted to collect tolls up to 8 per cent to pay interest charges to its stockholders and bondholders. If the tolls agreed upon should earn more than 8 per cent, and not exceeding 15 per cent, the corporatin may return the difference between the 8 and 15 per cent as profits. If the tolls should earn a greater amount than 15 per cent, then this excess must be reflected in a reduction of the tolls rates. Is this legally correct?

5. The legal discount is fixed by law, or the Railroad Commission, for financing such a project as the building of a bridge. Is any corporation permitted to charge more than this legal discount for the purpose of financing the project? If this statement is correct, what is the usual discount allowed by law?

An early reply will be appreciated by,

Sincerely yours,

ALFRED RONCOVIERI,
Supervisor.
